A grenade was placed on a wooden box and employed. The grenade ignited and flamed within seconds. The grenade emitted an extremely bright light and ignited the wooden box into flames. Next, a grenade was ignited on the ground behind a sandy berm. This was done to see the amount of light and glowing that could be seen from a distance at approximately 100 meters. The glow and light could be seen above the berm. The glow and light was consistent with witness statements. The berm test grenade was placed on an ammo can to see the effects of a grenade burning directly on metal. The grenade burned a hole directly through the ammo can and melted remnants of the grenade could be seen coming through the bottom of the ammo can. Next, a grenade was placed on the ground and employed to test how one burns by itself. The grenade burned to a puddle of molten metal. Next, a grenade was placed on a sandbag in attempts to see if the grenade would roll off once employed. The grenade immediately rolled from the sandbag, igniting the sandbag,

and burning to a puddle of molten metal. Each grenade burned to a puddle of molten metal and then hardened. No part of the grenade was left. Photographs of Mr. MANSOUR's remains also depicted markings on his leg, which may have been cuts inflicted by a sharp instrument.

About 1948, 18 Jun 08 (b)(6) (b)(7)(C) (b)(3) subsequent to a magistrate's authorization, presented SSG WARNER with a copy of the Search and Seizure Authorization for the search of his person and CHU. The med evac status that day was red, but we went out anyways. I believe the order of march was [redacted] followed by LT Behenna, then SSG Warner, and [redacted] After SPing gate three our convoy took Hershey south to the Hershey/Tampa intersection. We pulled security and I saw one detainee being given to the clc at that intersection. I did not see who dismounted with the detainee to turn him over to the clc. We were stopped at the intersection for approximately 5-10 minutes. After the detainee was released to the clc we continued our mission south on Tampa to Albu Toma. At Albu Toma we conducted SOI on market street for approximately 30 minutes, making our way to [redacted] house. Lt Behenna radioed that he wanted to show SSG Warner the desert route back to the FOB, and that he wanted us to change the order of march, [redacted] We changed the order of march as requested when we got to Tampa, and started headed to the alternate route back to the FOB, [redacted] I do not know the order of which Lt Behenna's and SSG Warner's trucks were in. Once we were on the desert route SSG Warner called up and said that he needed to take [redacted] which is what we say when we need to stop to use the bathroom. Lt Behenna radioed back and told him not yet, so we continued through the desert. A little later, I do not know how long, Lt Behenna called up saying that he wanted to investigate a culvert, so we halted movement and turned off our headlights, as it had become dark be this time [redacted] maybe two minutes, and returned to the truck. I asked him what was up and he said he didn't know. At some point [redacted] radioed asking why we had stopped, and I believe Lt Behenna's [redacted] that they were checking out a culvert. I believe that we were stopped for about 15-20 minutes. Lt Behenna came on the net and said we could RTB, so we continued on the desert route which brought us to Hershey south. Once on Hershey south we headed back to the FOB and entered through gate three.

ORGANIZATION OR ADDRESS: Global Linguistics (D Company, 1-327th Infantry Regiment, FOB Summerall, APO AE 09393)

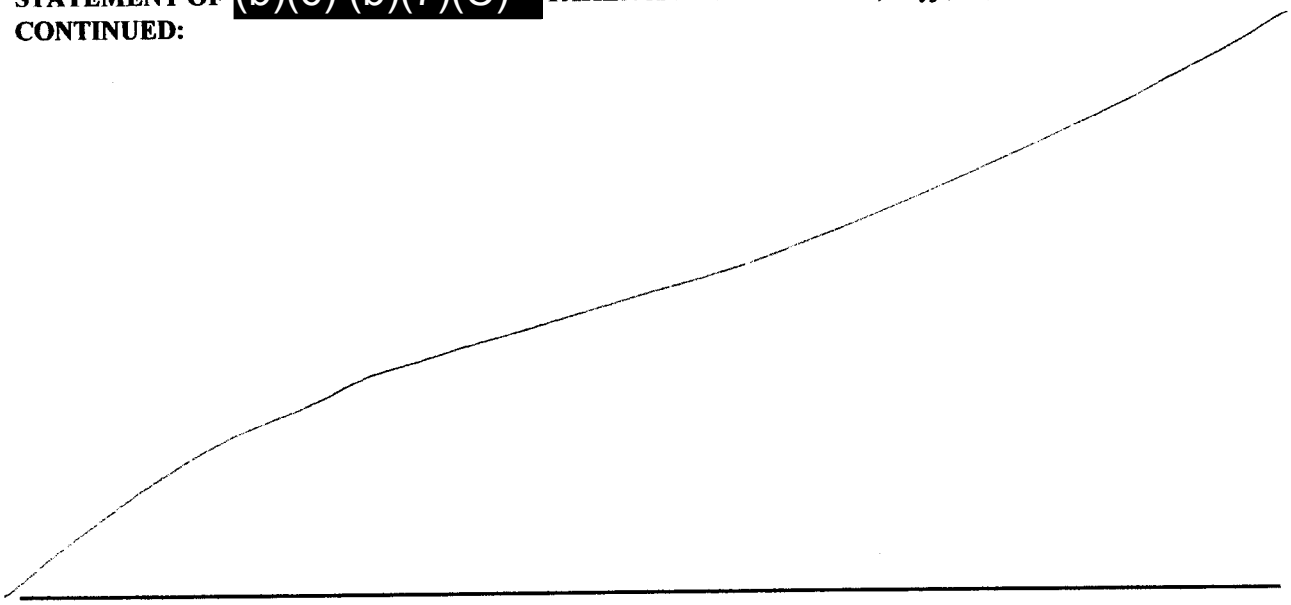

(b)(6) (b)(7)(C) I, (b)(6) (b)(7)(C) want to make the following statement under oath: I provided two statements to Army investigators on 12 and 13 Jun 08. I lied on the 12 Jun 08 statement. I lied because I was afraid of what LT BEHENNA did when he murdered Ali MANSOUR. I am very sorry for lying in the first statement, but on the second statement I told the truth.

Q: (b)(6) (b)(7)(C) (b)(3)
A: (b)(6) (b)(7)(C)
Q: Did you see LT BEHENNA murder Ali MANSOUR?
A: Yes.
Q: When did LT BEHENNA murder Ali MANSOUR?
A: I don't know the exact date but it was after we met at (b)(6) (b)(7)(C) house in Albu Toma village, and it was the same day that we were supposed to take Ali MANSOUR back to his village.
Q: How did LT BEHENNA murder Ali MANSOUR?
A: He shot him in the head while he had Ali MANSOUR sitting on a rock. I don't know how many times he hit Ali MANSOUR, but he shot twice.
Q: What weapon did LT BEHENNA use?
A: He used his pistol. It is a Glock.
Q: How do you know he used a Glock?
A: I have seen his Glock. I also used to carry a Glock when I was IP. LT BEHENNA has two pistols, a Baretta and a Glock. On that day, he had his Glock. I know the Glock and the Beretta uses the same ammunition. We had talked about where he got the Glock. He told me someone gave him the Glock. He did not say who.
Q: Are you 100% sure it was a Glock that LT BEHENNA used, and not a Beretta?
A: Yes.
Q: Describe what LT BEHENNA did before and after he murdered Ali MANSOUR?
A: We were on a mission to take back two detainees to their villages. The convoy dropped off the first detainee in Mazara. Then we went to (b)(6) (b)(7)(C) house. Then we went driving in the convoy again. I thought it was odd that we did not leave Ali MANSOUR with (b)(6) (b)(7)(C) We stopped while driving in the desert. LT BEHENNA (b)(6) (b)(7)(C) and SSG WARNER to go with him and Ali MANSOUR to a location about 50 meters from the convoy. There, LT BEHENNA and SSG WARNER both removed Ali MANSOUR's clothing and LT BEHENNA had Ali MANSOUR sit on a rock. LT BEHENNA asked Ali MANSOUR to tell him who were insurgents working in the area, and that if he didn't talk, then LT BEHENNA would kill him. (b)(6) (b)(7)(C) this when LT BEHENNA shot Ali MANSOUR twice. Ali MANSOUR fell onto the ground and was making a gurgling sound. Then SSG WARNER put a grenade on the left side of Ali MANSOUR's neck. The grenade flashed and had a bright light. The light was so bright, I could not look straight at it. Then LT BEHENNA and SSG WARNER picked up Ali MANSOUR's clothing and we all three went back to the convoy. Nobody talked about that incident. (b)(6) (b)(7)(C)

STATEMENT OF (b)(6) (b)(7)(C) TAKEN AT FOB Summerall, Bayji, IZ, DATED 13-14 Jun 08,
CONTINUED:

(b)(6) (b)(7)(C) Q: Where was SSG WARNER when LT BEHENNA murdered Ali MANSOUR?
A: He was standing about three meters from Ali MANSOUR.
Q: Did LT BEHENNA tell SSG WARNER to use the grenade on Ali MONSOUR?
A: No.
Q: Did SSG WARNER try to stop LT BEHENNA from murdering Ali MONSOUR?
A: No.
Q: Did you know that LT BEHENNA was going to murder Ali MONSOUR?
A: No. I thought he was just going to scare him and then let him go.
Q: Was Ali MANSOUR's hands bound?
A: Not when LT BEHENNA shot him. Before yes, with a zip tie. After both LT BEHENNA and SSG WARNER used knifes to cut his clothing off, LT BEHENNA tried to cut the zip tie off of Ali MANSOUR's hands. But he was trying to cut the zip tie, LT BEHENNA was cutting Ali MANSOUR's wrist, (b)(6) (b)(7)(C) from LT BEHENNA and I cut the zip tie as to not cut Ali MANSOUR's skin in the process.
Q: I have showed you pictures of Ali MANSOUR after he was captured. You identified the clothes he was wearing as the clothes that LT BEHENNA and SSG WARNER cut off. I have also showed you pictures of injuries to Ali MANSOUR. Do you know how he received the injury to his back?
A: Yes. When Ali MANSOUR was captured, weeks before he was murdered, LT BEHENNA hit Ali MANSOUR about 40 times in the back with a Kevlar helmet.
Q: Where did this take place?
A: At Ali MANSOUR's house.
Q: Who else was present when this happened?
A: SSG WARNER was the only other person there, besides LT BEHENNA and myself. I do not know why he was hitting him and I did not try to stop him.
Q: Did SSG WARNER try to stop LT BEHENNA from hitting Ali MANSOUR?
A: No.
Q: What was the weather like the night the LT BEHENNA murdered Ali MANSOUR?
A: It was dusty, you could see about 1 km away.
Q: Could you see the vehicles in the convoy from the location where LT BEHENNA murdered Ali MANSOUR?
A: No. There were some tiny hills and some trees. I could not see the convoy trucks from that location.
Q: How close was LT BEHENNA to Ali MANSOUR when he murdered him?
A: He was about three feet away.
Q: What did LT BEHENNA do with his pistol when he returned to the convoy?
A: He put it back in a holster.
Q: Is there anything you wish to add to this statement at this time?
A: No.//End of Statement//

(b)(6) (b)(7)(C) (b)(3) [redacted] want to make the following statement under oath:

On 16 may 2008 Dco 5th plt. Had an SOI/ detainee drop off mission in Albu Toma and a clc check point near the city of Mesrah. We had a small mission brief and we picked up the detainees from the Detention center on the FOB before we started heading out. We then began movement out of the wire towards the intersection of route Hershey and route Tampa, in front of the city of mesrah. I (b)(6) (b)(7)(C) [redacted] (b)(6) (b)(7)(C) [redacted] while he engages with the locals or any Iraqi personnel. Once we arrived at said location on the intersection (b)(6) (b)(7)(C) [redacted] because the lt. did and I saw other dismounts on the ground behind me so (b)(6) (b)(7)(C) [redacted] until it was time to go. What we were doing was dropping off the detainees we picked up from the detention center. We then mounted up and continued on with our main purpose mission, to talk with key leaders in Albu Toma and further our intelligence on ongoing insurgency activities in our area of operations. I can't remember most of what was going on during these meetings. After they were done I mounted up in my truck and we proceeded to return to base, and after hearing that I started to relax a little more and doze off here and there. We stopped near the intersection of the detainee drop off area near the Hershey side on the way back, so I awoke and dismounted to secure the lt. but he assured me he was alright and went over to one of the other trucks I am guessing to talk to another leader or something. I stood outside for a minute after relieving myself then I mounted back up after I saw (b)(6) (b)(7)(C) (b)(3) [redacted] walk past me. The trucks started moving and then we headed back to the FOB for the end of the mission.

Q. (b)(6) (b)(7)(C) (b)(3) [redacted]

A. [redacted]

Q. Did you author the above statement?

A. Yes.

Q. What is a CLC?

A. They are the Concerned Local Citizens, they wear PT belts around their waists, they are allowed to walk around with AK-47s. They are sort of like Neighborhood watch with weapons.

Q. Do you know how many detainees you were to drop off during your mission on 16 May 08?

A. Two.

Q. Do you know where the detainees were to be dropped off at?

A. No, we are supposed to drop them off with the CLC, they were not our main priority so I don't really know.

Q. Do you know where you dropped the detainees off at?

A. The intersection of Hershey and Tampa, by the city of Mesrah.

Q. How many detainees did you see exit the vehicles at the intersection?

A. I may have seen one, I really do not remember.

Q. Did you keep the same order of march throughout the mission?
A. I am not sure if the same order of march was kept but we [redacted]
Q. After you dropped off the detainee at the intersection, where did your convoy go?
A. In to Albu Toma, where the LT walked around talking to people like he normally does. We went in to some houses looking for someone the LT wanted to talk to, we may have stayed around two hours, but I do not know for sure.
Q. Where did you go after walking around in Albu Toma?

A. We were returning to base (RTB).

Q. Did the LT walk off away from the trucks when you were at this stop?
A. I did not see.
Q. Do you know why you stopped at this location?
A. Usually we stop for a tactical pause everyone gets out to use the bathroom, or someone actually has to go to another truck and speak with someone. When this happens I normally do not pay attention.
Q. Do you know how long you were at this location?
A. I do not know, I fell asleep in the truck as soon as I could, maybe fifteen or twenty minutes.

A. Maybe his 9mm.
Q. Have you ever witnessed 1LT BEHENNA to carry a Glock pistol?
A. No I have not seen him carry one outside the wire. The only time I have seen him with one was when we went to the range.

SWORN STATEMENT

(b)(6) (b)(7)(C)
Taken on 14 Jun 08 at FOB Summerall, Bayji, IZ

I, (b)(6) (b)(7)(C) want to make the following statement under oath: one month before the detention of (b)(6) (b)(7)(C) the victim Ali Mansur Mohamed Hamadi Aljobori by CF., the force (CF.) patrol came with a several military vehicles. I asked one of my friend's "he is a member of Rayash IP. Station in our area", he said that they asked one of my friends at the IP station his name is (b)(6) (b)(7)(C) a member in the (Rayash) IP station. he told me about that, after that nothing happened and no American forces came to (b)(6) (b)(7)(C) house or any of our houses for questioning or anything like that.

(b)(6) (b)(7)(C) was living his normal life, he was an IP at the Rayash IP. Station, he joined the IP after armed terrorist attacked the station listed above, some IP's were killed in that attack, at that time he asked to volunteer and join the IP.

At the date of May-5-2008 around 2:30PM (Monday) around five military Hummers (the big size) vehicles (I'm not sure of there numbers that came to the town). before this, the American vehicles and its individuals were at the (b)(6) (b)(7)(C) house, he was the CLC commander in our village. After leaving his house they headed straight to (b)(6) (b)(7)(C) house (b)(6) (b)(7)(C) and I we live at the same village and our (b)(6) (b)(7)(C) they dismounted from their vehicles and entered the house of (b)(6) (b)(7)(C) they broke the exterior door for the house and sabotaged the content of the house , they collected the clothes and they throw kerosene on it, they mixed up the all the food supply which belongs to (b)(6) (b)(7)(C) rice with sugar with detergents with other stuff together which damaged it all and they were intended to burn the cloths after they put the kerosene on it but they couldn't do it (burn). Later they handcuffed (b)(6) (b)(7)(C) hands with zip tie and they took him to (b)(6) (b)(7)(C) Ali Mansur the victim from the back door of the next house, they knocked at (b)(6) (b)(7)(C) Ali Mansur door, I was looking at them from my house window, (b)(6) (b)(7)(C) Ali Mansur opened the door for them, they entered and searched the house. (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) hands were tied and he was standing outside of (b)(6) (b)(7)(C) Ali Mansur's house, near by him individuals from the American force, they also mixed up the food in the house and destroyed it. I saw that after the American forces left (the forces that entered the house), my brother (b)(6) (b)(7)(C) ld me that he heard the yelling of (b)(6) (b)(7)(C) Ali

Mansur, the American forces took his family out of the house and they started beating him severely, I saw them taking (b)(6) (b)(7)(C) Ali Mansour from his house handcuffed with his underwear a white shorts and T shirt. After that they released (b)(6) (b)(7)(C) nd they detained (b)(6) (b)(7)(C) Ali Mansur, later after his detention the American forces went back to one of the houses in our village, Ali was with them, they went to the house of (b)(6) (b)(7)(C) they went inside the house and drank Tea. According to what I heard later, they headed to an area with rough terrain (hills area), there are some houses in this area, it's located at the border of the village form the east side. We got informed from some of the people who lives there that they heard sounds of firing bullets it was shot by American forces that detained (b)(6) (b)(7)(C) Ali Mansur, they saw the vehicles and they heard the yelling of (b)(6) (b)(7)(C) r Ali Mansur (the victim). The time was after sunset, and after the force shot rounds toward (b)(6) (b)(7)(C) to scare him later the force headed towards Sinia directorate where the American base is located.

We asked one of the officials which we have a friendship relation with; his name is (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) and a person calle (b)(6) (b)(7)(C) at (b)(6) (b)(7)(C) they told us that he was transferred the third day of his detention to Tikrit, the American base there and he stayed there for eight days in Tikrit we asked every person who gets released about the fate of (b)(6) (b)(7)(C) one of the detainees who got released was with him and he was released on Wednesday may-14-2008 from Tikrit and sent back by CF to Sumrell in Sinia, again. we asked (b)(6) (b)(7)(C) to know the fate o (b)(6) (b)(7)(C) when he was detained and he told us that he was released on Friday May-16-2008. He was released by CF and according to the information that we received, he was taken by American military vehicles. Same force that detained him, the force went to the house of (b)(6) (b)(7)(C) in our village and I don't know if (b)(6) (b)(7)(C) Ali Mansur was with them. They arrived that day around; I realized that I don't know the exact time but I know it was around Noon. then they left the house of (b)(6) (b)(7)(C) after staying there for almost couple of hours, later they moved to unknown location. after asking the close houses and CLC members they told us that the same forces moved (they are the same forces that detained Ali Mansur) towards the railroad the place where (b)(6) (b)(7)(C) was killed that day. the site was close to the IA checkpoint located at the bridge connecting city of Biji and Sinia directorate form the south.

The time was after the sunset Friday, the witnesses told us (I can't recall there names) that they heard sound of fire (couple of rounds) the sound was low, it seems that it came from a pistol not a rifle and they told me that they saw a bright fire flame at the crime site, the American vehicles was parking there at the night of the murder site (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) Ali. We got notified by the IA checkpoint that the force left the crime scene heading towards Sinia Village (Summurell) base, we got notified that an unknown body was found by the IPs of Beji and it was sent to forensic of Tikrit. According to that I saw a picture of the unknown body that the police found; I found that he is (b)(6) (b)(7)(C) Ali Mansur. The body was tampered with, We went to Tikrit to bring the body of (b)(6) (b)(7)(C) from there and I saw the body (b)(6) (b)(7)(C) with a bullet wound in the head. The body was totally naked and he was wearing his sandals (slipper) and I also saw burns on the head and shoulders and chest. The burn was on the upper part of his body. I went to the crime scene and found that (b)(6) (b)(7)(C) was killed under the railroads pass (small bridge) and he was put in a place where its hard to see, some of my relative also went to the crime scene like (b)(6) (b)(7)(C) nd they saw the blood

of (b)(6) (b)(7)(C) After asking the people who live near the crime scene, CLC checkpoint they told us that the American forces that detained (b)(6) (b)(7)(C) Ali Mansur were there on Friday. And they are responsible for (b)(6) (b)(7)(C) Ali Mansur Mohamed death. I was notified by the IP officer (b)(6) (b)(7)(C) and the IP (b)(6) (b)(7)(C) the IPs who found (b)(6) (b)(7)(C) Ali Mansur body at the morning of Friday may-5-2008. that they got informed by CLC members located near crime scene, that there is an unknown body inside the tunnel under the railroads. the body has head wound and it was naked and under it a burning device which caused the burn of the upper part of his body. they told me that they took pictures of (b)(6) (b)(7)(C) body the victim, and they sent it to forensic because it was unknown body. At the date May-21-2008, I received the body of the victim Ali Mansur form the forensic office in Tikrit, from that we found that the American forces that detained (b)(6) (b)(7)(C) Ali Mansur Mohamed they are the one who killed him according to the follow ups that I did with my relatives to find what happened at the day of the incident. The force that rotates in our village has good relation with (b)(6) (b)(7)(C) I also want to mention that on Friday may-16-2008 and when the American forces passes by around 2pm to his house, he left the forces that was in his house and he went driving to (b)(6) (b)(7)(C) at the village of Albu Toma, later he came back to them. According the statement of (b)(6) (b)(7)(C) he one he told us about it. And I believe this is the day tha (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) Ali Mansur was killed. Before this CF. raided the house o (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) and they detained his relatives and killed the (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) e was a terrorist. The force that raided them, came form the American base in Tikrit. They are not the force that detained (b)(6) (b)(7)(C) and (b)(6) (b)(7)(C) and his relatives they pointed the accusations that we informed CF. in Tikrit that his relatives are terrorists. (b)(6) (b)(7)(C) was using his position by covering on his terrorist relatives and most of them wanted by CF... he is giving them the safe heaven, I remember that (b)(6) (b)(7)(C) mentioned in (b)(6) (b)(7)(C) funeral the one who got killed by CF, the he is going to revenge from us and he will make our women cry just like his women. The only problem between us and (b)(6) (b)(7)(C) is that we are IP's and (b)(6) (b)(7)(C) practice terrorism and he covers for them using his position. He won't allow the Iraqi and American forces to detain them using he position and his good relations with coalition and Iraqi forces. He says that I move (control) the American commander and the money whenever I want to, and he has all the financial and influence. To harm anybody who stands in his face or his relatives and say the truth or warn the people from them. He also gives wrong (incorrect) information to CF, depending his and his relatives benefits. After the arrest of (b)(6) (b)(7)(C) Ali Mansur,

The city (b)(6) (b)(7)(C) alked to CF at the IP directorate of Biji during one of the meetings and he criticized the action of the American commander in Albu Toma sector, his name is (b)(6) (b)(7)(C) something close to it. he criticized the way that they break in to the houses and the destruction of furniture, hitting, citizens assault without any reason. Th (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) received this talk and he was very mad, he said that I will detain this individual and kill him in front of the city council members. Later (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) asked (b)(6) (b)(7)(C) to come to his house to apologize to the (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) e did it, the city council member apologized for what he said. Although, the act of the forces that I mentioned was bad just like what the city

council member stated, but he apologized to him because he was scared to be hurt and threatened. What should happen, the CLC commander should have criticized these bad acts. But there was cooperation between them even on the bad things. Our village is safe and we never had any attacks against the American or Iraqi forces and the people who are responsible for this, they are the relatives of (b)(6) (b)(7)(C) This information is a fact that I stated under oath.

