FOR IMMEDIATE RELEASE

Statement from the U.S. Army Criminal Investigation Command on the PFC Lavena Johnson investigation

We express our sincere condolences to the family and friends of PFC Lavena Johnson. We have and continue to take the death of PFC Johnson very seriously and if any new credible information pertinent to this case was to surface we would immediately reopen the investigation.

All available evidence, to include forensic and testimonial, clearly demonstrate that Lavena Johnson's death was a tragic suicide. Our lengthy and very thorough investigation by highly-trained Special Agents is based in fact; testimonial evidence, physical evidence and forensic evidence. The independent autopsy findings by the Armed Forces Medical Examiner's Office came to the same conclusion. Tragically, there are many misrepresentations of the facts being circulated on the Internet that are false and unsubstantiated.

Dozens of highly respected, accredited media outlets from across the nation have covered this story, especially during the early stages. Many of those media outlets requested a copy of the full investigative file under the Freedom of Information Act and we immediately accommodated those requests. Many of those media outlets had independent investigators and experts review the case file and look at the factual evidence and they came to the same conclusion that it was a tragic suicide and either decided not to run the story or never ran a follow up.

This case has been reviewed by many senior and very experienced agents, as well as other experts in the field and they have all come to the same conclusion. The case has also been briefed on Capitol Hill to many of our nation's leaders and they too were satisfied with the complete and thorough investigation of PFC Johnson's death.

Additionally, the Cold Case Investigative Research Institute of Philadelphia contacted Army CID after their independent, extensive study and analysis of the PFC Lavena Johnson case and also determined that the death of Johnson was a suicide. The institute has gained national attention in the past from some of their investigative work on high profile cases.

CID investigates felony level crime and deaths around the world on a daily basis and are determined to get to the truth wherever that truth may be. This is demonstrated by the hundreds of cases that are successfully prosecuted as a result of our thorough investigations and are in the mainstream media almost on a daily basis at www.cid.army.mil/headlines.htm.

CPT (b)(6) (b)(7)(C) stated PV2 JOHNSON was a hard worker, always laughing and playing around making others laugh. CPT (b)(6) (b)(7)(C) stated he last spoke with PV2 JOHNSON on the evening of 17 Jul 05, where he was joking about PV2 JOHNSON's upcoming driving class. CPT (b)(6) (b)(7)(C) stated he noticed no change in work product or behavior over the past few weeks and saw no signs PV2 JOHNSON was having any difficulties. CPT (b)(6) (b)(7)(C) was aware that PV2 JOHNSON spent most of her time with PV2 (b)(6) (b)(7)(C) and PV2 (b)(6) (b)(7)(C) and also felt she was happy with the unit.

About 1400, 19 Jul 05, SA (b)(6) (b)(7)(C) interviewed SPC (b)(6) (b)(7)(C) SPC (b)(6) (b)(7)(C) had not seen or spoken to PV2 JOHNSON recently except in a brief encounter while on Internet Duty. SPC (b)(6) (b)(7)(C) stated prior to that, he worked with PV2 JOHNSON during the day. SPC (b)(6) (b)(7)(C) stated PV2 JOHNSON always seemed upbeat and happy. SPC (b)(6) (b)(7)(C) related PV2 (b)(6) (b)(7)(C) seemed to have strong family ties and called home a lot. SPC (b)(6) (b)(7)(C) stated he considered PV2 JOHNSON as having high moral standards; she was very religious and did not smoke or drink. SPC (b)(6) (b)(7)(C) stated he was surprised to return from his pass to find out PV2 JOHNSON began smoking cigarettes. SPC (b)(6) (b)(7)(C) stated PV2 JOHNSON always wrote in a green Army journal; work notes and, he believed, personal notes. SPC (b)(6) (b)(7)(C) related he never saw PV2 JOHNSON mad, upset or stressed. SPC (b)(6) (b)(7)(C) further related he assisted in packing PV2 JOHNSON's personal belongings and did not notice anything unusual about her room or anything as being out of place. SPC (b)(6) (b)(7)(C) stated PV2 JOHNSON was an organized individual. SPC (b)(6) (b)(7)(C) related the last time he spoke with PV2 JOHNSON was on 16 Jul 05, while trading out on Internet Duty. PV2 JOHNSON asked him if there was anything she could do to help.