MAJ (b)(6) (b)(7)(C) signed the statement as taking it.

A. By the railroad tracks.
Q. How close was the area where MANSUR was found to where the convoy took the tactical pause?
A. About 70 to 110 meters away.
Q. Upon your return from the mission on 16 May 08 to FOB Summerall, did anyone say anything about MANSUR?
A. People were saying that the LT had done him in, meaning they implied he had killed him. It was all speculation. I do not remember who had said it, they were talking about it in a group. I was so mad about it that I left and went to the gym. I was mad because I could not stand the thought of someone being so cowardly as to confront an unarmed, bound person.
Q. Do you believe 1LT BEHENNA was involved in the death of MANSUR?
A. Probably, I am basing it on circumstances, that it was where we stopped and where he was found, that the LT was out of the vehicle by himself. I did not see anything or hear anything during that mission.

Q. During the tactical pause, were you able to see outside of the vehicles?
A. It was dark already, and the only thing you can see out the side windows is part of the horizon and the sky, and there was a vehicle behind us, so I did not even put on my night vision and look.
Q. What was the weather like during the tactical pause?
A. Clear pretty much. I am not sure but I think we were in medevac red, which means the helicopters could not provide medevac support to us.
Q. Has anyone discussed the mission on 16 May 08 with you?
A. No. I have had to do a witness statement for the unit.
Q. When MANSUR was captured, did anyone shoot any rounds near or at MANSUR in an attempt to scare him in to talking?
A. No.

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

In 16 May 2008 at approximately 1700hrs to 2000hrs I conducted a mission w/my platoon to Al Butoma. The task and purpose for that day was to: 1)Drop off detainees 2)Conduct some kind of SOI 3)Visi (b)(6) (b)(7)(C) (b)(3) At the convoy brief, Lt. told us our task and purpose, ordered the detainees which were outside of my pad to be loaded up, then SP'd to execute mission. The order of march wa (b)(6) (b)(7)(C) (b)(3) We traveled south on Hershey till we reached Tampa where we stopped at the CLC checkpoint (b)(6) (b)(7)(C) (b)(3) by herringbone. I believe that we there for no more than 20 minutes. I did not see any of the detainees dropped off. However, I did see my dismounts on the ground and the Messerah CLC in force that day. I stayed in (b)(6) (b)(7)(C) (b)(3) Lt. then loaded back up and our convoy proceeded south on Tampa until we turned on to "market street" which is the border of Hijaj and Al Butoma. There we conducted some kind of SOI. I am not sure who the Lt. met up w/at that location. I do know that all the dismounts were w/him. I believe that we were there for no more than 20 to 30 minutes. Initially, that is where I believed that we dropped off both prisoners because there was a man who was handing out soda's to the men on the ground and (b)(6) (b)(7)(C) was with him motioning to us. I think that (b)(6) (b)(7)(C) wanted the guy to give us sodas as well…my crew and I waved him off…I thought at the time that maybe he might have been one of the detainee's family members happy to see him. When the Lt. was done, we loaded back up and continued to (b)(6) (b)(7)(C) house. We stopped short of his house at a 4-way intersection and put the vehicles in a 360 perimeter based off of the streets of the intersection. The Lt. and all the dismounts went on foot to the (b)(6) (b)(7)(C) house. (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) The Lt. and the dismounts returned and we received the order of (RTB)-return to base. We traveled north on Tampa until we pulled onto a desert road on the west side somewhere which took us into the desert. I know that it was late because we had to go to white lights once on tampa. On this road we encountered an Iraqi man on the 9'oclock of our convoy…we stopped him, we dismounted, and the Lt. questioned him. It was just a man w/groceries trying to get home. We continued on in the direction of travel. Enroute, the Lt. called over the net to change the order of march. The order of march was now (b)(6) (b)(7)(C) in the lead, (b)(6) (b)(7)(C) second in order(I'm not entirely sure, but I think) (b)(6) (b)(7)(C) then (b)(6) (b)(7)(C) all I can confirm was that I was second instead of last. We received a call to halt movement…I don't remember why. I believe that we weren't there for too long, but we were waiting around long enough where I decided to dismount (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) When I (b)(6) (b)(7)(C) (b)(3) the Lt. stopped me half the distance of the last MRAP and told me that "We're good…We got it"…I repeated it and said "Then let's go". I also remember seeing SSG. Warner at the back edge of the last MRAP but nobody else(at least at my angle) then I went back to my MRAP. We sat there for what did not seem like a long time after I got back on the vehicle at

all. Then the Lt. got back on the net and called us to move out. Right before we turned on to Hershey…I recal[redacted]aying "I guess that we're dropping him off in the desert" and then laugh. That's when I had my suspicions about where the detainee w/the beard was and how long we kept him. Once we returned, part of the Platoon ate at chow. I went to work out w/the weights that we have set in my pad area. When the Lt. came back from wherever he needed to go I asked him if we could talk in his room. I asked exactly this, "Did you kill Ali Monsoor"…He replied immediately, "No, I dropped him off in the desert, we've done this before"…I asked him again, "Lt, did you kill Ali Monsoor"…he said the exact same thing then walked outside…he was getting mad, I could tell. So now some of the guys were standing outside, I can't remember who. I said to the Lt that we need to talk some more in his room…He said," about what" as he was walking away…I called to him once again, and then I said, "Loyalty, Lt."…Then he said something but I really can't say specifically. Later that night, I asked SSG. Warner that night in his room the same thing that I asked Lt. Behenna. SSG Warner said that the last time he saw Ali Monsoor, he was alive and walking away.

A. I know he was carrying an M-4, whether he had his berretta or not, I am not sure, but I assume he did. He also favored the Glock pistol I had signed for from the IPLO (the civilian contractors who train the Iraqi police forces). It is possible he was carrying the Glock, but I did not see it.

A. Yes, it was all after about five days later when 1LT BEHENNA went on leave. I began asking questions and I kept getting more and more information. I was sent to go se[redacted] ask questions about how and when Ali MANSOUR was found. I then asked questions in my platoon. I remember the LT saying right away after MANSOUR was found, Messerah CLC. As things began to surface I was talking to the Platoon and found that MANSOUR was with our convoy the whole time and was not dropped off when we dropped the other detainee off. I asked [redacted] he had seen anything, and he told me he had seen a bright flash like an incendiary grenade. I spoke with [redacted] s well who did not see anything. [redacted] and told them that no matter what everything needed to come out. I spoke with SSG WARNER and asked him what his part was in killing Ali MANSOUR. SSG WARNER said he did not do it, the LT had done it, and he was just there. I asked SSG WARNER how the grenade had come in to the picture, and he said that there was no fuel to burn the body so the LT had said to use the grenade. On a different night, SSG WARNER stated he had taken the clothes of MANSOUR and placed them in his truck under the seat. SSG WARNER stated he had gotten rid of the clothing while out on mission by throwing them out of the vehicle south of checkpoint 100. SSG WARNER was becoming very nervous talking about it, and kept repeating himself.

Q. What kind of grenade did SGT WARNER say he used?

A. He said it was a thermite.

Q. Why do you think SSG WARNER was involved in the death of Ali MANSOUR?

A. I think he was reacting to what was happening at that time. He just got caught up and chose wrong.

[redacted] want to make the following statement under oath:

We received a mission brief sometime after lunch. Lt. Behenna gave the brief. He said we were returning the two detainees who had been brought up to the pad. Lt. Behenna said that one of the detainees was a known terrorist, but he was being released because Battalion did not have enough information on him. He then asked us how much sense does that make. We left the FOB and drove to a CLC checkpoint in Mezra. Lt. Behenna dismounted and began talking to the CLC members. I saw one of the detainees get out of SSG Warner's truck along with some dismounts. He walked over to the CLC members with the dismounts and the Lt. Approximately 15 minutes passed. Everyone then returned to the vehicles and we drove to Market Street in Albu Toma. After going down Market Street, we drove to [redacted] compound. Lt. About 5 minutes into the return trip, Lt. Behenna suggested over the radio that we take the desert trail back to the FOB to show SSG Warner and [redacted] more of our AO. We drove parallel to the railroad tracks for a few miles before we saw a man walking through the desert carrying a bag. Lt. Behenna ordered the convoy to stop. The Lt., [redacted] the interpreter and the dismounts got out of the vehicle and talked to the man. They then returned to the vehicles and we continued. Lt. After returning to the trucks, we drove back to the FOB.

Q [redacted]
A [redacted]
Q. Did you author the above statement?
A. Yes.
Q. Did this mission take place on 16 May 08?
A. I guess, not really sure of the date.
Q. What is a CLC checkpoint?
A. Concerned Local Citizens.
Q. When you released detainees at the CLC checkpoint, how many detainees did you see released?
A. I saw one.
Q. Did you see the other detainee leave SSG WARNER's vehicle, or get released?
A. No.
Q. Did you know who the detainees were that you were releasing on this mission?
A. Other than what the LT said, I did not know who they were, and did not know that one was the guy we had picked up on 5 May 08.

Q. Did you know the significance of the detainee, Ali MANSOUR, you captured on 5 May 08?
A. No, the LT never said anything like he was the guy or anything like that to me.
Q. When did you find out Ali MANSOUR was suspected of having involvement in the IED which struck your platoon on 21 Apr 08?
A. It was after we returned to FOB Summerall on 16 May 08.

A. I do not know, mayb(b)(6) (b)(7)(C) (b)(3) [redacted] who is also (b)(6) (b)(7)(C) (b)(3) [redacted]
Q. Was it abnormal for 1LT BEHENNA to change the route back to the FOB or change the order of march during the mission?
A. We usually take the same route, but we have taken the desert route before. We normally do not change the order of march unless we pick up a detainee or something, so it was a little odd, but not something that I questioned. I think he said he was doing it to allow (b)(6) (b)(7)(C) (b)(3) [redacted] to see better on the route.
Q. What was the order of march when you left the FOB?
A. (b)(6) (b)(7)(C) (b)(3) [redacted] LT was second, SSG WARNER was third, and (b)(6) (b)(7)(C) (b)(3) [redacted]
(b)(6) (b)(7)(C) (b)(3) [redacted]
Q. What did the order of march change to?

Q. Who called the tactical pause?
A. 1LT BEHENNA just said lets stop here. It was not very long after we changed the order of march that he called for the stop.
Q. Did 1LT BEHENNA seem to change his demeanor when he called the stop?
A. No.
Q. What weapons was 1LT BEHENNA carrying on this mission?
A. He was carrying an M4 and a 9mm Beretta.
Q. Do you know if 1LT BEHENNA ever carried a Glock 9mm on missions outside the wire?
A. Not to my knowledge.
Q. While at the stop, did you hear any gunshots, explosions or see any bright lights or fire?
A. No. I had my headset on which has noise cancelling properties. The vehicle was running, and I had the air conditioning on.
Q. What was the visibility like during the stop?
A. It was dark, but it was not a sand storm or anything.
Q. Were you on medevac red, or under no air support during the mission?
A. We did not have any air support, but I do not know what the medevac status was. The only time it is red is when there is a sandstorm.
Q. When 1LT BEHENNA returned to the vehicle, did his demeanor seem different than when he had left the vehicle?
A. No.
Q. When you returned to FOB Summerall, did you enter in to any discussions with anyone about 1LT BEHENNA possibly killing the detainee, Ali MANSOUR, while at the stop in the desert?

STATEMENT OF [redacted] TAKEN AT FOB Summerall, Bayji, IZ, DATED 15 Jun 08

CONTINUED:

A. It was not really a discussion, there were a couple of statements made. I did not see any groups getting together to discuss anything. My [redacted] told me when I returned from chow that he thought the LT killed that guy when we stopped. I think he said what he saw burning was what he thought to be a grenade, like an incendiary grenade. I do not remember his exact wording, but it was something like that.

Q. Did anyone else make a statement to you that they believed 1LT BEHENNA was responsible for the death of MANSOUR?

A. Not that I recall. I went to bed shortly after that. I think I talked to [redacted] and then went to bed.

Q. Do you believe 1LT BEHENNA was responsible for the death of MANSOUR?

A. Yes.

Q. Do you believe anyone else in the platoon assisted 1LT BEHENNA in the death of MANSOUR?

A. No, he was the only person I saw get out of the vehicle. As far as motive is concerned, SSG WARNER was not with us during the IED, and did not know any of the guys. 1LT BEHENNA was close to both the guys killed as well as the [redacted] who was sent home.

Q. Did you see anyone else dismount from the vehicles in front of your vehicle during the stop?

A. They were a ways in front of us, so they could have gotten out, but they did not come near my vehicle. When 1LT BEHENNA dismounted, he went toward the back of the vehicle, I never saw him go forward of the vehicle.

Q. Do you know which vehicles the detainees were transported in?

A. I saw one detainee get out of SSG WARNER's truck at the checkpoint, but I did not know if they had split them up. Before we left I did not see which truck they were loaded in to.

Q. Did you know MANSOUR was in SSG WARNER's vehicle during the entire mission?

A. No.

Q. Did anyone tell you after the mission when MANSOUR was taken out of the vehicle?

A. No, I did not talk to anyone about it.

Q. What kind of grenades are carried by the personnel in your platoon?

A. As far as I know, no one carries grenades. I was never given any, and I do not think that anyone under the rank of E-5 carries any grenades. In the truck is a can with signaling grenades, smoke, parachutes and flares.

Q. Did 1LT BEHENNA bring anything back in to the truck he did not have before the stop?

A. No.

Q. Were you part of the mission in which MANSOUR was captured on 5 May 08?

A. Yes.

Q. Were you part of the team entering the house to capture MANSOUR?

Q. Do you know if anyone struck or hit MANSOUR during his capture?

A. No. I could not see in to the house.

Q. Did you see MANSOUR when he was brought out to the vehicles?

A. Not that I recall, if I did, there was nothing off kilter about his appearance.

Q. Did anyone state they had caused unnecessary destruction to any furnishings, clothing or food items in the house?

A. Yes, we had two detainees in the vehicle.

Q. Did anyone remove the detainees from the vehicle after the IED hit?

A. Yes, 1LT BEHENNA did.

Q. How were the detainees removed from the vehicle?

A. Roughly would be how I would describe it.

Q. Do you know if any Army Soldiers or CLC members struck, hit, or shot at the detainees in order to scare them in to providing any information?

A. I did not witness any CLC or Soldiers beating any detainees. I was also relaying information for calling in the medevac at that time.

Q. Have you ever witnessed any Soldier strike a detainee during a capture which was not necessary in the capture of the detainee?

A. No.

Q. Did you at any time ask 1LT BEHENNA if he was responsible in any way for the death of MANSOUR, or hear 1LT BEHENNA relate any responsibility for the death of MANSOUR?

I, (b)(6) (b)(7)(C) want to make the following statement under oath:
At may-5-2008, afternoon the American forces came to the house of (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) after that they raided my house and (b)(6) (b)(7)(C) Ali Mansur Mohamed House at 14:00hours. They raided my house and broke the main door and they broke the furniture inside the house (closet, clothes hanger, etc.) they spilled the rise and sugar on the floor; they took me out to the porch of the house and made me sit on the floor. Then they picked me up and they started talking between them, later they took me back to the room and started beating me on the face, stomach, abdomen and head, during that I fell on the ground and they started hitting me on my belly severely and they put their boots on my head. They started asking me about (b)(6) (b)(7)(C) Ali Mansur's house. I told them where it is and they took me to (b)(6) (b)(7)(C) house after handcuffing me on the back with zip ties, then they escorted me to the main door and made me sit by the main door, I told them that (b)(6) (b)(7)(C) works with (b)(6) (b)(7)(C) in Rayash station. I started hearing the yelling at the house and the sound of breaking dishes, but I don't know what is going on inside. The Americans who were standing close by me asked me: do you know what they are doing inside? I answered "I don't know". They told me sarcastically FIKI FIKI (interpreter note (FIKI FIKI) in slang Iraqi Arabic means Having sex). They stayed at the house for couple of hours, later they took (b)(6) (b)(7)(C) out around 16:30 and took me back to my house and they told me that we will take him to interrogate him; I said it's up to you. By that time (b)(6) (b)(7)(C) was only wearing his underwear (short and T shirt). They took him to (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) after that they took him to a mountains area, it has been said that American forces started firing at that area, a woman from the area also heard the yelling form the American forces, after that they took him to the American base. After his detention I knew that he was in Sinia base later we heard that he was moved to Speicher base and after that he was released from Speicher and they took him back to Sinia where he was released from there to the American in Sinia Base. We didn't know where they took him to. Later one of my relatives notified me that his body was found in the hospital of Tikrit, I went there with (b)(6) (b)(7)(C) to the hospital and we identified the body it belongs to (b)(6) (b)(7)(C) Ali Mansur Mohamed.

SWORN STATEMENT

(b)(6) (b)(7)(C)

Taken on 15 Jun 08 at FOB Summerall, Bayji, IZ

I, (b)(6) (b)(7)(C) want to make the following statement under oath: I was during my regular hours of work at the IP station of Rayash in may-5-2008 at 14:00 hours. A local national from the village called me and informed me that American forces raided the house of Ali Mansur. I informed the station commander with this news, he told me to take MAJ. (b)(6) (b)(7)(C) and go to them, see what is going on. I went to MAJ. (b)(6) (b)(7)(C) and I took him with me to the house of Ali Mansur. By the time we got to his house the force has left already from the house of Ali Mansur. We followed them to the house of (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) after we got there I found an interpreter standing at the front door. We asked him, who is the officer present with this force. He said LT. Bahanna. MAJ. (b)(6) (b)(7)(C) went inside the house and the LT. was inside the house, later MAJ. (b)(6) (b)(7)(C) came out of the house and he told me that LT. Bahanna told him that they have some questioning with him nothing more. Later the American vehicles left the house of (b)(6) (b)(7)(C) and they took a tour around the village. I was looking at them hoping that they will release Ali so I can take him to his family. Then they headed to mountain area at the end of the village and they started shooting bullets. I think it's like BKC, between 6-8 bursts 6-10 rounds every burst, and then the vehicles headed towards the American Sinia base

ORGANIZATION OR ADDRESS: (b)(6) (b)(7)(C) (b)(3)

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

On the day of the 16th of May, myself and D. Co 5th PLT 1-237 INF, were given the mission to drop off 2 detainees to the CLC at the intersection before we conducted our mission in Albu Toma. During our mission brief LT Beahena told us that one of the detainees that we were dropping off was a guy that we picked up on the 5th. He also told us that this is one of the guys that was known to be involved with the IED that our platoon was hit by on april 21st. the LT seemed like he did not want to let this guy go at all. nothing else was said about them other than that we were dropping them off at the intersection of Hershey and Tampa. Originally we were supposed to SP at around 1300 but we had to push that time back because of a sand storm. I do not know the exact time that we did SP but it was later in the afternoon. We left the FOB through gate 3 and started heading south on Hershey, we got to the intersection of Hershey and Tampa and, from what I believed, let turned both of the detainees over to the CLC. After that we went on with our mission, and conducted our SOI in Albu Toma. When we stopped at (b)(6) (b)(7)(C) house (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) I realized that we did not drop both of the detainees off, one of them we still (b)(6) (b)(7)(C) (b)(3) At the time this wasn't out of the ordinary, I just thought that we were going to drop him off somewhere else. After we got done at (b)(6) (b)(7)(C) we got back on Tampa and started heading north. At check point 101 LT Beahena told the lead truck to start west on a back road, and to take the back way back to Hershey. Sometime we do this because IEDs are placed on our route back because everyone knows the routes that we always take. I did not find anything weird about this either. We started heading north through the desert when the LT saw some on walking through the desert with a few bags. He halted the convoy and wanted to search this guy. After he was done being searched it was decided that he was not a threat and we continued to move north towards Hershey. About 2-3 clicks from Hershey the LT came over the net and said to stop for a "piss break", we stopped and I opened my door to take a piss. After I was finished I sat back down and closed the door. At this time SSG warner got out of the truck and I saw the LT walking up. From what I could see there was no one else with him, this I thought was kind of odd because he isn't supposed to go anywhere without his security. When the LT got to the truck SSG warner got out he went to the back of the truck and got the detainee. The LT told (b)(6) (b)(7)(C) (b)(3) when SSG warner and the detainee got out. (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) After about 10 minutes SSG warner came back to the truck and I saw the LT walking back up to his truck. There was no one else with them. I didn't ask SSG warner where the detainee was, I just figured that they left him in the desert to walk home. SSG warner didn't seem any different than he normally does. He talked to us like usual and nothing seemed different about him. After a few days a few of the guys stared talking about what they saw and herd. From everything that was told to me, I started to think that that detainee was killed. Nothing else was really said about until the investigation was started. When this investigation started SSG warner started acting different, he seemed to be worrying a lot more. He didn't talk to

me like he normally did. He started asking all of us what we thought happened. The LT also was always talking to SSG warner, things like "are you ok" and stuff like that. By this time I knew that something was wrong. Everyone has different stories about what happened, some know more than others do, but this is all that I know and all that I have assumed about that happened on May 16th 2008.

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

Before the mission started I was told to put the detainees in a truck and watch them until we got ready to leave. While I was sitting there watching the detainees not knowing who they were the one with the beard seemed to be praying. He was saying something under his breath constantly. I was (b)(6) (b)(7)(C) (b)(3) the LT that day. Our mission started around 1700 or 1800 and the mission was to drop off the detainees, go to market street in albu toma, and go to (b)(6) (b)(7)(C) At our first stop at the intersection they only let one detainee out I thought it was because we were going to let the other guy out in albu toma. We went to market street the LT and his dismounts got out but I never saw the other detainee get out. We stayed there on market street for about thirty minutes to an hour. After that we went to (b)(6) (b)(7)(C) house again the LT and the dismounts got out but I didn't see the detainee get out. After staying there for a couple of hours everyone loaded back up and the LT said "lets RTB but go through the desert since SSG Warner has never seen that route". So we went through the desert hand railing the railroad tracks. By this time it was dark out so I mounted my NVG's. The next thing I hear over the radio is SSG Warner say can we take a piss break and the LT replied with no not yet. After about two hundred meters the LT told everyone to stop. When we stopped the LT dismounted walked to SSG Warner's truck and then I saw four people one of which I know was the LT start walking toward an underpass. After about twenty minutes I saw a glow coming from where they had walked I pulled up my night vision goggles (NVG's) and saw and orange like glow. About five or ten minutes after that I saw only three people walking back. That is when I thought to myself one of the four must have been the detainee and that they must have killed him. After the LT loaded back up he told us to return to base (RTB). After we got back to the FOB we were downloading our gear and (b)(6) (b)(7)(C) (b)(3) came up to me pissed off and said they shot the guy. I knew then for sure that someone had killed the detainee. Not to long after that day SSG Warner told me that he dismounted with the LT along with (b)(6) (b)(7)(C) the interpreter and the detainee that night. He told me that he didn't go in the underpass with the LT and detainee he stayed outside of it. He then heard two gun shots and ran to see what had happened and the LT met him before he could get all the way in the underpass. He said the LT then told him to throw it, not knowing what the LT was talking about SSG Warner replied with throw what. The LT then put his hand on the pistol with the hammer cocked back and told SSG Warner again to throw it so SSG Warner reached in his pouch and grabbed a grenade not knowing what kind and threw it.

Q. Can you describe the two detainees you put in the truck?

A. No.

Q. Did the detainee who had the beard look scared?

A. You could say that, kinda.

Q. Did you witness anyone say anything to either of the detainees when you were watching them, or while they were being held at the Platoon area?

A. No.

Q. Who did you drop the first detainee off with?

A. The Concerned Local Citizens (CLC).

Q. Do you know who asked about the detainee?

A. I know the LT did, but I do not know who else did.

Q. Was it out of the ordinary for 1LT BEHENNA to go to one of the rail road underpasses?

A. I had never seen him do it before.

STATEMENT OF [redacted] **TAKEN AT** FOB Summerall, Bayji, IZ, **DATED** 15 Jun 08

A. It was clear and warm. I believe there were sandstorms earlier that day, but they had cleared out.

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

On 16 May 2008 late in the afternoon the members of D. co 5th platoon was standing around 2nd sections CHU area as 1LT Behenna walked up with 2 detainees from the D-cell and told us to watch them. They were restrained and blindfolded at the time as we watched them, after a few minutes the 1LT behenna took one of the detainees with a terp to his CHU area. After a little bit 1LT behenna returned with the detainee and began our mission brief and during it the LT told all of us during the brief that one of the detainees which was later I found out was Ali Monsor was a member of al queda and he has put in IED and has killed Coalition forces. After the brief we loaded into our MRAPs . I was in (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) and SSG Warner (b)(6) (b)(7)(C) (b)(3) two detainees were in the back of the truck (b)(6) (b)(7)(C) (b)(3) When we SP'd FOB Summerall (b)(6) (b)(7)(C) (b)(3) We traveled down South Hershey until we got to the corner of South Hershey and Tampa. We stopped the vehicles at the CLC checkpoint there and drop one of the detainees off with the CLC. SSG Warner came to the back of the MRAP and I gave him the detainee and I stood behind the truck and watch SSG Warner take the detainee over to the LT and walked him over to the CLC and handed the detainee over to them. After they were done at the checkpoint we continued the mission to conduct SOI in Al Butoma. Once in Al butoma we drove around doing a presence patrol and then went to (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) house. Once there we stopped the trucks (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) courtyard and after (b)(6) (b)(7)(C) (b)(3) the LT and his (b)(6) (b)(7)(C) (b)(3) along with his terp went into the house. I stayed outside in the courtyard for a unknown amount of time. By the time it was time to RTB it was already dark outside. We left (b)(6) (b)(7)(C) house and took south tampa north until we reached the IA checkpoint between Al Butoma and Mezrah. We turned left there and drove for alittle bit and took a right to go off road in the desert. 1LT behenna once we were off road changed the order of movement so the (b)(6) (b)(7)(C) (b)(3) Convoy and SSG Warner's vehicle was now in the rear of the convoy. The LT told (b)(6) (b)(7)(C) (b)(3) take the convoy back to south Hershey while offroad. After a unknown amount of time a unknown voice called over the net and said we needed to stop for a bathroom break so we stopped the convoy. After a couple minutes 1LT behenna opened my back door of the MRAP and told me to give him the detainee we had still. I gave him the detainee and stepped out of the vehicle, the LT told me I couldn't stay out of the vehicle and go with him and told me to just stay in the vehicle. Once in the vehicle I saw SSG warner, LT behenna and (b)(6) (b)(7)(C) walk the detainee who was restrained but not blindfolded over to a colvert and inside where I couldn't see anymore. After around 30 minutes SSG Warner got back into the MRAP and after a minute or so the LT called over the radio to continue movement and once we got back onto south Hershey we drove down it until we called RTB to Battalion. After a couple of days I was along with other members of 5th platoon told that the guy we dropped off in the desert was taken by the LT and killed out in the desert and we didn't have to worry about the detainee that I now know as Ali Monsor. SSG Warner told us that.

STATEMENT OF (b)(6) (b)(7)(C) (b)(3) TAKEN AT FOB Summerall, Bayji, IZ, DATED 15 Jun 08 (b)(6) (b)(7)(C) (b)(3)

(b)(6) (b)(7)(C) (b)(3)

Q. Did you author the above statement?
A. Yes.
Q. Can you describe the two detainees who were placed (b)(6) (b)(7)(C) (b)(3)
A. MANSOUR was about my height, maybe a little taller, had a beard and was dressed in a blue camouflage shirt they give out at the detention facility. He was praying the entire time we were in the vehicle. The other guy was skinnier and did not have a beard, but about the same height as MANSOUR.
Q. How did you know which detainee you were to take out of the vehicle at the CLC checkpoint?
A. SSG WARNER pointed at him or something, I knew which one I was supposed to take out.
Q. Were you told you would be taking MANSOUR to a different location to drop off?
A. Yes. I think it was in the convoy brief that he was supposed to be dropped off in Al Butoma.
Q. Where did you go when you left the CLC Checkpoint?
A. We went in to Al Butoma to do SOI, a presence patrol of the city.
Q. When you went in to Al Butoma, did you make any stops to drop off Mr. MANSOUR?
A. No. We only stopped at (b)(6) (b)(7)(C) house. When we went in to the town, we went in like we did not have anyone with us. I believe that is why no one else in the convoy knew he was still with us, except the people in our truck. We were just expecting the LT to let us know what we were going to do with him. We have dropped people off at (b)(6) (b)(7)(C) house, or different parts of the city, so we were just waiting to be told.
Q. Did you or anyone else ask why you still had Mr. MANSOUR in the vehicle when you left (b)(6) (b)(7)(C) house?
A. I am sure we did, but it was probably asking each other. We may have asked the LT about it.
Q. When you left (b)(6) (b)(7)(C) house, where did you go?
A. We started to return to base (RTB) the normal way when the LT said he wanted to go over the desert route and he wanted (b)(6) (b)(7)(C) (b)(3) lead us that way. We turned off the road near the rail road tracks and that is when the LT wanted to change the order of march as well. That is when my vehicle (b)(6) (b)(7)(C) (b)(3)
Q. Did you stop anyone on the road in the desert?
A. There was one guy we stopped, he was walking by with a bag. He was stopped to be checked for bombs or suicide vests, and was fine, so we went on our way.
Q. Did anyone request to take a tactical pause or bathroom break that was denied?
A. No, someone asked for one and the LT said not yet, wait a little bit, and then we stopped further down the road.
Q. What happened when you stopped near the rail road tracks?
A. The LT came up to my truck and told me to give him the detainee, and took him out of the truck. The LT took off his blind fold. I went to go with him and the LT told me no, stay in the truck. I stayed in the truck and watched SSG WARNER, the LT, (b)(6) (b)(7)(C) and the detainee walk to the underpass of the railroad tracks. It was about thirty to fifty meters away. I had my night vision goggles on as it was dark out and was watching them through the window of the vehicle. I watched for a little while, then I saw a glow which was coming from the other side of the rail road tracks. It

was very bright at first, then died down some. It was bright enough at first it was lighting up a lot of stuff, but it was not putting any light in to the underpass on to my side, so I still could not see in to it. I got tired of watching after that, so I sat back down. A few minutes, maybe ten minutes at the most, SSG WARNER came back and got in the truck, a couple minutes after that, the LT came over the radio and said to go. I could not see the route we took out, but thinking on it now, I think we may have gone out the way we came in or we would have had to cross the tracks at some point. We just returned to FOB Summerall at that time.

Q. When you saw the glow did you see any flashed prior to it?

A. No.

Q. Do you know what weapons 1LT BEHENNA carried out on mission on 16 May 08?

A. He always had an M4 and a pistol. I am pretty sure he was carrying a Glock pistol.

Q. Did you see 1LT BEHENNA return to his vehicle when he walked back from the culvert area?

A. No.

Q. Did SSG WARNER take any grenades out of the vehicle when he escorted the detainee with 1LT BEHENNA?

A. No, not that I could see, he did not take it from the back. If he did, he had one on him, or up in the front.

Q. Did you hear any gunshots or explosions when you were stopped in the desert?

A. No. The truck would have covered any sound of that.

Q. When SSG WARNER returned to the vehicle, was he carrying any items he did not have before he left?

A. Not that I could see. I do not even think I saw him come back, I think I just heard him get in. I had sat down and could not see anything.

Q. Did you see any clothing in your vehicle or in the possession of SSG WARNER after 16 May 08, which resembled the clothing worn by Mr. MANSOUR?

A. No.

Q. Did you notice any unusual odors on SSG WARNER when he returned to the vehicle?

A. No, I would have been able to from where I was sitting. There is a big fan in the rear.

Q. Are incendiary grenades maintained in your vehicle?

A. Yes.

Q. Did SSG WARNER return to vehicle after they started walking towards the railroad tracks?

A. No.

Q. Do you know if SSG WARNER was carrying incendiary grenades?

A. I do not know, he does have pouches on for grenades but we usually do not carry incendiary grenades on our person.

Q. At any time after the mission were you asked where you had dropped off the detainees to include Mr. MANSOUR?

A. Not until the sworn statements the Company had us do.

Q. Did anyone tell you what to say on the sworn statements, or what to say if anyone asked you where you had dropped off the detainees?

A. LT told us to say we had dropped them both off at Messarah if anyone asked about it, but he went on leave before we were asked to make statements.

STATEMENT OF [redacted] TAKEN AT FOB Summerall, Bayji, IZ, DATED 15 Jun 08, [redacted]

CONTINUED:

Q. Why did SSG WARNER tell you Mr. MANSOUR was dead?

A. I do not know if he was bragging about it, or giving us info about it or what. I know he gives us info on what is going on.

Q. Did SSG WARNER stated 1LT BEHENNA killed Mr. MANSOUR?

A. Yes.

Q. Did SSG WARNER state how 1LT BEHENNA had killed Mr. MANSOUR?

A. SSG WARNER said the LT shot him, but SSG WARNER said he was trying to stay away but someone had to go with him. SSG WARNER said he did not want to be there and did not want to be close to him, but I assume he had to be relatively close to him when it happened.

Q. Did SSG WARNER say how many shots 1LT BEHENNA fired?

A. No.

Q. Do you think 1LT BEHENNA and SSG WARNER pre planned the killing of Mr. MANSOUR?

A. No. I think the LT may have, but SSG WARNER was in the truck with us asking why we were driving around with MANSOUR in the truck just like we were. I really think it was one of the dumbest things I have seen, going to a culvert, right off a main road by a check point and killing someone, especially right after we just made some guy strip cause we thought he was carrying a bomb.

Q. Do you think [redacted] had any involvement in the death of Mr. MANSOUR?

A. I really do not know. I know [redacted] is polite to us, and does not seem like the kind of guy that would do anything like that. Maybe the LT told him he had to go with him, but the LT can talk to Iraqis, but I just do not know.

Q. Do you believe 1LT BEHENNA killed Mr. MANSOUR?

A. Yes.

Q. Were you present on missions on 21 Apr 08 or 5 May 08?

A. No. [redacted]

Q. Have you witnessed detainees being abused by unit personnel?

A. No

[redacted]

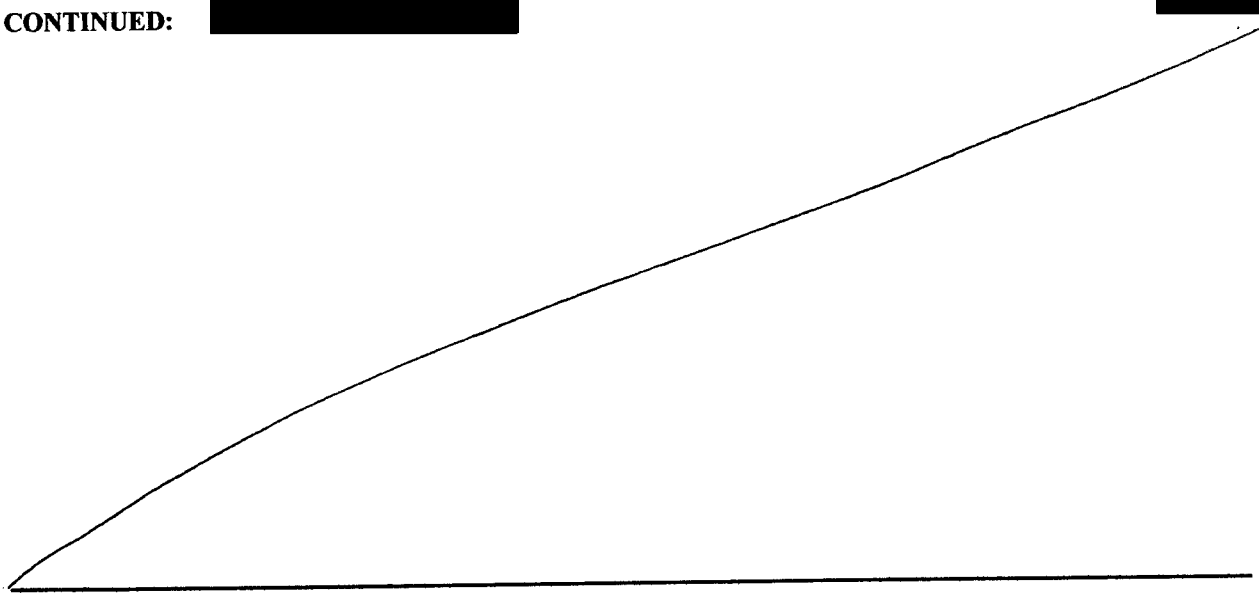

Q. Is there anything you wish to add to this statement at this time?

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

On the 16th of May, 2008 5th plt. D. Co. was given a task to take two detainees back to their homes, in Al Butoma. We were to leave at around noon but the weather was bad so we waited until it got better, which was in the evening. (b)(6) (b)(7)(C) (b)(3) As we left, we stopped at a CLC checkpoint on the intersection of Tampa and Hershey to let the detainees go. I looked out the window of the truck and only seen one get out, after a few minutes we had left to go to Al Butoma to talk to the [redacted] (b)(6) (b)(7)(C) As we sat in the area, I thought the other detainee had been released to walk back to his home since it was so close while our Lt. went to talk to the [redacted] (b)(6) (b)(7)(C) About an hour later we left to come back to the FOB, as we came to the area of checkpoint 101 which is operated by the Iraqi Army, we took a right off the main road into the desert. After going down a dirt road we seen a man walking by himself carrying a bag, everyone got out of the trucks to talk to him. I seen it was his food, so I went back into the truck while everyone one kept asking questions. After a few minutes of talking with the man everyone got back into the trucks. We still sat there, I thought people had to take a piss break, which is what usually happens when we sit around. So then we finally leave to come back to the FOB. Once we got back, I took all of my equipment to my room and I noticed that (b)(6) (b)(7)(C) (b)(3) I asked what the problem was, and he replied that the Lt. had supposedly shot the detainee in a culvert with the interpreter and our section sargeant, then threw a grenade on him. I'm not sure what type of grenade it was. I thought we let the detainee go in Al Butoma, but he stayed in the truck. I then went to go eat with the rest of our plt. and I then told (b)(6) (b)(7)(C) (b)(3) [redacted] about what my (b)(6) (b)(7)(C) (b)(3) aid he was that when we stopped, they asked for the detainee and told him to get back in the truck. Not to long ago, (b)(6) (b)(7)(C) (b)(3) and Warner were sitting around talking out side of my room. I heard him say that the Lt. would come around and make sure he was keeping his mouth shut, and that the same thing could happen to Americans. I didn't stop to listen, I kept on walking to use the bathroom. I'm not sure (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) had found out about all of this.

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

I have been in 5th Platoon since late March 2008 when I came back off of leave. When I initially came to the Platoon, I was assigned (b)(6) (b)(7)(C) (b)(3) with SSG Warner as my (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) When SSG Warner went on leave, I assumed responsibilities (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) Shortly after he returned from leave, I was assigned to (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) was going on leave. I was (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) during the events which took place on or about the 16th of May, 2008. I am currently (b)(6) (b)(7)(C) (b)(3) working for (b)(6) (b)(7)(C) (b)(3) do not recall the mission where Ali Monsoor was arrested. I believe I had the day off that day. However, I was present during the mission where we "supposedly dropped off the 2 detainees" one of those being Ali Monsoor. On or about 16, May, 2008. 5th PLT, Dco, 1-327 was tasked with a detainee drop-off to the CLC checkpoint at the Hershey and Tampa intersection. I knew that we were taking 2 detainees with us (b)(6) (b)(7)(C) (b)(3) I do not recall seeing them being loaded up into the MRAP's before we left the FOB. We left (b)(6) (b)(7)(C) (b)(3) COB Summerall sometime late in the afternoon. We went to the ASR Hershey and MSR Tampa intersection which is also right next to Checkpoint 102. I was the TC in the lead vehicle on the mission. I did not actually see any detainees dropped off there but I had just assumed that they were. After the "detainee drop-off", we went to (b)(6) (b)(7)(C) house to conduct SOI engagements with him. Our Platoon stayed here for approximately 1 ½ to 2 hours while Lieutenant Behenna had talks with (b)(6) (b)(7)(C) I am not sure what was spoken of there because (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) we left (b)(6) (b)(7)(C) house, we were going to return to the FOB. We would normally take Tampa to Hershey to Pheonix to get back to the FOB however Lt. Behenna instructed me to take an alternate route. The route we took to get back to Hershey is right off of Reservoir road by Checkpoint 100. It is a dirt path that handrails the railroad tracks that lead up to checkpoint 101 on ASR Hershey. Lt. Behenna told me that we were taking this path to show it to SSG Warner. We have used this said path many times before but I thought that this was strange because I am almost certain that we have taken this path before while SSG Warner was with us. I may be wrong though. While on this path we saw a suspicious looking civilian walking through the desert. Upon seeing this, the LT. told me to stop my vehicle. Upon stopping, all the dismounts dismounted and approached the said individual. We searched him and found out that he was just carrying groceries on him. We let him go. We then continued North down this dirt path towards (b)(6) (b)(7)(C) (b)(3) Approximately 1000-2000 meters South of CP 101, the Lt. called me on the radio and told me to stop the convoy. I asked him why we were stopped here. He told me that they were going to clear a culvert under the railroad track. I understand that it is an enemy TTP to place explosives under culverts but I thought that this was also strange because we had never checked these culverts before. We were there for approximately 10-15 minutes before we left to return to the FOB. I did not start to have suspicions about what went on that night until it was told to us by our higher chain of command that Ali Monsoor was found dead. Nothing follows (b)(6) (b)(7)(C) (b)(3)

I arrived to fifth platoon D co in the beginning of May 2008, after an ied killed two soldiers from the platoon on April 21st 2008. I am a[redacted] in the trucks. Around the time when I first got to the platoon, we went on a mission, to talk to[redacted] in albu-toma. I was the[redacted] one of four vehicles. When we arrived at[redacted] house Lieutenant Behenna and the rest of the dismounts went inside to talk to[redacted] After about an hour the[redacted]

On the 16th of May 2008 my platoon was given a mission to return two detainees to the area of mezrah and albu-toma. We left with the two detainees sometime in the mid afternoon taking route Hershey south to route Tampa, in my truck was[redacted] and possible[redacted] [redacted] t the intersection of Hershey South and Tampa we conducted a short halt. The truck I [redacted] was facing[redacted] the rest of the convoy. After the halt at the intersection we went to Market St in Albu-toma, we talked to the locals for about a half hour there then proceeded to[redacted] house. We stayed there for one, to one and a half hours, then left to head back to FOB Summerall. When We got onto Route Tampa, Lieutenant Behenna called over the radio to my truck and told us to take an alternate route through the desert that leads to Route Hershey south at checkpoint 101, He said the purpose of this was to show the route to SSG Warner, who was new to the platoon and its AO. We took the lefthand turn off tampa into the desert and followed the path to Hershey. After about fifteen minutes of driving through the desert we spotted a man walking alone through the desert, a short halt was called and the man was questioned as to why he was walking alone in the desert at night. It was discovered that he was headed home so we moved on. About 10 minutes later along the route, when we were skirting the north side of the railroad tracks, the LT called up to change the order of march. After we did this he called a short halt in order to clear a culvert under the railroad tracks. I [redacted] After about 10-25 minutes the Lt called up to continue along the route. A short while later we made it to checkpoint 101, we turned left onto Hershey South, and proceeded back to the fob through gate 3.

Later that night when I went to chow I overheard members of my platoon talking at our table. They were saying that the LT had executed one of the detainees at the railroad culvert, and then burned his body with an incendiary grenade. Also discussed at the table about this topic was that the detainee was one of two who was directly involved in the incident on the 21st of April, that claimed

the lives of two men from 5th platoon. After the talk at the chow hall the topic was not brought up again until the investigation was started about 10 days ago.

Q. [redacted]

A. [redacted]

Q. Did you author the above statement?

A. Yes.

Q. On 16 May 08, did you see either of the detainees you were to release?

A. No I did not.

Q. Did you know which truck either of the detainees were transported in to be released?

A. I do not know, I have heard rumors they were in SSG WARNER's truck, I did not see them though.

Q. Did you know the name of Ali MANSOUR before you captured him?

A. No.

Q. Did you know the name of Ali MANSOUR before you released him?

A. I had heard it yes in the debrief, I did not remember if I specifically knew we were releasing him, I do know that I knew we were releasing someone we had just caught. I remember being upset we were releasing someone we had just caught.

Q. Did you think it was odd to take the desert route back to FOB Summerall from [redacted] house?

A. I did not think it was odd to take the alternate route, we do that a lot to be unpredictable for IED attacks and the LT had said he wanted to show SSG WARNER the alternate route. What I did think was odd was the change in the order of march. We did not stop for the change, we kept rolling all the way through it. It was just odd for us to do a change like that in the desert for no reason.

Q. When you were stopped in the desert for the LT to check the culvert, did you see or hear any gunshots, explosions, bright flashes or burning?

A. No, I was facing the front as I was front security, where the LT was checking the culvert was behind me about 200 meters. I did not see anything or hear anything out of the ordinary. I was also wearing my headset the whole time.

Q. When you were leaving the desert stop to check the culvert, did you hear anyone say on the radio that they guessed they were leaving him out there?

A. No.

Q. When you were at the chow hall talking, did anyone state they had any first hand knowledge the detainee had been killed?

A. Not that I can recollect, it was all just hearsay.

Q. Is there anything you wish to add to this statement at this time?

8. (b)(6) (b)(7)(C) (b)(3) , WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

I have worked with 1LT Michael Behenna since he joined Delta Company before we deployed to Iraq for OIF 07-09. I never really got to know him on a personal level; we did not hang out after work or socialize. I would describe my relationship with 1LT Behenna as professional. I was a fellow (b)(6) (b)(7)(C) (b)(3) ith him for approximately two months before I was made (b)(6) (b)(7)(C) (b)(3) During that time, 1LT Behenna had an easy-going personality and was easy to get along with. 1LT Behenna seemed to have a very close relationship with his platoon, in particular his (b)(6) (b)(7)(C) (b)(3) LT Behenna and his platoon were primarily responsible for operations in and around the city of Al Butoma, at the southern end of our battalion AO. As such, he became very familiar with the day-to-day happenings and dynamics of Al Butoma. He kept quite a library of personal notes and intel he had received through his operations. I left FOB Summerall (b)(6) (b)(7)(C) (b)(3) While awaiting transportation from COB Speicher to Kuwait, I heard that 1LT Behenna's platoon had been suffered an IED attack on 21APR08 that resulted in two of his soldiers being killed, and others (including his (b)(6) (b)(7)(C) (b)(3) I returned to FOB Summerall (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) On 16MAY08, 1LT Behenna and his platoon were tasked with releasing two detainees, Ali Mansur of Al Butoma and (b)(6) (b)(7)(C) of Mezra. They left the FOB around 1700 and returned around 2000. At first there appeared to be no issues with the detainee release. On 21MAY08, I was tasked by (b)(6) (b)(7)(C) (b)(3) with inquiring about Ali Mansur's release. I asked LT Behenna that evening, and he replied that they dropped both detainees off at Mezra CLC. I asked him why when Mansur was from Al Butoma, and he replied to the effect of that was how they did things. I passed this information up to S2 and (b)(6) (b)(7)(C) (b)(3) LT Behenna left for R&R Leave early the next morning. (b)(6) (b)(7)(C) (b)(3) eeting on 26MAY at the Bayji JSS, (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) of the Mezra CLC told me the name of the detainee that his guys had received from 5th PLT on 16MAY, (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) He said that he was pretty sure that Mansur was never released to them that day, but he would double check and get back to me. After hearing this, I went to (b)(6) (b)(7)(C) (b)(3) nd asked him to give me all the details he could concerning their patrol on 16MAY. He related to me that they had made three stops, first at the CLC checkpoint at Mezra, second on Market Road in Al Butoma, and last at (b)(6) (b)(7)(C) house in Al Butoma. Since (b)(6) (b)(7)(C) (b)(3) he assumed that (b)(6) (b)(7)(C) had been released at stop one, and Mansur at stop two. T ease, so I chalked up LT Behenna's statement as a misunderstanding. At this point, wit (b)(6) (b)(7)(C) (b)(3)

(b) (7)(D)

07JUN, I obtained statements from 5th PLT stating they had dropped off both detainees at Mezra and then continued mission. on 09JUN, I had another meeting with (b)(6) (b)(7)(C) at his house in Hondai Village, along with one of the CLC who was working the checkpoint on the day of 16MAY. They gave statements indicating that 5th PLT dropped off (b)(6) (b)(7)(C) nly. After approximately two hours of conversation, I left (b)(6) (b)(7)(C) house fairly convinced that he had no reason to lie and had offered no signs of deception. Later that evening, I briefe (b)(6) (b)(7)(C) (b)(3) ncerning what I had found (b)(6) (b)(7)(C) (b)(3) sked my for my opinion on the matter, and I told him that I felt that there was something to this, that it was 5th PLTs word against (b)(6) (b)(7)(C) and I was inclined to believe (b)(6) (b)(7)(C) At this point a 15-6 investigation was initiated. stressing the importance of telling the truth when questioned by the investigator. That evening, SSG Warner came forward with a statement indicating he believed LT Behenna killed Ali Mansur. On 12JUN (b)(6) (b)(7)(C) (b)(3) as appointed (b)(6) (b)(7)(C) (b)(3) and obtained statements from 5th PLT as well as the LN interpreter who gave an eye-witness story of what happened. At this point, an external investigative team was called in to take over the investigation. On the evening of 15JUN, I was talking with (b)(6) (b)(7)(C) (b)(3) about the following days scheduled patrol to Bayji (b)(6) (b)(7)(C) (b)(3) ked me if we'd be going by the suspected scene of the murder, and I replied yes (b)(6) (b)(7)(C) (b)(3) ked if I would be willing to stop by the scene and take pictures and collect any evidence we might find, to which I also replied yes. On the morning of 16JUN at approximately 0800, I left the FOB with our 2nd PLT enroute to a Security Conference north of Bayji at 600 Homes. At about 1315, we left the conference to return to FOB Summerall. Enroute to the FOB, we left Hershey South just west of CP 101 to go to the grid given in the SIGACT (38S LD 5965 6152). Upon arriving at the grid, there was no apparent tunnel underneath the railroad tracks, so we turned south and handrailed the tracks. We came upon a tunnel at grid 38S LD 59625 61025, approximately 500 meters south of the original grid. At this point, I dismounted and investigated the tunnel. I entered the tunnel from the east side, walking through to the west side. On the western side, I noticed a dark stain with splatter patterns on the floor beside some large chunks of concrete rubble. Upon taking a closer look, I noticed a mass of dark-colored material, somewhat circular in shape about six inches in diameter. It looked very hard and non-organic. I began a closer inspection of the floor of the tunnel, and noticed what appeared to be a deformed bullet. Next I noticed what appeared to be a spent 9mm pistol casing. At this point, we started taking pictures of the scene, including the tunnel, the stain and mass, bullet, and casing. I then collected the casing and bullet while wearing gloves and put both in a ziploc bag. About 50 meters to the west of this tunnel was another tunnel underneath another set of tracks. I walked over there to check that tunnel out and found nothing significant to report. At this point, I walked back to the vehicle which was parked on the east side of both tracks and mounted the vehicle. The patrol then turned around and drove northeast back to Hershey South, getting on the road east of CP 101. We then traveled along Hershey South back to FOB Summeral, RTBing at 1445. After refueling the trucks, I took the casing and bullet to the MWR building and turned it in. At no time did the bullet or casing leave my possession between collection and turn-in.

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

On the 16th of may 2008 we were standing by waiting for medi-vac status to change from red to amber so that we could go out on mission. We were told around 1530 that we had to role out on mission even though medi-vac was still red, because we had to return some detainees. So we prepared the trucks and the detainees were brought to our pad. We got a mission brief from or LT. He said that we were going to take these detainees to a CLC check point near the Hershey Tampa intersection. We loaded the trucks and SP'ed out of gate three. I was (b)(6) (b)(7)(C) (b)(3) with (b)(6) (b)(7)(C) (b)(3) with no other people in my truck. We took Hershey to Tampa and to the best of my knowledge released both of the detainees on a market street in mezra to the local CLC there. We continued south on Tampa until we got to Abu Toma. I remember being parked at (b)(6) (b)(7)(C) house for a long time at least an hour or two. We then left Abu Toma and took Tampa north to check point 100 at which point I was told to take the short cut through the desert so that sergeant Warner could see it because he was new to the platoon and had never taken the route before. For that matter (b)(6) (b)(7)(C) (b)(3) had never taken the route before because he was also new to the platoon. So we took the turn off of Tampa that is in the middle of check point 100 and headed west to the railroad tracks. We crossed over the railroad tracks and at that point were told to change the order of march. We had been rolling with my truck (b)(6) (b)(7)(C) (b)(3) LT's truck as the second truck with sergeant Warner's truck third and (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) The new order that the LT wanted was (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) and then the LT's truck as third and sergeant Warner's truck in the trail. As we were fallowing the railroad tracks north to get back on Hershey we saw a man walking in the desert. It was dark at this point so we stopped him to find out why he was walking in the desert at night. I was found out that he was walking home from the market with a bag of groceries. We loaded back up and continued north. Someone came over the net and said that they needed to take a tactical pause which usually meant that they had to take a piss. The LT said that he didn't want to stop yet and that we would when we were a little further up the trail. A little while later the LT came across the net and said that we were going to take a tactical pause and that he wanted to check out a covert that was under the railroad tracks, so we stopped and turned out the lights as usual. We were stopped for a couple of minutes and I remember thinking to myself that someone must have needed to "drop a duce" (go #2) because if they needed to piss we would be back up and rolling by now. Then after a little while longer I remember thinking that we had been there for a long time and that no shit would have taken that long and just as I thought that I heard the LT come over the net and say that they were all loaded up and ready to roll. So we continued north and hit Hershey and RTB'ed back to fob summerall through gate three. My truck went to the fuel point and then to the chow hall. When we got there I was talking with someone that I don't recall on the way into the chow hall and they told me that we still had a detainee in the truck when we stopped in the desert and then I heard from someone else that they kicked him out in the desert

and made him walk back to the city. I heard many stories of what had happened. One of them was that the LT had shot the detainee and threw an incendiary grenade on him. But all of the stories sounded so far fetched that I didn't believe them and nobody I talked to actually saw what the were telling me had happened. I didn't think about it much until I had to write a sworn statement on what had happened that night. Almost all of fifth platoon was sitting on first sections deck and I remember not remembering what date the night was or what time we SP'ed or RTB'ed and sergeant Warner was there and told us all of that information and also told us to write down that we dropped the detainees off in mezra and took Tampa to Hershey as a return route.

Q. (b)(6) (b)(7)(C) (b)(3)

A.

Q. Did you author the above statement?

A. Yes.

Q. Were you on a mission to capture a detainee by the name of Ali MANSOUR on 5 May 08?

A. I honestly do not remember if I was on mission that day, and I know I never was specifically told we were to capture a man by that name.

Q. To your knowledge, during any detainee capture mission, has anyone struck, hit or kicked a detainee during the capture?

A. I have never seen it happen.

Q. Did you see the detainees before they were loaded on to the vehicle for transport?

A. Yes.

Q. Can you describe the detainees you saw?

A. One was wearing a blue mandress, the other guy was wearing a t-shirt, was heavy set and had a beard. The one with the beard I learned later was Ali MANSOUR.

Q. Do you know what vehicle the detainees were transported in?

A. I do not know for sure, but I believe they were in SSG WARNER's truck. I know for a fact they were (b)(6) (b)(7)(C) (b)(3)

Q. Did you see either of the detainees dropped off in Mezra?

A. I saw the guy in the blue mandress for sure, I saw him walk up past my truck on the TC side and go in to a building.

Q. Did you see Mr. MANSOUR dropped off in Mezra or Albu Toma?

A. No, I never saw him.

Q. Did you know Mr. MANSOUR was still in the convoy when you left Albu Toma to return to FOB Summerall?

A. No I did not, I thought he had been dropped off in Mezra.

Q. When the stop was made to check out the rail road culvert, did you see anyone go to the rail road tracks?

A. No I did not see anyone, I was looking ahead pulling security.

Q. Did you hear any gunshots, explosions or see any bright flashes or burning while at the stop by the rail road tracks?

A. No.

Q. Did anyone tell you they witnessed anyone shoot Mr. MANSOUR?

A. No.

STATEMENT OF (b)(6) (b)(7)(C) (b)(3) **TAKEN AT** FOB Summerall, Bayji, IZ, **DATED** 16 Jun 08 (b)(6) (b)(7)(C) (b)(3)

CONTINUED:

Q. Do you believe anyone in your unit was involved in the death of Mr. MANSOUR?

A. Yes, I believe 1LT BEHENNA was involved and I think SSG WARNER was involved to the point that he may have seen it happen, but not knew it was going to happen before hand.

Q. Is there anyone else you believe to be involved in the death of Mr. MANSOUR?

A. I heard (b)(6) (b)(7)(C) was present for part of it, but I do not know if he was there when it happened.

Q. Did you witness anyone harm Mr. MANSOUR?

A. No.

Q. Why do you believe 1LT BEHENNA, SSG WARNER and (b)(6) (b)(7)(C) had any involvement in the death of Mr. MANSOUR?

A. The rumors going around the platoon right now, what I have heard from other people. The events of the mission also fit with the rumors, making them pretty believable.

Q. Did SSG WARNER tell you what to write in your sworn statement about the dropping off of the two detainees?

A. Not word for word, but a couple of key points were told to us to write.

Q. Is there anything you wish to add to this statement at this time?

A. The LT is a really good guy, he took the events of 21 Apr 08 really hard. This is not something you really think he would do. If I had to pick one person who was affected the most by the 21st, I would say it was the LT. He was not the same person afterward. He covered it up really well. He is out here talking to the people all the time, interested in hearing about their day to day lives. We could not drag him away. There are children on checkpoint 104 he gives MRE's and water to, and they bring him Chai. Everyone knows his name, they come up to us and say "BEHENNA" and we will say no he is not with us.

Q. Do you have anything else you wish to add to this statement at this time?

A. No.////(b)(6) (b)(7)(C) (b)(3)////////////////End of Statement//

[redacted] want to make the following statement under oath:

There really isn't much I remember about the mission on the 16th of May, I thought the mission actually took place on the 18th. However, the day was like any other I went to [redacted] to find out what was going on for that day, this normal I never attended the patrol briefs I always went directly to him for link up and SP times. He told me we would be going to drop off some detainees who were being released and he may have told me we were going to see a [redacted] I was going back and forth running missions with 5th and 2nd PLT so I always found out about missions directly from him. To the best of me recollection we SP some time between 1300-1500, which was always the time frame in which we would all link up and SP. I don't exactly remember going to the Dcell to pick up any detainees or even seeing any. The first stop we made was to drop off the detainees at a CLC checkpoint. Then we continued mission I fell asleep and when I awoke we were going through the dessert I asked where we were headed and was told we were RTB. We made a stop they saw some guy I saw with bag he was questioned and sent on his way this was probably the only time I even looked out of the vehicle to see what was going on. [redacted] and to the best of my recollection none of the dismounts traveled to far from the vehicles. Then we may have stopped one other time all I know is the duration of the stops were not long enough for anyone to do what it is rumored had been done. On this mission I heard no gunshots, explosions of any kind, flashes or nothing out of the ordinary. To my understanding all actions were normal TTPs. I have heard rumors, that 5th PLT had detainees killed by members of the CLC, they tortured and killed the guy themselves, they threw grenades at him, cut up and dismembered his body. On the mission in question either I sleep hard as hell or the shit didn't happen, nothing was out of the ordinary to me. I served with SSG Warner at PB Woodcock and before deploying we were both with Cco. I went on countless missions with him and have never even seen him abuse, demean or disrespect an detainee yet alone murder one. I have rode in his truck on many occasions and all I have seen him do is throw candy and shit to kids, shake hands and take pictures with people. The things he and LT Behenna are rumored to have done in my opinion is uncharacteristic of them. As long as I have known either of them it is hard for me for one second to believe they are capable or would do something like this. In my opinion based upon a personal and professional relationship and being out with them on the mission in question, there is no way this shit happened.

Q. [redacted]
A. [redacted]
Q. Did you author the above statement?
A. Yes.
Q. Did you at any time see the detainees which were transported in the convoy to be released?
A. No. I know we stopped and they supposedly got out, that is all I know.

STATEMENT OF [redacted] **TAKEN AT** FOB Summerall, Bayji, IZ, **DATED** 17 Jun 08, [redacted]

Q. Did you hear anyone say either of the detainees was still with the convoy when entering or leaving Albu Toma?

A. No, I think I may have heard them say they were out, but I really do not know.

Q. Did you listen to the headsets for radio traffic while you were riding in the vehicle during the mission?

A. Most of the time I do not, [redacted] and his team do not talk much, if I did wear it, I did not wear it long. I do not know if I listened in at all. I think the only time I did get on it, was when I woke up and got on to ask where we were and was told we were returning to base (RTB).

Q. Did you go with the 5th Platoon, D Company on 21 Apr 08?

A. No, I was not on that mission.

Q. Did you accompany the 5th Platoon, D Company on 5 May 08 when they captured Ali MANSOUR?

A. I do not think I was, I really think that my first mission with this platoon was the release mission on 16 May 08.

Q. Did anyone tell you what to write in any statements about the mission on 16 May 08?

A. No, I have not even spoken with them. As soon as I got my [redacted] now.

Q. At any time, has anyone told you they were present during the death of Ali MANSOUR?

A. No.

Q. Do you believe anyone from 5th Platoon, D Company was involved in the death of Ali MANSOUR?

A. No, based upon the facts and knowing the people.

Q. Who do you believe may have been involved in the death of Ali MANSOUR?

A. What I heard is the guy was messing with someone's wife and he caught him. I think it is extremely possible it was done by an Iraqi man.

Q. Is there anything you wish to add to this statement at this time?

[redacted] want to make the following statement under oath:

On the 21st of April we were on a mission to a town that we do not normally go to as it was in the cob spikier air space and we had to get permission to go there and to get two guys. Then on the way back to fob summerall [redacted] blown up by an IED and we lost two guys from our platoon and a terp from Anther Company that was with us and two CLC guys. I saw the two guys that we had get pulled out of the truck that they were in and get beaten by some of the other CLC guys that were not hurt in the explosion and our terp [redacted] as it was one of his friends that was killed too. I was pulling [redacted] that we were traveling down so that we did not get more IEDs put in behind us as we were leaving. Then on the 5th of may we were out at Al Batoma to see the [redacted] there and we were told that there was two guys that we should go and take a look at and talk to so we did and we got info from the first guy we talked to about the guy in the next house about having weapons that he shouldn't have so we go there and find that they both have more ammo for the weapons that they have then they should and we bring them both in and take the extra ammo that we find too. I did not see any more damage than was necessary to open locked doors on either house. Then on the 16th of May we were told that one of the guys that we were dropping off at the CLC was an al quida person and that we did not have the info to keep him. I heard later on during the investigation that he was on of the guys that put the IED in that killed two of our guys and his name was Ail MANSOUR. We were not happy about letting him go but we did not have a choice in the matter we were told to let him go and as far as I knew that was what we were going to do. So we left out gate 3 and took Phoenix to Hershey south and then to Tampa where we were told that they both were going to get dropped off at and then we were going to go to [redacted] house and talk to him. While we were there I was told that we had Mansour still with us and that we were going to drop him off in the desert and let him go home from there. We took a rout through the desert that led near the train tracks and then we stopped one guy that was out in the desert as it was getting dark and he had a bag in his hands it turned out that he was going home from the market and then we kept going and then stopped again and I thought that this was when we were going to drop off the last guy so he could walk home from were we were. We were there for a little wile and we were wondering how much longer we were going to be there when [redacted] t out of the truck to see what was taking so long. He then got back in the truck and we left to get back to the fob for chow. I did not think that we had done anything but let the guy go but he turned up dead on the 20th or 21st and then I started to think that he was killed after we dropped him off so I did not worry about it until we were told that we had to do statements that we dropped them off and where we dropped them off at. We were told that we dropped them both off at the CLC check point on hershy/tampa and that we did not take the desert at all by SSG Warner.

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

On or about the end April I came to Dco 5th Plt. Shortly after I began running missions. I don't recall the mission on the 5th of may or whether or not I was there. Then on the 16th of may we where tasked out to do a detainee drop off . We had got both detainees and I seen them sitting in front of some hesscos. We received the mission brief and I went and sat in (b)(6) (b)(7)(C) (b)(3) I sat around for about 5 maybe ten minutes and everyone started to load up and I didn't see who got the detainees. We SP and took Hershey south to the corner of Tampa at the CLC checkpoint. From there I sat in the truck until we took off onto Tampa and headed south to Albutoma. Once in Albutoma we stopped on market street to do an SOI. We where there for about an hour to an hour and a half. We mounted back up and went to (b)(6) (b)(7)(C) house. Lt.Behanna went in and talked to (b)(6) (b)(7)(C) and (b)(6) (b)(7)(C) (b)(3) We stayed at (b)(6) (b)(7)(C) for about an hour or so and mounted back up. We made our way back onto Tampa and headed north. Shortly after we hit Tampa Lt.Behanna said for (b)(6) (b)(7)(C) (b)(3) take the desert route back and that he wanted to show (b)(6) (b)(7)(C) (b)(3) and SSG Warner the route. On the way they saw a man about a 100 meters off the side of our route. We dismounted and Lt. Behanna had the terp tell the man to lift up his dress to see if he had anything on him. The man was clear and we mounted back up. We started driving and shortly after SSG Warner and (b)(6) (b)(7)(C) (b)(3) We keep driving and then came to a stop. Someone came over the radio and said they where going to clear the colvert. We sat there for about ten minutes and I stayed in the truck. I didn't hear or see anything out of the ordinary. Someone said over the radio were good and we made our way back onto Hershey south and RTB. About 3 or 4 days later I started hearing rumors that they made him walk back from the desert. Then a week later (b)(6) (b)(7)(C) (b)(3) said we had to do sworn statements. From there we where pulled together by SSG Warner and we made the statements. We where told what time and what route we took back. Then we made the statements off what we remembered.

(b)(6) (b)(7)(C) (b)(3) [redacted] want to make the following statement under oath:

On 21 April, 1LT Behenna and his PLT went on a mission to Salam village. According to rumors at the time, the mission was unauthorized because during the mission, the PLT crossed into the 1STB AO without permission. I do not have personal knowledge of whether or not the mission was authorized or not. Subsequent email traffic from BDE in the days following warned against crossing into other AO's without permission.

Five Detainees were brought in after the incident. (b)(6) (b)(7)(C) (b)(3) on all five, but three of them were lacking sworn statements in the Detainee packet, so I went to 1LT Behenna to try and find out the circumstances of capture and why these individuals.

I spoke with 1LT Behenna after the incident. The reason I asked him about the incident is (b)(6) (b)(7)(C) (b)(3) [redacted] of the Detainees from the raid. Out of the five Detainees, at least two of them were detained prior to the IED detonation. These were also the individuals who had no Coalition Forces sworn statements in their packets. (A minimum of two CF sworn statements and a CF apprehension form as well as a 4137 are mandatory when turning someone in to the Detainee Collection Point (DCP). Under the circumstances, however, with the fatalities that were incurred by the PLT, it was understandable that this paperwork had not been completed. So I wanted to ask 1LT Behenna exactly why these individuals had been detained in the hopes of properly screening them, so I could make a recommendation on whether to send them to BDE or not, and so I could help generate any reporting that was lacking to help the packets.

When (b)(6) (b)(7)(C) (b)(3) the Detainees, the ones that had been detained prior to the IED detonation (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) The detainees stated (during in-processing and subsequent screening) that the Sons of Iraq who had traveled with 1LT Behenna in his MRAPS during the Salam village mission in the presence of CF Soldiers. The Detainees were beaten after the IED detonation. According to CF sworn statements, the CF Soldiers were busy "policing up their wounded and dead Soldiers" that they could not stop the Sons of Iraq. (There was some kind of Detainee abuse paperwork started, probably in the form of an SIR. I remember the packets had sworn statements from the Soldiers and pictures of the abuse.)

In any case, my screening of the Detainees indicated that they were not terrorists, in my professional opinion. The Detainees were subsequently released. But prior to their release, they told me they suspected (b)(6) (b)(7)(C) of giving false information on them to CF, because they saw him or his guys present, but they could not attribute a motive to this, or they did not want to say.

Preliminary investigation determined at approximately 1830, 16 May 08, while enroute to return a released detainee, 1LT BEHENNA ordered his convoy to stop in the village of Albu Tu'mah, Bayji district. 1LT BEHENNA exited his vehicle and stated, "I don't want anybody with me except for the Terp and SSG WARNER." 1LT BEHENNA ordered his interpreter (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) to remove Mr. Ali Mansur MUHAMMAD, a detainee, from the same vehicle. 1LT BEHENNA led Mr. Ali Mansur MUHAMMAD, SSG WARNER, and Mr (b)(6) (b)(7)(C) to a tunnel, approximately 100 meters south of the convoy. ORGANIZATION OR ADDRESS (b)(6) (b)(7)(C) (b)(3)

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:

On the 5th of May 2008 at approximately 1500 hrs I was part of a mission to go to Al Butoma and visit (b)(6) (b)(7)(C) and then possibly detain some suspects. I was the (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) which consisted of SSG Warner as the TC and (b)(6) (b)(7)(C) (b)(3) and I'm not sure who the dismounts were. We arrived at (b)(6) (b)(7)(C) house and (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) We were there for approximately 1 hour and then we rolled out right down the street to the target house. SSG Warner and the dismounts left the truck and entered the house and were out of my sight at that time. (b)(6) (b)(7)(C) (b)(3) until they finished at which point they came out with multiple detainees, I don't recall the number, and began placing them in our trucks. One of them was Ali Mansoor. We then proceeded to return to base. After returning I went straight back to my CHU and the detainees were escorted down to the D-cell. I don't remember who brought them down. Then on the 16th of May 2008 at approximately 1500 hrs we went on a mission to release 2 detainees, one of whom was Ali Mansoor, in Mesra. (b)(6) (b)(7)(C) (b)(3) SSG Warner, (b)(6) (b)(7)(C) (b)(3) I do not know who else was in the truck. I think (b)(6) (b)(7)(C) (b)(3) and Ali Mansoor (b)(6) (b)(7)(C) (b)(3) but I didn't see them myself. We stopped just outside of Mesra on Tampa to let the detainees out though I did not see them get out. We then proceeded to (b)(6) (b)(7)(C) house and (b)(6) (b)(7)(C) (b)(3) I'm not sure who went into the house but we were there for no more than 1 hr. (b)(6) (b)(7)(C) (b)(3) By then it was getting dark out so we mounted our NVGs before we left. When we got on Tampa I heard over the radio that we were going to be taking a different route back through the desert. While going through the desert we stopped and searched a civilian walking. I'm not sure who did the searching. I know SSG Warner got out of the truck. After that we continued driving and at some point changed our order of movement. I don't remember what reason was given over the radio. Shortly after that we stopped again but nobody announced why we were stopping over the radio. By then it was pretty dark outside, it was probably about 1930 hrs. SSG Warner dismounted the truck. I did not see where he went but it didn't seem like we were there for that long. (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) and talking with my driver so I couldn't see who SSG Warner was talking to or what he was doing. After a short time he got back in the truck and we began to head back to FOB Summerall.

STATEMENT (b)(6) (b)(7)(C) (b)(3) **TAKEN AT** Bldg #719, Tikrit CID office, COB Speicher, Tikrit, IZ, **DATED** June 21, 2008 CONTINUED:

(b)(6) (b)(7)(C) (b)(3) How long did the mission last on 5 May 08?
A: They were in the house at least an hour and half. If they hit another house they were right next to each other. The vehicles never changed location.
Q: How many vehicles were on the 5 May 08 mission?
A: Three, we didn't start using four till later.
Q: Why did you start using four MRAPs?
A: (b)(6) (b)(7)(C) (b)(3) stated we should have four and he started borrowing the (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) We only have three MRAPs assigned to our platoon.
Q: Do you have a platoon medic?
A: No this is the first time for that. We get all different medics.
Q: Do you know who the medics were on those missions?
A: No, not even sure if we took one at all on either mission.
Q: Does your vehicle have an identifier?
A: (b)(6) (b)(7)(C) (b)(3)
Q: Who were the dismounts on the 5 May 08 mission?
(b)(6) (b)(7)(C) (b)(3) There may have been another but I don't remember.
Q: How long were you at (b)(6) (b)(7)(C) on 5 May 08?
A: No more than an hour. Unless there is a big meeting we are usually not there longer than an hour.
Q: On 5 May 08 did you know the target house prior to departing FOB Summerall?
A: No. They just said we may hit some houses today.
Q: Was there a Concept of Operations (CONOPS) on 5 May 08?
A: No, very rarely in Delta Company to we get mission briefs.
Q: How many detainees were taken in on 5 May 08?
A: They took about 5 of them flexi-cuffed out of the house. I'm not sure how many we kept though.
Q: Who escorts the detainees to the D-Cell?
A: Usually at least one NCO and two or more Soldiers. I don't know who escorted them on 5 May 08.
Q: On the night of the 16 May 08 you were in the (b)(6) (b)(7)(C) (b)(3)
A: Looking at the map I would probably say so.
Q: Did you hear any gunshots during the time of SSG WARNER's dismount?
A: No.
Q: Did you see a bright flash or hear a loud boom while SSG WARNER was dismounted?
A: No.
Q: Did you see anyone else dismount during this time?
A: No, I did not.
Q: Did you hear any talk on the radio of what was going on?
A: (b)(6) (b)(7)(C) (b)(3) asked why we are stopped and what we are doing. I'm not sure if he got a response or it was like, "I don't know."

STATEMENT (b)(6) (b)(7)(C) (b)(3) **TAKEN AT** Bldg #719, Tikrit CID office, COB Speicher, Tikrit, IZ, **DATED** (b)(6) (b)(7)(C) (b)(3) e 21, 2008 CONTINUED:

Are you aware the Ali Mansur was killed and his body was found approximately 100 meters south of where your convoy stopped?
A: No, not until today.
Q: Do you know who killed Ali Mansur?
A: No, I do not.
Q: Does 1LT BEHENNA carry a GLOCK 9mm pistol?
A: Yes sometimes.
Q: Have you ever seen him fire it?
A: No.
Q: Who else carries Glock pistols in the platoon?
A: I've seen 1LT BEHENNA. I've seen (b)(6) (b)(7)(C) (b)(3) laying with them but not necessarily on mission. No one else really, definitely not the joes.
Q: Has SSG WARNER spoken about the night of the 16th of May 08?
A: No, it was never discussed again.
Q: Have you been approached by anybody about it?
A: No, (b)(6) (b)(7)(C) (b)(3) No but everybody was asking and wondering why we stopped. I'm sure people were coming up with all kinds of assumptions.
Q: Did you find it odd the order of march (OOM) was changed so late in the mission and so close to the FOB?
A: Yes.
Q: What would you say is odd about that?
A: We switch around sometimes but there is usually an explanation like we turn around on a road or something. The way we switched out didn't make sense. If you are lost someone usually jumps up and takes lead but we completely switched around.
Q: Were you at the ADACG with 1LT BEHENNA?
A: Yes but he left in the middle of the night with a large group. I went to midnight chow and then took the bus to the MWR North. I returned to the ADACG hold over tents at approximately 0400 hours and they were all gone.
Q: Why didn't you go to FOB Summerall?
A: (b)(6) (b)(7)(C) (b)(3) told me to stay here to talk to CID.
Q: Was 1LT BEHENNA with you?
A: Yes he was in the tent with us. (b)(6) (b)(7)(C) (b)(3) pulled me to the side when he told me.
Q: Approximately how long were you stopped when SSG WARNER dismounted?
A: Could have been anywhere from 5 to 15 minutes. We were just sitting there talking not really paying attention.
Q: Do you have anything else to add to this statement?
A: No.///End of Statement///

The questioning may not be utilized to discourage a suspect/accused from exercising his/her rights. (For example, do not make such comments as "If you didn't do anything wrong, you shouldn't need an attorney.)"

DETAILS

About 0815, 18 Jun 08, (b)(6) (b)(7)(C) (b)(3) conducted a crime scene examination of the east underpass underneath railroad tracks (Bayji Railroad) located at Grid Coordinate LD 59625 61025 located in the vicinity of Bayji, IZ.

CHARACTERISTICS OF THE SCENE: The underpass was constructed under the railroad and was in place to allow water to flow through to the valley. The underpass was constructed of concrete with walls on the north and south ends. The east and west ends of the underpass were open and extended outward from the berm. The underpass was approximately 9' 10" wide from north to south and was approximately 6'8" at the highest point of clearance. The berm built up along the sides of the underpass was made up of dirt, rock, and sand.

CONDITION OF THE SCENE: The underpass was littered with aged anti aircraft munitions, rubble, and other debris. The floor of the underpass was not clear and most of the rubble lined the north wall. Approximately 5'8" from the center of the west end of the underpass was a stain of unknown origin. The stain extended lengthwise approximately 4'1" from end to end and 3'1" from across. The center of the stain measured approximately 7'8" from the entrance of the north wall and 7'10" from the corner of the south wall. The stain was covered with sand and small stones. Inside the stain, approximately 6'8" from the entrance of the north wall and 8' from the corner of the south wall, was a melted mass of unknown metal. The melted mass measured approximately 8" long and 5" across. The center of the mass depressed into the floor approximately 1 cm. Examination of the rubble closest to the north wall revealed suspected blood spatter on various rocks and the floor. Several spots of blood spatter were observed to be circular in shape and consistent with that of blood dripping from a vertical point. Several spots of blood spatter were also observed having an oblong shape with the narrow (tail) end pointing to the west entrance and the wider end pointing to the east entrance. These spatter points were consistent with that of blood hitting the ground at an angle with unknown velocity. The nearest spatter was approximately 7'2" from the center of the stain with the farthest extending approximately 8'6" from the center of the stain. There were no unusual odors detected.

ENVIRONMENTAL CONDITIONS: At the time of the examination the outside temperature was approximately 95 degrees Fahrenheit with an easterly wind of approximately 20 miles an hours. The wind, at times, appeared to funnel through the underpass creating a small vacuum type effect. No precipitation had fallen within 24 hours and no precipitation was reported within the last 30 days. Sandstorms and high winds were prevalent over the last few weeks.

FACTORS PERTINENT TO ENTRY/EXIT: The under pass could be access from all directions. The traverse the underpass one would enter from either the east or west end of the underpass. The underpass was large enough for small vehicles to pass through.

SCENE DOCUMENTATION (b)(6) (b)(7)(C) (b)(3) prepared three sketches documenting the location of the railroad tracks; the horizontal view of the underpass; and the floor of the underpass. (b)(6) (b)(7)(C) (b)(3) exposed digital

The evidence was documented on an Evidence/Property Custody Document, Document Number 0594-08.

SEARCH BEYOND THE SCENE: A search of the area between the east and west underpass was conducted. Additionally, the opposite ends of both underpasses were searched, which met with negative results. Every effort should be made to complete the waiver certificate before any questioning begins. If the waiver certificate cannot be completed at once, as in the case of street interrogation, completion may be temporarily postponed.
Notes should be kept on the circumstances.

PRIOR INCRIMINATING STATEMENTS:
1. If the suspect/accused has made spontaneous incriminating statements before being properly advised of his/her rights he/she should be told that such statements do no obligate him/her to answer further questions.
2. If the suspect/accused was questioned as such either without being advised of his/her rights or some question exists as to the propriety of the first statement, the accused must be so advised. The office of the serving Staff Judge Advocate should be contacted for assistance in drafting the proper rights advisal.

NOTE: If 1 or 2 applies, the fact that the suspect/accused was advised accordingly should be noted in the comment section on the waiver certificate and initialed by the suspect/accused.

WHEN SUSPECT/ACCUSED DISPLAYS INDECISION ON EXERCISING HIS OR HER RIGHTS DURING THE INTERROGATION PROCESS: If during the interrogation, the suspect displays indecision about requesting counsel (for example, "Maybe I should get a Lawyer."), further questioning must cease immediately. At that point, you may question the suspect/accused only concerning whether he or she desires to waive counsel. The questioning may not be utilized to discourage a suspect/accused from exercising his/her rights. (For example, do not make such comments as "If you didn't do anything wrong, you shouldn't need an attorney.")

NAME: (b)(6) (b)(7)(C) (b)(3) **SSN** (b)(6) (b)(7)(C) (b)(3) **GRADE/STATUS** (b)(6) (b)(7)(C) (b)(3)
ORGANIZATION OR ADDRESS: (b)(6) (b)(7)(C) (b)(3)
(b)(6) (b)(7)(C) (b)(3)

(b)(6) (b)(7)(C) (b)(3)

I, (b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:
On June 9 2008 I along with other members of 5th platoon at around 1930 was told by the platoon sgt. That we all needed to make a sworn statement about what happened on the May 16. We met down at s(b)(6) (b)(7)(C) (b)(3)oom and we all talked about what we were going to write on the statement. After the platoon agreed that we did not want to get the LT in anymore trouble than he had already had gotten himself into. We were told by the (b)(6) (b)(7)(C) (b)(3) that we were going to write on the sworn statements that instead of what happened we were going to say that the LT dropped 2 guys off at the CLC checkpoint instead of the one guy we actually dropped off and that instead of saying we drove through the desert we were going to write that we took the same route into the fob as we took out. So after the brief we went down to ssgt warners an(b)(6) (b)(7)(C) (b)(3)om and had to write what we were just told to write down. While I was in there I heard Ssgt warner and (b)(6) (b)(7)(C) (b)(3) orrecting people if they were about to write something different. Originally I along with other people didn't remember certain things about that since it didn't seem like anything that day was a big deal. So ssgt warner and (b)(6) (b)(7)(C) (b)(3) ached us through the right way to right the statements. In my statement I initially stated that we dropped 2 people off at the CLC checkpoint which was incorrect we actually only dropped off one detainee and the other detainee who I know now was Ali monsour stayed in the truck. Also on the statement instead of writing what happen I wrote down what I was told to and wrote that we took the same route back in as we took out instead of writing we drove through the desert on the way back.

Q. (b)(6) (b)(7)(C) (b)(3)
A.
Q. Did you author the above statement?
A. Yes.
Q. How do you know the time and date you provided the statement to the unit?
A. I was shown a copy of the statement I provided, and the date and time were on the statement?
Q. Do you remember who was providing statements for the unit?
A. I know (b)(6) (b)(7)(C) (b)(3) and (b)(6) (b)(7)(C) were there, and (b)(6) (b)(7)(C) (b)(3) were there as well. As far as I know everyone from the unit filtered in and wrote statements.
Q. Who was the (b)(6) (b)(7)(C) (b)(3) at the time the statements were written?
A. (b)(6) (b)(7)(C) (b)(3)
Q. Where di(b)(6) (b)(7)(C) (b)(3) rovide the briefing on writing the statements?
A. Down next to his containerized housing unit (CHU).
Q. Was (b)(6) (b)(7)(C) (b)(3) resent when you wrote your statement?
A. No, he was not.
Q: Did (b)(6) (b)(7)(C) (b)(3) nfluence your statement on 9 Jun 08 in any way?
A: When we were sitting around (b)(6) (b)(7)(C) (b)(3) CHU he told us what to write. SSG WARNER an(b)(6) (b)(7)(C) (b)(3) ere the two who made sure we wrote what we were supposed.

STATEMENT OF (b)(6) (b)(7)(C) (b)(3) **TAKEN AT** FOB Summerall, Bayji, IZ, **DATED** 30 Jun 08 (b)(6) (b)(7)(C) (b)(3)

CONTINUED:

Q. Was a vote taken in the platoon about whether or not to write the statements showing inaccurate details of 16 May 08?

A. Not really a vote, it was like raise your hand if you do not want to do it. Someone raised their hand, and I do not remember who it was. We were then told we needed to decide right now if we were going to write statements like we were told to write them or if we wanted to write the truth. The person lowered their hand, because it was like getting singled out in the platoon.

Q. Did you agree with writing the statement you were told to write with the details you were told to write in it?

A. It was a little with trying to help out the LT, and agreeing with what the rest of the platoon was going to write. It would be bad for one person to write a different statement than the rest of the platoon, it would have screwed the whole platoon.

Q. Did you write any statements before 9 Jun 08 for your unit?

A. Yes, but they were torn up or something.

Q. Why did you write statements on two different days?

A. We messed up the first ones.

Q. How did you mess up the first ones?

A. All of us thought it was a normal day and we had gone out at the normal time, we were completely off the correct times after someone checked the times with the TOC. There was other stuff like people writing in the wrong areas of the forms, the headings were messed up and stuff like that. We were told they could not be used, and when we were told the write the second ones, we were told we had to write them because we had messed up the first ones.

Q. Why did you write the statement?

A. Because we were told to.

Q. Who told you you had to write the statements?

A. SSG WARNER and (b)(6) (b)(7)(C) (b)(3)

Q. What was the intention of the Platoon writing statements?

A. To help the LT out pretty much. We were told we had to write them before the investigation started.

Q. Were you told to write anything specific in the statement you provided on 9 Jun 08?

A. That we did drop off two people at the CLC checkpoint at Hershey and Tampa, and that we took the same route back to the FOB that we left on.

Q. Who told you to write that you dropped off two people at the CLC checkpoint and that you took the same route to and from FOB Summerall?

A. SSG WARNER and (b)(6) (b)(7)(C) (b)(3)

Q. Why were you told to write you had dropped off the two people at the CLC checkpoint and took the same route to and from FOB Summerall?

A. To not incriminate the LT any more than we had to, to try to help him out.

Q. Did you know what you were writing in the statement was false?

A. Yes.

Q. Did you tell anyone you did not wish to write the statement?

A. No.

Q. Did you feel you had the option to write the statement differently, or not write a statement at all?

STATEMENT OF (b)(6) (b)(7)(C) (b)(3) **TAKEN AT** FOB Summerall, Bayji, IZ, **DATED** 30 Jun 08 (b)(6) (b)(7)(C) (b)(3)

CONTINUED:

A. No.

Q. What do you believe would have happened if you had refused to write the statement as you were told to write it, or refused to write a statement at all?

A. I do not know, one of the main reasons is SSG WARNER lives around us, he is with us all the time. He comes over and talks (b)(6) (b)(7)(C) (b)(3) He came over and told me that I needed to get a lawyer because his lawyer told him that I should. His lawyer told him that everyone in his (b)(6) (b)(7)(C) (b)(3) should get a lawyer because we could all be charged with conspiracy for murder. I was in his CHU writing the statement, I do not know what would have happened if I had refused.

Q. Did you want to write a different statement than the one you provided to the unit on 9 Jun 08?

A. I just did not want to write a statement period, it was the fact that we were writing something other than what had happened. I was not fighting about writing it, I just did not want to write it. I knew that I was going to have to write the statement, there was no way around it.

Q. Do you believe you would have suffered any consequences if you had refused to write the statement?

A. Of some kind, I have no idea what. It could have been anything like me losing (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) or if the platoon had stayed together, being known as that guy who did not stand by the platoon.

Q. Do you feel you were forced to make the statement?

A. I was not physically forced, but there was no getting around it, I was going to have to make the statement.

Q. Were you provided breaks during the interview to eat and use the latrine?

A. Yes.

Q. How were you treated during your interview?

A. Fine.

Q. Is there anything you wish to add to this statement at this time?

A. No.////// (b)(6) (b)(7)(C) (b)(3) //////////////////End of Statement//

(If the suspect/accused says "no," determine what is not understood, and if necessary repeat the appropriate right advisement. If the suspect/accused says "yes," ask the following question.)

"Have you ever requested a lawyer after being read your rights?" [redacted] (b)(6) (b)(7)(C) (b)(3)
(If the suspect/accused says "yes," find out when and where. If the request was recent (i.e., fewer that 30 days ago), obtain legal advice on whether to continue the interrogation. If the suspect/accused says "no," or if the prior request was not recent, ask him/her the following question.)

"Do you want a lawyer at this time?" [redacted] (b)(6) (b)(7)(C) (b)(3)
(If the suspect/accused says "yes." stop the questioning until he/she has a lawyer. If the suspect/accused says "no," ask him/her the following question.)

[redacted] (b)(6) (b)(7)(C) (b)(3) this time, are you willing to discuss the offense(s) under investigation and make a statement without talking to a lawyer and without having a lawyer present with you?" (If the suspect/accused says "no," stop the interview and have him/her read and sign the non-waiver section of the waiver certificate on the other side of this form. If the suspect/accused say "yes," have him/her read and sign the waiver section of the waiver certificate on the other side of this form.)

SPECIAL INSTRUCTIONS

WHEN SUSPECT/ACCUSED REFUSES TO SIGN WAIVER CERTIFICATE: If the suspect/accused orally waives his/her rights but refuses to sign the waiver certificate, you may proceed with the questioning. Make notations on the waiver certificate to the effect that he/she has stated that he/she understands his/her rights, does not want a lawyer, wants to discuss the offense(s) under investigation, and refuses to sign the waiver certificate.

IF WAIVER CERTIFICATE CANNOT BE COMPLETED IMMEDIATELY: In all case the waiver certificate must be completed as soon as possible. Every effort should be made to complete the waiver certificate before any questioning begins. If the waiver certificate cannot be completed at once, as in the case of street interrogation, completion may be temporarily postponed.
Notes should be kept on the circumstances.

PRIOR INCRIMINATING STATEMENTS:
1. If the suspect/accused has made spontaneous incriminating statements before being properly advised of his/her rights he/she should be told that such statements do no obligate him/her to answer further questions.
2. If the suspect/accused was questioned as such either without being advised of his/her rights or some question exists as to the propriety of the first statement, the accused must be so advised. The office of the serving Staff Judge Advocate should be contacted for assistance in drafting the proper rights advisal.

NOTE: If 1 or 2 applies, the fact that the suspect/accused was advised accordingly should be noted in the comment section on the waiver certificate and initialed by the suspect/accused.

WHEN SUSPECT/ACCUSED DISPLAYS INDECISION ON EXERCISING HIS OR HER RIGHTS DURING THE INTERROGATION PROCESS: If during the interrogation, the suspect displays indecision about requesting counsel (for example, "Maybe I should get a Lawyer."), further questioning must cease immediately. At that point, you may question the suspect/accused only concerning whether he or she desires to waive counsel. The questioning may not be utilized to discourage a suspect/accused from exercising his/her rights. (For example, do not make such comments as "If you didn't do anything wrong, you shouldn't need an attorney.")

(b)(6) (b)(7)(C) (b)(3)

(b)(6) (b)(7)(C) (b)(3) want to make the following statement under oath:
At approximately 9 June 2008, I was ordered by (b)(6) (b)(7)(C) (b)(3) to have (b)(6) (b)(7)(C) (b)(3) write sworn statements about where we dropped off our detainees, (b)(6) (b)(7)(C) (b)(3) told me after he came back from a patrol w/another platoon to the Messerah CLC checkpoint, he couldn't understand why the CLC leader would lie about how many detainees were dropped off. So, that same day, I instructed my (b)(6) (b)(7)(C) (b)(3) to have the boys write sworn statements on the actions that day, specifically where we dropped off our detainees…both my leaders said " we got it"…I said that I would print out the blank sworn statements. Now, I am not exactly sure of when (b)(6) (b)(7)(C) (b)(3) in relation to when the statements were written but I do remember addressing the men about the whole situation. It is my job to always inform my men of any situation in which we are all involved in or if it affects all of us. I have been that way, and continued even after I was informed about the death of Ali Monsoor. I told my men everything that I knew of this possible inquiry into our platoon operations regarding a detainee that we dropped off approx. 5 days ag(b) (7)(D) (b) (7)(D) This made me mad. (b)(6) (b)(7)(C) (b)(3) always joked about how they were always under investigation for one thing or another…that never sat well w/me being the (b)(6) (b)(7)(C) (b)(3) Not that the men would say such a thing proudly, but because it is never a point of pride, in my eyes, to be questioned about the manner which you lead or of how you conducted your business. To me, being criticized w/out just cause or reason was just a way to pick a fight w/me. So I'm sure that I spoke of such things along that line…I knew that there were no official investigations that was announced, yet. However, I felt insulted in that there was someone insinuating that I or my men did something wrong outside of our sworn duties. I knew that it was my platoon that dropped him off, but who's to say that he wasn't picked up by someone else or that there might be someone out there that hates US forces so much as to try to frame coalition forces or make false claims. That's what was running in my mind at the time and I probably said things in that manner, more or less. Hell, the (b)(6) (b)(7)(C) (b)(3) wasn't even here to confirm, deny, defend, or go on the attack as far as protecting the honor of our platoon, company, unit, or Flag. So, as far as I was concerned I do remember emphasizing that we have to put down that we dropped off the detainees to the CLC and that there was no way that our Lt., one of our own was going down for something that we didn't do or worst yet, for something "someone" said who might be against Americans or Coalition Forces. (Just for the record, at that time, I had no proof or reason to believe anything other than that we dropped off both our detainees alive. Of course, later when more evidence or proof or information was arising from what (b)(6) (b)(7)(C) (b)(3) was sharing w/me and w/my own further investigation of what people knew…that was not the case). I did not order anyone to lie nor did I threaten anyone to put down things that I wanted them to put down or not say. I did, however, believe that my platoon did nothing wrong to include the Lt. and that if we stuck together, we could "weather the storm" you might say. I was the last to turn in my

Q. Did you author the above statement?

A. Yes.

Q. Did you intend at any time to cover up any actions of [redacted] when you asked them to write the statements they provided?

A. No.

Q. At the time the statements were written, did you believe a crime had been committed by 1LT BEHENNA or any other person in your platoon against Mr. MANSOUR?

A. When I wrote the statement, no I did not believe a crime had happened.

Q. Did you request the statements written by [redacted] include dropping off two detainees at the CLC checkpoint and omit the detour in to the desert on the way back to FOB Summerall?

A. I mentioned dropping off the two detainees, and letting the Unit know we had dropped off the two detainees was the most important part. I told them that all we needed to do was relate we had dropped off the two detainees and not to go in to detail about anything else as the only thing in question was where the detainees had been dropped off at. I know that I spoke to the leaders about the statements, and told them the emphasis was on where we had dropped the two detainees off at.

Q. At the time you requested your Platoon write the statements, did you believe two detainees had been dropped off at the CLC Checkpoint?

A. Yes.

Q. Why did you believe the two detainees had been dropped off at the CLC checkpoint?

A. The LT told me. I actually honestly thought we had dropped him off at the second stop in Albu Toma when the man was handing out sodas to the Soldiers.

Q. Do you believe any member of your Platoon knew 1LT BEHENNA was involved in the death of Mr. MANSOUR at the time they wrote the statements to the unit?

A. No.

Q. Is there anything you wish to add to this statement at this time?

A. No. [redacted] //////////////////End of Statement//

DETAILS

About 1200, 12 Jul 08, (b)(6) (b)(7)(C) (b)(3) briefed (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) on all known aspects of this investigation, and how it was suspected Mr. MANSOUR's blood may be present on the clothing and/or equipment 1LT BEHENNA and SSG WARNER were wearing on 16 May 08.

About 1722, 12 Jul 08, (b)(6) (b)(7)(C) (b)(3) coordinated with (b)(6) (b)(7)(C) (b)(3) who granted authorizations to search 1LT BEHENNA's and SSG WARNER's residences. The authorizations were documented on Search and Seizure Authorizations.

About 1815, 13 Jul 08, (b)(6) (b)(7)(C) (b)(3) subsequent to a magistrate's authorization, provided a copy of the search authorization to SSG WARNER (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) conducted a search of SSG WARNER's assigned living area at CHU# 30-C, Life Support Area (LSA) # 13, COB Speicher. The search resulted in the seizure of the following items of evidence: two pair tan boots; one camel back hydration system; two Interceptor Body Armor carriers; one pair gloves; one Army Combat Helmet cover; one Army Combat Uniform (ACU) jacket; two pair ACU trousers; one ACU undershirt; two ammunition pouches; and one pouch/carrier. During the search (b)(6) (b)(7)(C) (b)(3) utilized a Lynn Peavey Ultralight Alternate Light Source (ALS) to examine suspected items of evidence. (b)(6) (b)(7)(C) (b)(3) exposed digital images of the seized evidence utilizing a Nikon D80 digital camera with flash.

About 1845, 13 Jul 08, (b)(6) (b)(7)(C) (b)(3) coordinated with (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) who arrived at the building and related he was mistaken on the room number he provided as 1LT BEHENNA's residence. The correct room was Room F in the same building located approximately 50 meters from Room 8. (b)(6) (b)(7)(C) (b)(3) coordinated with (b)(6) (b)(7)(C) (b)(3) and briefed her on the room number mistake. (b)(6) (b)(7)(C) (b)(3) drafted a second Affidavit and Search and Seizure Authorization reflecting the correct room for 1LT BEHENNA.

About 2133, 13 Jul 08, (b)(6) (b)(7)(C) (b)(3) granted authorization to search 1LT BEHENNA's residence located at Room F of the building between Buildings 2906 and 2907, COB Speicher. The authorization was documented on a Search and Seizure Authorization.

About 2147, 13 Jul 08 (b)(6) (b)(7)(C) (b)(3) provided a copy of the Search and Seizure authorization to 1LT BEHENNA.

About 2207, 13 Jul 08, (b)(6) (b)(7)(C) (b)(3) subsequent to a magistrate's authorization, conducted a search of 1LT BEHENNA's assigned living area at Room F of a building located between Buildings 2906 and 2907, COB Speicher. The search resulted in the seizure of the following items of evidence: one ACH cover, two pairs of boots, two pairs of gloves, four sets of ACU trousers, one pair of kneepads, one groin protector, one Improved first aid kit pouch, one magazine pouches, two hand grenade pouches, one Improved outer

AFFIDAVIT SUPPORTING REQUEST FOR AUTHORIZATION TO SEARCH AND SEIZE OR APPREHEND

For use of this form, see AR 27-10; the proponent agency is OTJAG.

BEFORE COMPLETING THIS FORM, SEE INSTRUCTIONS ON PAGE 2

1. I, (b)(6) (b)(7)(C) (b)(3) (Name), (b)(6) (b)(7)(C) (b)(3) (Organization or Address)

having been duly sworn, on oath depose and state that:

Preliminary investigation determined at approximately 1830, 16 May 08, while enroute to return a released detainee, 1LT Michael C. BEHENNA ordered his convoy to stop in the village of Albu Tu'mah, Bayji district. 1LT BEHENNA exited his vehicle and stated, "I don't want anybody with me except for the Terp and SSG WARNER." 1LT BEHENNA ordered his interpreter, (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) to remove Mr. Ali MANSOUR, a detainee, from the same vehicle. 1LT BEHENNA led Mr. MANSOUR, SSG Hal M. WARNER, and (b)(6) (b)(7)(C) to a railroad track culvert, approximately 100 meters south of the convoy. Once inside the culvert 1LT BEHENNA and SSG WARNER cut off Mr. MONSOUR's clothing. 1LT BEHENNA then demanded Mr. MANSOUR tell him everything he knows and then fired two rounds from a 9mm pistol at Mr. MANSOUR. SSG WARNER then placed an incendiary hand grenade on Mr. MANSOUR's neck and pulled the pin, activating the grenade. 1LT BEHENNA, SSG WARNER, and Mr (b)(6) (b)(7)(C) returned to the convoy vehicles and proceeded back to FOB Summerall. Mr. MANSOUR's body was found around 2030, 17 May 08, by Iraqi Police patrols. At the crime scene Iraqi Police recovered a 9mm shell casing, which was near the body and a metal item, identified as a detonator, from beneath the neck.

2. The affiant further states that:
On 13 Jun 08, (b)(6) (b)(7)(C) (b)(3) interviewed Mr (b)(6) (b)(7)(C) witnessed by (b)(6) (b)(7)(C) an MND-N G3 Linguist, Arabic Translator, who executed a written sworn statement detailing how on 16 May 08, 1LT BEHENNA and SSG WARNER cut the clothes off of Ali MANSOUR, with knives, while at a culvert in the Bayji district. 1LT BEHENNA then had Ali MANSOUR sit on a rock in the culvert where he executed Ali MANSOUR with two shots from a 9mm Glock semi-automatic pistol. SSG WARNER then placed and employed an incendiary grenade on Ali MANSOUR's neck. 1LT BEHENNA and SSG WARNER collected the cut clothing and departed the culvert area with Mr (b)(6) (b)(7)(C)

On 18 Jun 08, the crime scene was processed and several digital photographs and video was exosed of the scene. Particularlly noted, was blood drops and spatter. A review of photographs taken of Ali MANSOUR's body, and of a Bayji medical doctor's report of examination of Ali MANSOUR's body idicated a lasceration on his right knee. This lasceration was never noted during the screening by U.S. medical personnel, while Ali MANSOUR was in U.S. custody.

On 11 Jul 08, while briefing digital evidence in this investigation, it was surmized that the clothing and military equipment 1LT BEHENNA and SSG WARNER were wearing on 16 May 08, may contain the presence of Ali MANSOUR's blood.

It is believed the lasceration to Ali MANSOUR's knee was caused when 1LT BEHENNA and SSG WARNER cut Ali MANSOUR's clothes from his body. It is further believed Ali MANSOUR's blood from the knee lasceration and from the gunshot wounds produced spatter which may have been transferred to both 1LT BEHENNA and SSG WARNER. Also, it is believed that Ali MANSOUR's blood may have been present on his cut clothing which would most likely in turn be transferred to 1LT BEHENNA and SSG WARNER, while they were collecting the clothing to dispose of it.

3. In view of the foregoing, the affiant requests that an authorization be issued for a search of SSG Hal M. WARNER

AFFIDAVIT SUPPORTING REQUEST FOR AUTHORIZATION TO SEARCH AND SEIZE OR APPREHEND

BEFORE COMPLETING THIS FORM, SEE INSTRUCTIONS ON PAGE 2

1. I, (b)(6) (b)(7)(C) (b)(3) (Name), (b)(6) (b)(7)(C) (b)(3) (Organization or Address)

having been duly sworn, on oath depose and state that:

Preliminary investigation determined at approximately 1830, 16 May 08, while enroute to return a released detainee, 1LT Michael C. BEHENNA ordered his convoy to stop in the village of Albu Tu'mah, Bayji district. 1LT BEHENNA exited his vehicle and stated, "I don't want anybody with me except for the Terp and SSG WARNER." 1LT BEHENNA ordered his interpreter, (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) to remove Mr. Ali MANSOUR, a detainee, from the same vehicle. 1LT BEHENNA led Mr. MANSOUR, SSG Hal M. WARNER, and (b)(6) (b)(7)(C) to a railroad track culvert, approximately 100 meters south of the convoy. Once inside the culvert 1LT BEHENNA and SSG WARNER cut off Mr. MONSOUR's clothing. 1LT BEHENNA then demanded Mr. MANSOUR tell him everything he knows and then fired two rounds from a 9mm pistol at Mr. MANSOUR. SSG WARNER then placed an incendiary hand grenade on Mr. MANSOUR's neck and pulled the pin, activating the grenade. 1LT BEHENNA, SSG WARNER, and Mr (b)(6) (b)(7)(C) returned to the convoy vehicles and proceeded back to FOB Summerall. Mr. MANSOUR's body was found around 2030, 17 May 08, by Iraqi Police patrols. At the crime scene Iraqi Police recovered a 9mm shell casing, which was near the body and a metal item, identified as a detonator, from beneath the neck.

2. The affiant further states that:

On 13 Jun 08 (b)(6) (b)(7)(C) (b)(3) interviewed Mr (b)(6) (b)(7)(C) witnessed by (b)(6) (b)(7)(C) an MND-N G3 Linguist, Arabic Translator, who executed a written sworn statement detailing how on 16 May 08, 1LT BEHENNA and SSG WARNER cut the clothes off of Ali MANSOUR, with knives, while at a culvert in the Bayji district. 1LT BEHENNA then had Ali MANSOUR sit on a rock in the culvert where he executed Ali MANSOUR with two shots from a 9mm Glock semi-automatic pistol. SSG WARNER then placed and employed an incendiary grenade on Ali MANSOUR's neck. 1LT BEHENNA and SSG WARNER collected the cut clothing and departed the culvert area with Mr (b)(6) (b)(7)(C)

On 18 Jun 08, the crime scene was processed and several digital photographs and video was exosed of the scene. Particularlly noted, was blood drops and spatter. A review of photographs taken of Ali MANSOUR's body, and of a Bayji medical doctor's report of examination of Ali MANSOUR's body idicated a lasceration on his right knee. This lasceration was never noted during the screening by U.S. medical personnel, while Ali MANSOUR was in U.S. custody.

On 11 Jul 08, while briefing digital evidence in this investigation, it was surmized that the clothing and military equipment 1LT BEHENNA and SSG WARNER were wearing on 16 May 08, may contain the presence of Ali MANSOUR's blood.

It is believed the lasceration to Ali MANSOUR's knee was caused when 1LT BEHENNA and SSG WARNER cut Ali MANSOUR's clothes from his body. It is further believed Ali MANSOUR's blood from the knee lasceration and from the gunshot wounds produced spatter which may have been transferred to both 1LT BEHENNA and SSG WARNER. Also, it is believed that Ali MANSOUR's blood may have been present on his cut clothing which would most likely in turn be transferred to 1LT BEHENNA and SSG WARNER, while they were collecting the clothing to dispose of it.

DETAILS

About 1400, 15 Aug 08, (b)(6) (b)(7)(C) (b)(3) interviewed Mr. (b)(6) (b)(7)(C) Iraqi Police Transition Team, FOB Summerall. Mr (b)(6) (b)(7)(C) related he arrived at FOB Summerall in June 2007 and adopted the responsibility of maintaining a weapons cage which contained numerous weapons utilized to train the Iraqi Police. Mr. (b)(6) (b)(7)(C) related no log book or inventory was ever maintained in the weapons storage cage and there was no accurate record of weapons leaving or returning to the weapons cage. Mr. (b)(6) (b)(7)(C) related he remembered being in the weapons cage when (b)(6) (b)(7)(C) (b)(3) requested a 9mm Glock and a 9mm Barretta pistol. He related (b)(6) (b)(7)(C) (b)(3) gave the impression he was with the Military Transition Team (MTT) and wanted to sign out the weapons for training purposes. Mr. (b)(6) (b)(7)(C) related (b)(6) (b)(7)(C) (b)(3) was the only military person he had ever witnessed signing out weapons from the weapons cage. He related both weapons were signed out to (b)(6) (b)(7)(C) (b)(3) on a hand receipt and provided a copy of the hand receipt to this office earlier. A couple of minutes after (b)(6) (b)(7)(C) (b)(3) was issued the pistols, (b)(6) (b)(7)(C) (b)(3) returned and claimed the 9mm Glock he initially signed out was malfunctioning. Mr. (b)(6) (b)(7)(C) related Mr. (b)(6) (b)(7)(C) issued another 9mm Glock pistol to (b)(6) (b)(7)(C) (b)(3) in exchange for the bad pistol. Mr. (b)(6) (b)(7)(C) related he was under the impression Mr. (b)(6) (b)(7)(C) was going to change the serial number on the existing hand receipt to reflect the new 9mm Glock pistol issued to (b)(6) (b)(7)(C) (b)(3) However, he was not sure if that happened and could not find any other hand receipts to (b)(6) (b)(7)(C) (b)(3) Mr. (b)(6) (b)(7)(C) related he did know 1LT BEHENNA, but he never issued any weapons to him from the weapons cage. Mr. (b)(6) (b)(7)(C) related since the incident happened, the weapons cage had since been turned over to the military. Mr. (b)(6) (b)(7)(C) had nothing further to add that would assist in this investigation.

About 1200, 22 Aug 08, this office received the Final Reports from the Latent Print Branch, USACIL, which disclosed the examinations of the cartridge cases and grenade remnants revealed there were no latent prints suitable for identification.

About 1555, 22 Aug 08, (b)(6) (b)(7)(C) (b)(3) interviewed (b)(6) (b)(7)(C) (b)(3) related she did not remember the day she received the toothbrush or Mr. MANSOUR, but stated she met with Mr (b)(6) (b)(7)(C) at the Civil Military Operations Center (CMOC), FOB Summerall, to discuss another matter. She related towards the end of their meeting, Mr (b)(6) (b)(7)(C) handed her a black plastic bag and was told by Mr. (b)(6) (b)(7)(C) that U.S. agent's requested he bring a toothbrush belonging to Mr. MANSOUR. (b)(6) (b)(7)(C) (b)(3) related she did not open the plastic bag to verify if there was in fact a toothbrush inside of it. Instead (b)(6) (b)(7)(C) (b)(3) placed the bag on (b)(6) (b)(7)(C) (b)(3) desk along with a note. (b)(6) (b)(7)(C) (b)(3) had nothing further to add that would assist in this investigation.///LAST ENTRY///

(b)(6) (b)(7)(C) to FOB Speicher. I briefly remember seeing LT Behenna before (b)(6) (b)(7)(C) I was at Speicher from the 21st to the 25th of April 2008. The period of time that I was there he did not come to see me. (b)(6) (b)(7)(C)
(b)(6) (b)(7)(C) The last time I had contact with LT Behenna was when he came back to the states for R&R leave which was at the end of May (b)(6) (b)(7)(C) his parents house to see if he had made it home. I briefly talked to him to see how he was doing and how he was holding up about the IED incident. He said that he was doing ok. We than said goodbye. I have had no further contact with him since than. The only information I've received has been secondhand information and nothing directly from 1LT BEHENNA or anyone else involved to my knowledge.

Q: SA (b)(6) (b)(7)(C)
A: SFC (b)(6) (b)(7)(C)

Q: Did 1LT BEHENNA ever come see you or make any other contact after this?

A: No.

Q: Did anything seem strange about 1LT BEHENNA when you spoke with him?

A: Nothing seemed out of the ordinary, but it was over the telephone, but from what I could tell everything seemed fine.

Q: Have you ever heard the name Mr. Ali MANSOUR?

A: No, I don't remember that name.

Q: Did 1LT BEHENNA make any statements to you about any insurgents being killed?

A: No he did not.

Q: Are you aware of any incidents involving 1LT BEHENNA during his current tour in Iraq?

A: Yes, Sometime in the middle of Jul 08, I spoke with SSG (b)(6) (b)(7)(C) who is on the rear detachment for 1/327 Infantry Regiment, who told me two Iraqi guys had been picked up and 5th platoon had been given the mission to return them to where they had been picked up at. Then SSG (b)(6) (b)(7)(C) stated 1LT BEHENNA hand picked some guys he thought he could trust and they loaded the iraqi's up in the truck and dropped one off then took a different route back. At some point whoever was in the truck beat the second Iraqi up pretty bad then shot him. Then someone tried to put a Thermite Grenade on second iraqi's body to burn him. Then around the end of Jul 08, I read in the Oklahoman News Paper that 1LT BEHENNA was involved in the killing of a local Iraqi with the use of a handgun.

Q: What is your relationship with SSG (b)(6) (b)(7)(C)

A: He was a squad leader in third platoon while we were in Iraq.

Q: Why would SSG (b)(6) (b)(7)(C) tell you these things?

A: Because I asked him what was going on in Iraq with my old platoon because I hadn't had any contact with them.

Q: Did SSG (b)(6) (b)(7)(C) tell you how he found out about this information?

A: No.

Q: Was SSG (b)(6) (b)(7)(C) one of the individuals 1LT BEHENNA picked to drop off the Iraq's?

Q: When did SSG (b)(6) (b)(7)(C) return from Iraq and why?

A: (b)(6) (b)(7)(C)

Q: Did SSG (b)(6) (b)(7)(C) tell you who shot the second Iraqi?

A: I think he said 1LT BEHENNA, but I'm not sure.

Q: Did SSG (b)(6) (b)(7)(C) tell you who was in the Vehicle with the second Iraqi?

A: The only one he knew or heard was in the vehicle was SSG WARNER who was a squad leader in 5th platoon.

Q: Did SSG (b)(6) (b)(7)(C) tell you who put the Thermite Grenade on the Iraqi?

A: I believe he said SSG WARNER was the one who put the thermite grenade on the Iraqi.

Q: Did SSG (b)(6) (b)(7)(C) tell you any other information concerning the death or abuse of any Iraqi's? (b)(6) (b)(7)(C)

ORG/ADDRESS : Rear Detachment, 1/327 Infantry Battalion, Fort Campbell, KY 42223

(b)(6) (b)(7)(C) I, _SSG (b)(6) (b)(7)(C) _, want to make the following statement under oath: On or about May 15, 2008 an investigation was started on a possible murder of an Iraqi National. It involved members of 5th PLT. D. Company 1-327 Infantry Battalion. During the investigation Information was circulating around the F.O.B. about different scenarios that took place. Some of the information was coming from soldiers at the Battalion level and Company level. On one occasion I had spoken to (b)(6) (b)(7)(C) (b)(3) about what had happened and he mentioned very little in the way of specifics, he did mention that Lt. Behenna and SSG. Warner had killed a Local National, that's all he mentioned. On or about the beginning of June 08, I saw lt behenna in the chowhall at fob speicher, we talked briefly about what had taking place and he said that he shot the guy and he didn't feel bad for what he did because 2 of his guys had been killed, and would do it again if he had too. A couple days later I saw him again in the chowhall and he only talked about the possibilities of what could happen such as going to prison and it was a chance he would take. On or about late May 08, during (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) were talking about the events that took place. It was said that 5th plt. was tasked with taking two detainees back to where they were detained and release them. It was said that only one detainee was dropped off in mezra and the remaining detainee was kept in lt. behennas truck and that he and some unknown members of his plt., just mentioned as guys he could trust. They said that the individual was tortured and later shot 2 times and a grenade was placed under his head. Also mentioned in the meeting that he had moved guys he could trust into his truck, and changed the order of movement for his vehicles.

Q: SA (b)(6) (b)(7)(C)
A: SSG (b)(6) (b)(7)(C)
Q: Did you type the above narrative?
A: Yes.
Q: Do you know 1LT BEHENNA?
A: Yes, I know him as a Platoon Leader in D company.
Q: What is your relationship with 1LT BEHENNA?
A: Just a work related relationship.
Q: Exactly what did 1LT BEHENNA tell you the first time you talked to him about the death of the local national?
A: We were setting down eating chow in the chow hall and I specifically asked could he talk about why he was in trouble and he said he couldn't talk about is completely because it was still under investigation but he had shot a guy and would do it again because he had lost two guys. Then he went on to tell me that he hadn't been arrested and that he was the OIC for the gates guards for FOB SPIECHER.

Q: Did 1LT BEHENNA say anything else to you about this incident during this conversation?

A: No.

Q: Exactly what did 1LT BEHENNA tell you the second time you talked to him about the death of the local national?

A: We didn't talk about how the local national was killed we only talked about what could happen to him. We were in the chowhall and I asked him what could happen to him with his situation, reffering to the death of the local national and he told me he could go to jail but that was a chance he was willing to take because he had lost two soldiers and he felt like what he had done was right. He then told me he didn't have any remorse for killing the local national because he had lost two guys.

Q: Did 1LT BEHENNA ever tell you how he killed the local national?

A: Yes, he told me he shot the local national twice. He told me this during this first conversation.

Q: Did 1LT BEHENNA tell you exactly where he shot the local national?

A: No.

Q: Did 1LT BEHENNA tell you geographically where he had shot the local national?

A: No.

Q: Did 1LT BEHENNA tell you the name of the local national he had shot?

A: No.

Q: Did 1LT BEHENNA tell you exactly why he had shot the local national?

A: He only talked about himself and never about any of his soldiers and he never implied anyone else was involved in the killing of the local national. However during the company meeting

(b) (7)(D)

Q: Do you know SSG WARNER?

A: All I know about him is that he is in D Company 1/327 Infantry Battalion. I've never spoke with him.

Q: Do you know if SSG WARNER had any involvement with the death of a the local national 1LT BEHENNA had shot twice?

A: I heard in the company meeting that SSG WARNER placed a Thermite or fragmentary grenade under the local nationals head or under his body from (b)(6) (b)(7)(C) (b)(3) This was common knowledge around the FOB.

Q: Is everything in your statement true?

A: Yes.

Q: Is there anything else you would like to add to your statement at this time?

A: When I arrived back to Fort Campbell in the middle of Jul 08, I saw (b)(6) (b)(7)(C) (b)(3) and he asked me what was going on with 5th Platoon and I told him pretty much everything I've put in this statement.

Q: Is there anything else you would like to add to your statement at this time? (b)(6) (b)(7)(C)

DETAILS

About 1604, 1 Sep 08, (b)(6) (b)(7)(C) (b)(3) coordinated with (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) who provided a compact disc containing a unit roll number (URN) spread sheet, and the Blue Force Tracker report pertaining to the URN's 761726 and 761725, which were reported as being assigned to the 5th PLT, D CO, 1-327th INF. The report documented positional grid coordinates for URN 761726 between 1547 and 1703, 16 May 08. Further, the report documented positional grid coordinates for URN 761725 between 1548 and 1711, 16 May 08. No other activity was reported on 16 May 08, pertaining to both URN's. (b)(6) (b)(7)(C) (b)(3) further explained there was no way of indicating if the Blue Force Tracker system was manually turned off or if it automatically shut down due to mechanical failure.

About 1200, 3 Sep 08, this office received the USACIL Trace Evidence Final Report. The report revealed the grenade remains recovered at the death scene by Iraqi Police and metal pieces recovered at the death scene by CID Special Agents, were consistent in their morphological characteristics and elemental comp0osition with the post-combustion of an AN-M14 TH3 incendiary hand grenade and the remains of the "control" post-combusted AN-M14 TH3 incendiary hand grenade provided by this office. Further examination of the gauze pads recovered at the death scene by CID Special Agents, also revealed the presence of several composition of a post-combusted AN-M14 TH3 incendiary grenade.

About 1200, 3 Sep 08, this office received the USACIL DNA Branch Final Report. The report revealed blood was identified on the bullet recovered from the death scene. Blood was also discovered on the rocks and gauze pads recovered from the death scene. A chemical indication of blood was discovered on SSG WARNER's knife. A DNA profile was obtained from the bullet, both rocks, and gauze pads, which was consistent with originating from an unknown individual that genetically types as male. Although DNA was extracted from SSG WARNER's knife, a profile could not be obtained due to lack of genetic typing information. ///LAST ENTRY///

EXHIBITS:

3 - Grenade piece (Item 2, Doc 0588-08).
11 - Remains of a "control" AN-M14 TH3 incendiary grenade (Item 1, Doc 0590-08).
12 - Metal pieces (Item 1, Doc 0594-08).
13 - Metal pieces (Item 2, Doc 0594-08).
16 - Gauze pads (Item 5, Doc 0594-08).

FINDINGS:

1. For reference purposes, the AN-M14 TH3 (thermate) incendiary hand grenade is composed of three basic components: a thin, cylindrical sheet metal grenade body; an M201A1 igniting fuze; and an incendiary filler mixture. The M201A1 igniting fuze contains three essential pyrotechnic mixtures: a primer, a delay element, and an ignition mixture. The incendiary main body filler mixture consists of two essential pyrotechnic mixtures: a starter mixture (First-Fire Mixture VII) and a thermate (TH3) mixture. The AN-M14 TH3 incendiary hand grenade is functioned by pulling the safety pin which releases the safety lever allowing the striker to spring forward and strike the primer. The primer initiates a chain reaction igniting the delay element, the ignition mixture, the starter mixture, and the thermate mixture. The thermate mixture proceeds by an aluminothermic reaction between powdered aluminum and a metal oxide which can burn at temperatures up to approximately 4,000

degrees Fahrenheit and produces white-hot molten iron/slag. The slag produced by the initiation of an AN-M14 TH3 incendiary hand grenade primarily contains the elements aluminum (Al), silicon (Si), barium (Ba), and iron (Fe) with sulfur (S), titanium (Ti), and lead (Pb) as accessory elements.

2. Examination of the contents of Exhibit 11 (AN-M14 TH3 "control") disclosed the presence of gray slag which was consistent in its morphological characteristics and elemental composition with laboratory standards of the post-combustion remains from an AN-M14 TH3 incendiary hand grenade. Exhibit 11 did not contain the remnants of the AN-M14's M201A1 igniting fuze body.

3. Examination of the contents of Exhibits 3 (grenade piece), 12 (metal pieces), and 13 (metal pieces) disclosed the following:

a. Exhibit 3 contained the remains of an M201A1 igniting fuze body or a like fuze body. The M201A1 igniting fuze is used in several different chemical grenades, which includes the AN-M14 TH3 incendiary hand grenade. The primer housing, inside the M201A1 igniting fuze body, bore the head stamps: "W.R.A." and "MARK V". This primer housing was found to be similar to all three primer housings in each laboratory post-combustion AN-M14 TH3 incendiary hand grenade standard.

b. Exhibit 3 contained the partial remains of the top rimmed section of the thin, cylindrical sheet metal container attached to the fuze body. The diameter of the container which this item originated from was determined to be approximately 2-1/2 inches (O.D.). This diameter is physically consistent with the cylindrical diameter of the AN-M13 TH3 incendiary hand grenade.

c. Exhibits 3, 12, and 13 each contained pieces of gray slag that were consistent in their morphological characteristics and elemental composition with laboratory standards of the post-combustion AN-M14 TH3 incendiary hand grenade and the remains of Exhibit 11 ("control").

4. Examination of the soiled gauze pads identified as Exhibit 16 revealed several small dark gray particles within the weave structure. These particles were determined to be consistent in elemental composition with laboratory standards of the post-combustion AN-M14 TH3 incendiary hand grenade and the remains of Exhibit 11 ("control").

4. Examination of Exhibit 17 (Cartridges) disclosed that they are unfired, intact and designed for use in Exhibit 1, 4-7 (Pistols).

5. Examination of Exhibit 9 (Bullet) disclosed that it is consistent with a 9mm bullet that was fired from a barrel with the class characteristics of six polygonal rifled lands and grooves, such as a Glock or firearm with similar rifling. Microscopic examination of Exhibit 9 failed to disclose significant individual characteristics for identification or elimination.

About 1651, 9 Dec 08, (b)(6) (b)(7)(C) (b)(3) received USACIL DNA Branch final examination report # 2008-CID131-1346 A2/A3/A4. The report indicated there was blood identified on various items belonging to 1LT BEHENNA and unknown DNA profiles were obtained from the blood. Further testing will compare the unknown DNA profiles to known DNA of Mr. MANSOUR upon receipt.

About1032, 13 Feb 09, (b)(6) (b)(7)(C) (b)(3) received USACIL DNA Branch final examination report # 2008-CID131-1346 A5/A6/A7. The report indicated the clothing from Mr. MANSOUR turned out to be unsuitable for comparison to the unknown profile that was obtained from crime scene evidence. A Y-STR DNA analysis was conducted on the evidence from the buccal swabs from Mr. (b)(6) (b)(7)(C) of Mr. MANSOUR. The Y-STR DNA profiles from the rock and Mr. (b)(6) (b)(7)(C) were the same. Since the Y-STR profile is inherited by males from their father and brothers have the same Y-STR profile.

About 1000, 20 Feb 09, this office received the results of trail pertaining to SSG WARNER and the offenses committed in this investigation. On 18 Feb 09, under a General Court-Martial, SSG WARNER received a sentence to be reduced to E1; forfeit all pay and allowances; confined for 17 months; and to be discharged from the service with a bad-conduct discharge. ///LAST ITEM///

FINDINGS:

1. Blood was identified on the groin protector of BEHENNA and pouch (Exhibit 45) of BEHENNA.

2. A chemical indication of blood was obtained on the left boot of BEHENNA (Exhibit 38(1)) and knee pad (Exhibit 43(1)) of BEHENNA. Immunological testing was not performed on these stains due to limited sample size.

3. No blood was detected on Exhibits 24 through 36, 37(1), 38(2), 39, 40, 42(2 through 4), 47(1), 48 and 49.

4. No stains of apparent evidentiary value were observed on Exhibits 37(2), 41, 42(1), 43(2), 46 and 47(2).

5. No analysis was performed on the hair sample of (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3)

6. DNA (deoxyribonucleic acid) was extracted from the left boot of BEHENNA (Exhibit 38(1)), knee pad (Exhibit 43(1)), groin protector (stains 1 and 2), pouch of BEHENNA (Exhibit 45), toothbrush of Ali Mansour and buccal swabs of (b)(6) (b)(7)(C) (b)(3)

7. DNA profiles were obtained using PCR (polymerase chain reaction) technology on the fifteen STR (short tandem repeat) loci D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and the gender identification locus Amelogenin.

8. The DNA profile obtained from the knee pad (Exhibit 43(1)) of BEHENNA is consistent with originating from an unknown individual that genetically types as male (Unknown #2).

9. The partial DNA profile obtained from the groin protector of BEHENNA (stain 1) is consistent with the DNA profile from Unknown #2.

10. No further DNA testing was performed on the groin protector (stain 2) due to an insufficient amount of autosomal DNA obtained. The DNA extract will be retained per (b)(6) (b)(7)(C) (b)(3) or future Y-STR analysis.

11. The DNA profile obtained from the pouch of BEHENNA (Exhibit 45) is consistent with originating from an unknown individual that genetically types as male (Unknown #3).

12. The DNA profile obtained from the left boot of BEHENNA (Exhibit 38(1)) is consistent with originating from an unknown individual that genetically types as male (Unknown #4).

13. The unknown DNA profile (Unknown #1) from the DNA final report dated 13 August 2008 for USACIL case number 2008-CID131-1346 is excluded as a source of the DNA obtained from the knee pad (Exhibit 43(1)), groin protector (stain 1), pouch (Exhibit 45) and left boot (Exhibit 38(1)).

14. A mixture of DNA profiles from at least two individuals was obtained from the toothbrush of Ali Mansour. Therefore, the toothbrush is not a suitable standard for comparison purposes.

15. A DNA profile was obtained from the buccal swabs of (b)(6) (b)(7)(C) (b)(3) However, no comparisons were made because this lab does not perform kinship analysis.

1. A chemical indication of blood was obtained on the rock (Exhibit 14).

2. No analysis was performed on Exhibits 15, 16, 54(1), and 54(2). See DNA final report dated 13 August 2008 for USACIL case number 2008-CID131-1346 for previous analysis of Exhibits 15 and 16.

3. DNA (deoxyribonucleic acid) was extracted from the neck and left and right armpit areas (Exhibits 53(1), 53(4), 53(5)), the left and right armpit areas (Exhibits 53(2) and 53(3)) and the inside waistband (Exhibits 53(7) and 53(8)) of the clothing of Ali Mansour.

4. DNA profiles were obtained using PCR (polymerase chain reaction) technology on the fifteen STR (short tandem repeat) loci D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and the gender identification locus Amelogenin.

5. No further DNA testing was performed on the shirt (Exhibit 53(4) left armpit) and shirt (Exhibit 53(5) neck area and right armpit) due to an insufficient amount of DNA obtained.

6. A mixture of DNA profiles from at least two individuals was obtained from the swabs of the clothing of Ali Mansour (Exhibits 53(1) neck area and left and right armpits, 53(2) left and right armpits, 53(3) left and right armpits, 53(4) neck area, 53(7) inside waistband, and 53(8) inside waistband. Therefore, the clothing is not a suitable secondary standard for comparison purposes.

7. The DNA profile obtained from the shirt (Exhibit 53(5) left armpit) could not be conclusively interpreted due to a lack of genetic typing information.

8. No DNA results were obtained from the swab of the right armpit from the shirt (Exhibit 53(4)) due to degraded and/or insufficient amount of DNA present in the sample.

9. DNA profiles were obtained from the rock (Exhibit 14), groin protector of BEHENNA (stain 2) and buccal swabs of (b)(6) (b)(7)(C) (b)(3) using PCR (polymerase chain reaction) technology on the seventeen Y-STR loci DYS456, DYS389(I), DYS390, DYS389(II), DYS458, DYS19, DYS385(a/b), DYS393, DYS391, DYS439, DYS635, DYS392, Y GATA H4, DYS437, DYS438 and DYS448.

10. Exhibit 9 was not suitable for Y-STR DNA analysis.

11. The Y-STR DNA profile obtained from the rock (Exhibit 14) matches the Y-STR profile from (b)(6) (b)(7)(C) (b)(3) Therefore, (b)(6) (b)(7)(C) (b)(3) and his paternal male relatives are not excluded as potential DNA donors to this sample.

Utilizing the Applied Biosystems Yfiler Haplotype Database, consisting of 1276 Caucasian, 985 Black and 597 Hispanic individuals, the selected Y-STR profile was observed 0 times in all three population groups. Applying a 95% upper confidence interval results in an estimated frequency of approximately:

1 in 426 Caucasian individuals
1 in 329 Black individuals
1 in 199 Hispanic individuals.

12. The Y-STR DNA profile obtained from the groin protector of BEHENNA (stain 2) could not be conclusively interpreted due to a lack of genetic typing information.

Latent Prints: Please examine exhibits 2, 3, and 10 to determine if any latent prints, suitable for comparison, are identified. If any latent prints are identified compare with Exhibit 22. Major case prints of 1LT BEHENNA will be forwarded as soon as they are collected.

Firearms: Please examine and fire Exhibit 4 utilizing one of Exhibit 17 with Exhibit 8. Compare the spent shell casing with Exhibits 2 and 10 to determine if there is a match. Compare the fired round with Exhibit 9 to determine if there is a match. If there is not a match conduct the same examination with Exhibits 1, 5, 6, and 7. NOTE: Exhibit 4 was identified as the weapon maintained by 1LT BEHENNA and is believed to be the weapon he used when the victim was killed. Exhibits 4 through 7 have been recently fired and cleaned since the incident on 16 May 08.

Trace Evidence: Please examine and compare the chemical make up of Exhibits 3, 12, 13, and 16 and compare with Exhibit 11 to determine if it is a match. All exhibits are believed to contain the chemical make up consistent with that of an AN-M14 TH3 Incendiary Grenade. Note: Exhibit 16 is believed to contain blood evidence as well.

Serology: Please examine Exhibits 9, 16, 18, 19, 20, and 21 for blood evidence. Determine if human blood is present and what the DNA profile is and if the profile is consistent on all exhibits. Examine Exhibits 14 and 15 for blood evidence and maintain sample on record for future use, if needed. Efforts are ongoing to obtain a DNA example from the victim for comparison. The victim has since been buried and we are pending authorization for the remains to be exhumed and transported to a medical examiner's office.

EXPEDITE: Due to the command interest generated by this investigation and the potential media coverage it is requested all examinations be expedited in order for prosecution to go forward in a timely manner. Please notify this office if the request to expedite is denied.

to see the amount of light and glowing that could be seen from a distance at approximately 100 meters. The glow and light could be seen above the berm. The glow and light was consistent with witness statements. The berm test grenade was placed on an ammo can to see the effects of a grenade burning directly on metal. The grenade burned a hole directly through the ammo can and melted reminents of the grenade could be seen coming through the bottom of the ammo can. Next, a grenade was placed on the ground and employed to test how one burns by itself. The grenade burned to a puddle of molten metal. Next, a grenade was placed on a sandbag in attempts to see if the grenade would roll off once employed. The grenade immediately rolled from the sandbag, igniting the sandbag, and burning to a puddle of molten metal. Each grenade burned to a puddle of molten metal and then hardened. No part of the grenade was left. This contradicts a part of the grenade that wa cene and brought to this agent, and previously collected as evidence. (b)(6) (b)(7)(C) (b)(3) captured video, an (b)(6) (b)(7)(C) (b)(3) aptured digital images, of the aforementioned tests.

1215 ~ Based on information developed at scene, a review of photographs of the body, and statement indicating the victim's clothing was cut it was determined the victim was cut

as he sustained a large laceration to his right leg which was visible in the photographs. The blood spatter at the scene indicated the victim, at one time, was standing or seated upright and bleeding as the spatter was circular. According to a witness statement SSG WARNER and 1LT BEHENNA removed the victim's clothing by cutting it off with knives. Based on this information it is believed 1LT BEHENNA's personal property, which was inventoried and packed up by unit personnel, may contain a knife with trace evidence. This is also possible for SSG WARNER. Coordination will be made to obtain search authorization for the knives.

Based off of the witness statement of Harry the Interpreter, and a review of photographs of the body of Ali MANSOUR and a review of the crime scene, it was determined necessary to obtain search authorization of both 1LT BEHENNA's and SSG WARNER's CHU's for possible knives (blades) which they may have used to cut Ali MANSOUR's clothing off of him, in the process slicing him.

About 0950, 20 Jun 08, (b)(6) (b)(7)(C) (b)(3) interviewed (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) oth of Navy EOD Company 3/6, COB Speicher. Both of the aforementioned EOD sts examined the grenade piece, collected as evidence while at FOB Summerall. (b)(6) (b)(7)(C) (b)(3) urmised the piece appeared to be that of an AN-M14 TH3 Incendiary Grenade. A smoke grenade would leave behind an intact canister. An incendiary grenade burns from top to bottom and usually burns completely and does not leave behind identifiable pieces. Possible reasons why the piece was left unburned include: the grenade was extinguished before completely burning, or the grenade was placed at an angle and the canister broke into different pieces while burning.

(b)(6) (b)(7)(C) brought Ali's wife and kids outside of the house. The AK-47 was left at Ali's house, but the RPK and the magazines of rounds were confiscated. 1LT BEHENNA, SSG WARNER, and (b)(6) (b)(7)(C) went inside the house with Ali, and took him to a room in the back of the house. 1LT BEHENNA questioned Ali. A passport was found in Ali's house. The

passport belonged to Ali and had two visa stamps indicating Ali traveled to Syria on two separate occasions. When asked, Ali denied ever going to Syria. Ali was shown the passport and then admitted to going to Syria once for the Hajj. He then denied going a second time. 1LT BEHENNA shows the second visa to Ali and he admitted to going to Syria on a second time to visit a doctor. 1LT BEHENNA put Ali on the ground, laying face down, and beat Ali on his back with his Army Combat Helmet (ACH) about 40 to 50 times. While striking Ali, 1LT BEHENNA was asking about names of local terrorists. Ali gave some names that were on 1LT BEHENNA's list. 1LT BEHENNA never showed the list to Ali. At one point during the beatings, SSG WARNER stood on Ali's legs, because he was moving around. SSG WARNER stood on Ali's legs for about one minute. After the beatings, Ali was arrested and brought outside. 1LT BEHENNA never asked Ali about the 21 Apr 08 IED attack or about any connection to IED emplacement or support. Harry never took part in beating Ali, he only translated. Hakim MANSOUR was never at Ali's house, inside or outside. Soldiers were inside Ali's house for approximately 30 minutes. Harry only knew of Soldiers inside Hakim's house for approximately one minute. (b)(6) (b)(7)(C) never heard 1LT BEHENNA and (b)(6) (b)(7)(C) speak of Ali MANSOUR prior to 5 May 08, and he never heard Ali's name mentioned in connection to the 21 Apr 08 IED attack until after Ali was killed. On 16 May 08, just prior to loading a convoy to take Ali MANSOUR and another detainee back to Albu Toma, 1LT BEHENNA told Harry to bring Ali to a location just in front of 1LT BEHENNA's CHU. 1LT BEHNNA asked Ali again to tell him the names of any terrorists. Ali replied that he did not know any. 1LT BEHENNA told Ali, "Today, I'm going to kill you, motherfucker." To which Ali answered, "I told you all I know. I'm innocent." Ali was scared and shaking, and began to pray or mumble something repeatedly. (b)(6) (b)(7)(C) did not believe 1LT BEHENNA would actually kill Ali, but thought it was told to him just to scare him. After his leave, around 0300 one night, 1LT BEHENNA came back to FOB Summerall and knocked on (b)(6) (b)(7)(C) CHU door. (b)(6) (b)(7)(C) did not know who was knocking on his door, and when he answered he was shocked to see 1LT BEHENNA standing there. 1LT BEHENNA came in and asked (b)(6) (b)(7)(C) how he was doing. (b)(6) (b)(7)(C) replied he was fine. 1LT BEHENNA asked, "Did you tell them everything?" (b)(6) (b)(7)(C) replied, "Yes, I did tell them everything." 1LT BEHENNA said, "Okay, bye." 1LT BEHENNA then left. He was at the CHU for approximately two minutes. (b)(6) (b)(7)(C) did not have any interaction with 1LT BEHENNA since.

About 1000, 12 Jul 08, during an administrative review of this case file and evidence collected, it was determined necessary to attempt to collect any military/civilian clothing and/or equipment worn by both 1LT BEHENNA and SSG WARNER on 16 May 08 as there may be the presence of Ali MANSOUR's blood. In light of blood spatter at the scene and (b)(6) (b)(7)(C) the Interpreter's statement, it is believed blood evidence would most likely be present on their clothing when they cut Ali MANSOUR's clothing off, when 1LT BEHENNA shot Ali MANSOUR, and when they both collected his cut clothing to leave the area.

About 1200, 1200, 12 Jul 08, (b)(6) (b)(7)(C) (b)(3) briefed (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (b)(3) on all known aspects of this investigation, particularly on the theory of how Ali MANSOUR's blood may be present on clothing and/or equipment 1LT BEHENNA and SSG WARNER were wearing on 16 May 08.

About 1400, 12 Jul 08, (b)(6) (b)(7)(C) (b)(3) drafted two Affidavits Supporting Request for Authorization to Search and Seize or Apprehend, DA Form 3744. As of today, I have pretty much completed 95% of my trace examination regarding the suspected incendiary hand-grenade. I still need to examine the submitted bloody gauze pads when all DNA analyses are completed and I get the evidence transferred back to me. That transition should happen on Monday (11-Aug-2008). In fact, I should also get back the submitted projectile from DNA that day and then will have all pertinent items of

evidence available for the assigned Firearms Examiner to take possession and to commence their examinations. By the end of next week, we should be a couple huge steps closer to completing all examinations presently on-going with this case based on the evidence submitted thus far.

I will keep the progress reports going and ensure that when the final reports are ready on each discipline that EP scans and e-mails those to you ASAP. If anything new pops up, let us know. Take care!

(b)(6) (b)(7)(C) (b)(3) coordinated with Mr.(b)(6) (b)(7)(C) who related he did not think further examinations by the Trace Evidence Branch, regarding the clothing, would be probative. Mr.(b)(6) (b)(7)(C) related the examinations would consume a lot of time, which would be better utilized by the DNA Branch. Mr.(b)(6) (b)(7)(C) related he would send an email to this office explaining his opinion on this matter, and requested this office make a decision regarding further examinations of the evidence by USACIL.

(b)(6) (b)(7)(C) (b)(3) received an email from Mr.(b)(6) (b)(7)(C) Trace Evidence Branch, USACIL:

As per our conversation earlier this morning (EST), here is a quick synopsis of USACIL's intentions regarding the examination of the evidentiary items currently in-house: (With your blessing)

1. No trace analyses by the Trace Evidence Branch for residues consistent with an AN M14 TH3 incendiary hand grenade on the submitted clothing items (Submission A2) will be conducted at this time. Based on the extensive time lapse (~58 days) from the date of the incident (16 MAY 2008) until the date of collection (13 JUL 2008), conducting the requested examinations would be very time consuming, would tie up certain instrumentation for several weeks, and the results would not be very probative if probative at all. Any positive indication or identification of elemental residues common to an AN M14 TH3 incendiary hand grenade could not be linked to the incident nor to the previously submitted post-combustion AN M14 TH3 incendiary hand grenade fragments (Exhibits 3, 12, and 13).

2. The best course of action is to have Mr.(b)(6) (b)(7)(C) (DNA) check out the evidence from the USACIL Evidence Processing (EP) Branch and commence his examination of the articles of clothing for suspected blood, as well as his examination of the toothbrush (Submission A3). I have talked with(b)(6) (b)(7)(C) and intend on being present when he begins his examinations to assist him in searching through the bulk of items, but also to allow myself to examine the boots primarily and any other article of clothing that may be of interest. I will look for slag or potentially any questionable burn areas that may need to be examined further. Pending the outcome of all this, I will most likely issue a report of findings (whatever they may be).

Please consider this carefully and let me know if this is agreeable with you and your

superiors. Like I mentioned on the phone, I believe this is the best course of action to achieve the most probative findings. I will wait for your response. Take care and keep safe!

Ops review of case file. A good case with a lot of hard work put into it.
1. Why wasn't the terp titled with murder, conspiracy and FOS? Discussed this with BN OPS and will make that determination. MNC-I SJA and MND-North have gotten involved attempting to stop any titling activity in the case. Does the terp have immunity?
2. Was the victim's clothing collected?
3. Was the Glock sent to trace evidence to determine if any blow-back was present?
4. Ensure the CMD knows about the detainee abuse allegations - that the soldiers were rough with the Iraqis. Do not title for this, just refer to Unit CMD
5. Refer FOS from soldiers back to the unit. They all admitted to lying to the IO.

The toothbrush from Mr. Ali Mansour (Item 1 Voucher 0704-08) is a mixture of DNA profiles and is not suitable for use as a known standard. Also, this laboratory does not compare DNA profiles from brothers (Swab of Mr. (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) Item 1 Voucher 0790-08) to determine relatedness. Is there any other item from Mr. Ali Mansour that could be submitted to the laboratory for use as a known standard? Anything that belonged to him and that only he used would work, for example, glasses or sunglasses, jewelry (a watch or earrings), a scarf that would have covered his mouth that might have his saliva on it or possibly a hat. Anything that he exclusively used might work. In addition to the known from Mr. Ali Mansour, could you submit an oral swab from Mr. Ali Mansour's parents? If the unknown profile from the original DNA report shares alleles with the parents then I would be able to say that this indicates relatedness. If you have any questions, please contact me.

Received the following answer from (b)(6) (b)(7)(C) (b)(3) o clarify the final DNA report.

(b)(6) (b)(7)(C) (b)(3)

To answer your second question first, yes, the labs are done. I don't anticipate having to do anymore work on the case. As to what the report says, the clothing from Ali Mansour turned out to be unsuitable for comparison to the unknown profile that I obtained from the crime scene evidence. I am referring to the unknown profile from the bullet, rocks and gauze that was the subject of the first DNA report dated 13 August 2008. (In order to use the results from the clothing, I would have needed to get a DNA profile from only one person). So I performed what is called Y-STR DNA analysis on the buccal swabs from (b)(6) (b)(7)(C) of the deceased. I also performed Y-STR DNA analysis on a stain from one of the rocks from the crime scene. The Y-STR DNA profiles from the rock and (b)(6) (b)(7)(C) were the same. Since the Y-STR profile is inherited by males from their father, then brothers have the same Y-STR profile. I hope this clears it up. If something is as clear as mud, let me know and I'll see if I can't explain it a different way.

Received the following email from AOPS BOONE pertaining to the Group SJA opine:

Mr. (b)(6) (b)(7)(C)/Mr.(b)(6) (b)(7)(C)

My apologies for the delay in getting this review back to you. I have reviewed the entire case and will answer the questions you posed to me.

IAW CIDR 195-1, para. 8-6, Investigation and Offenses, "[t]he categorization of a case is based on all facts and circumstances present at the time the investigation is completed and the Final ROI is prepared. It is a decision made by the investigating CID Field element, independent of any judicial opinion or disciplinary action." The following terms and definitions will be used.

a. "Founded. A determination made by CID that criminal offense has been committed. The determination that a founded offense exists is an investigative decision independent of any judicial opinion or disciplinary action.

b. "Unfounded. A determination made by CID that a criminal offense did not occur. A lack of evidence to support a complaint or questioning of certain elements of a complaint is not sufficient to categorize an incident as unfounded.

c. "Insufficient evidence.

(1) "The inability of the investigation to determine that a reported or alleged criminal offense did or did not occur, or

(2) "The inability to establish probable cause to believe that a certain person listed in the subject block for committing the offense did or did not commit the offense."

d. For titling purposes, whether or not to title an individual based on whether "credible information exists which was cause a reasonable person to suspect that person may have committed a criminal offense, or otherwise cause such person . . . to be the object of a criminal investigation."

1. DO WE HAVE ENOUGH INFORMATION TO TITLE THE INTERPRETER, MR. (b)(6) (b)(7)(C) (b)(6) (b)(7)(C), FOR MURDER AND CONSIPRACY? IF NOT, DO WE HAVE ENOUGH TO TITLE FOR MISPRISION OF A SERIOUS FELONY?

a. CONSPIRACY. Conspiracy requires "(1) that the accused entered into an agreement with one or more persons to commit an offense under the code; and (2) That, while the agreement continued to exist, and while the accused remained a party to the agreement, the accused or at least one of the co-conspirators performed an overt act for the purpose of brining about the object of the conspiracy."

b. (b)(5)

c. MURDER. (b)(5)

(b)(5)

d. MISPRISON OF A SERIOUS OFFENSE. This offense requires "(1) that a certain serious offense was committed by a certain person; (2) That the accused knew that the said person had committed the serious offense; (3) That, thereafter, the accused concealed the serious offenses and failed to make in known to civilian or military authorities as soon as possible; (4) that the concealing was wrongful; and (5) That, under the circumstances, the conduct of the accused was to the prejudice of good order and discipline in the armed forces or was of a nature to bring discredit upon the armed forces."

2. IF WE TITLE THE INTERPRETER, WILL WE DAMAGE THE PROSECUTOR'S CASE?

a. I can't answer this. I do not know what the prosecutor's case looks like. But I can tell you this, we title based on the guidance provided in CIDR 195-1. If there is information and evidence to title, then we do it. We do not make decisions to title based on how much more difficult it makes a case to try. That is part of being a prosecutor--taking the witnesses that you have and working with what you got, no matter how shitty, and trying to get a conviction. If JAG wants "makes case difficult to prosecute" to be an exception to CIDR 195-1, they can petition the CG.

3. SHOULD THE INTEPRETER BE TITLE WITH FOS?

a. Elements of this offense include: (1) That the accused signed a certain official document or made a certain official statement; (2) That the document or statement was false in certain particulars;(3) That the accused knew it to be false at the time of signing it or making it; and (4) That the false document was made with the intent to deceive."

b. (b)(5)

(b)(5)

4. DO WE NEED TO TITLE THE SOLDIERS FOR FOS WHO LIED TO THE IO?

a. (b)(5)

b. On a side note, even if we did not advise them of the offense, we can still title them for this offense. Oftentimes you won't know that the subject is going to provide a differing statement then the first. Once they do, and if you want to question them about the discrepancies, then you may want to stop and advise, but so long as they are just providing a second statement, freely and voluntarily, you can title anyway.

5. SHOULD WE TITLE ALL 13 SOLDIERS WITH OBSTRUCTING JUSTICE OR

MISPRISON OF A SERIOUS FELONY?

a. MISPRISON OF A SERIOUS FELONY. They should not be titled with this offense. Again, none of these Soldiers did anything to affirmatively cover up the crime to satisfy that element. Furthermore, they knew even less than Mr. Silah. One of them saw a glow. One of them had a hunch. They all were talking, but nobody had first-hand knowledge. It would have behooved these knuckleheads to come forward and tell their Company Commander or even their Platoon Sergeant what they were thinking (which he was thinking too), but they didn't commit a crime. As much as it pains me to say it.

b. OBSTRUCTION OF JUSTICE. Elements are (1) That the accused wrongfully did a certain act; (2) That the accused did so in the case of a certain person against whom the accused had reason to believe there were or would be criminal proceedings pending; (3) That the act was done with the intent to influence, impeded, or otherwise obstruct the due administration of justice and (4) That, under the circumstances, the conduct of the accused was to the prejudice of good order and discipline in the armed forces or was of a nature to bring discredit upon the armed forces."

c. (b)(5) [redacted]

d. After reading the statements, I found to be the most truthful and forthcoming (b)(6) (b)(7)(C) (b)(3) [redacted] don't know what the Agents' experience with them were, but they struck me as decent Soldiers. That being said, they provided us with information, in their third statement, to get to credible information on this offense. The act they did was getting together, discussing the case and what they should say in their statements, deciding that they wanted to protect the LT, and then attempting to provide statements they knew were false.

e. I feel for these junior enlisted Soldiers. I think they thought they were doing right by their leader, under a very stressful situation. They have loyalty to their platoon leader and this should be commended. However, their actions cannot be tolerated. They were trying to "help out" Behenna. I understand that, at that time, it was difficult for them to believe that the allegations were true, so it was their duty to say what they knew to be true and let the chips fall where they may. They cannot lie, let alone, agree to lie.

f. (b)(5) [redacted]

6. SHOULD THE SOLDIERS BE TITLED IN THE CURRENT CASE, OR SHOULD THE INFORMATION BE FORWARDED TO THE CHAIN OF COMMAND FOR ACTION?

a. (b)(5) [redacted].

Hope this answers your questions.

Take care.

Very Respectfully,

(b)(6) (b)(7)(C) (b)(3) [redacted]