About 1430, 19 Jul 05, SA (b)(6) (b)(7)(C) and SA (b)(6) (b)(7)(C) interviewed SFC (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) Acting 1SG, HHD, LTF 129, LSAA, who made a verbal statement in which he agreed with CPT (b)(6) (b)(7)(C) evaluation of PV2 JOHNSON. SFC (b)(6) (b)(7)(C) did say that at 2000, 18 Jul 05, PV2 JOHNSON was supposed to meet him and another soldier at the running track to prepare for the upcoming physical fitness test and failed to show. SFC (b)(6) (b)(7)(C) stated this was highly out of character for PV2 JOHNSON as she had never missed or even been late for anything to do with work. SFC (b)(6) (b)(7)(C) stated after he finished with the run he went by around 2115, 18 Jul 05, to PV2 JOHNSON's room to check on her, but there was no answer at the door.

About 1500, 19 Jul 05, SA (b)(6) (b)(7)(C) interviewed SGT (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) and SPC (b)(6) (b)(7)(C) both of HHD, LTF 129, LSAA, who stated that PV2 JOHNSON spent all of her free time with her friends in

372nd TC, LSAA, and agreed with CPT (b)(6) (b)(7)(C) and SFC (b)(6) (b)(7)(C) assessment. SGT (b)(6) (b)(7)(C) further stated PV2 JOHNSON was very orderly and organized and very concerned about her appearance.

About 1530, 19 Jul 05, SA (b)(6) (b)(7)(C) examined the personal belongings of PV2 JOHNSON which were already packed up and placed in storage by the unit. PV2 JOHNSON's TA 50, uniforms and a vast supply of personal hygiene items were noted. There were several pictures, which were identified by SPC (b)(6) (b)(7)(C) as being of PV2 JOHNSON and various family members. There were no personal papers or other articles. There was a journal with artwork on the front and back which SPC (b)(6) (b)(7)(C) and SGT (b)(6) (b)(7)(C) identified as something PV2 JOHNSON wrote "everything" in and was constantly writing in it when not working. Approximately the first third of the pages were missing from the journal; with the only entry concerning a Combat Lifesaver Course PV2 JOHNSON recently attended. SPC (b)(6) (b)(7)(C) and SGT (b)(6) (b)(7)(C) further identified a small black Compact Disc holder in which there were music CD's missing.

About 1022, 20 Jul 05, SA (b)(6) (b)(7)(C) coordinated with CPT (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) 322nd Expeditionary Aero-Medical Squadron (EAMS), LSAA, who treated PV2 JOHNSON. CPT (b)(6) (b)(7)(C) stated she last saw PV2 JOHNSON on 9 Jul 05, when PV2 JOHNSON was diagnosed with (b)(6) (b)(7)(C). During the check up, CPT (b)(6) (b)(7)(C) stated PV2 JOHNSON appeared shocked and upset at the diagnosis and so CPT (b)(6) (b)(7)(C) offered and recommended PV2 JOHNSON to seek counseling to deal with the stress (b)(6) (b)(7)(C) to which she declined. CPT (b)(6) (b)(7)(C) told PV2 JOHNSON to go to the laboratory to have blood work done to check for (b)(6) (b)(7)(C) (b)(6) (b)(7)(C). On 16 Jul 05, CPT (b)(6) (b)(7)(C) sent an email to PV2 JOHNSON to advise her they had medication that would treat her condition, to be used in conjunction with the medication she was given at the 9 Jul 05 check up. CPT (b)(6) (b)(7)(C) stated it was routine to send emails to patients due to the fact many did not have telephone numbers and all soldiers had Army Knowledge Online accounts that were secure and sensitive information could be sent to them via email.

AGENT'S COMMENT: During the coordination with CPT (b)(6) (b)(7)(C) she provided this agent with copies of the write up of the 9 Jul 05 visit as well as a copy of the email she sent to PV2 JOHNSON. (b)(6) (b)(7)(C)

About 1100, 20 Jul 05, SA (b)(6) (b)(7)(C) and SA (b)(6) (b)(7)(C) re-interviewed SGT (b)(6) (b)(7)(C) to clarify certain aspects of his original statement. SGT (b)(6) (b)(7)(C) stated he exited DFAC 2 enroute to the work trailer behind the DFAC when he heard an explosion then saw a flash of flames coming from a tent that was located approximately 200 meters south of DFAC 2. He advised a KBR employee and the two ran to the tent to put the fire out. Upon arrival to the tent SGT (b)(6) (b)(7)(C) and the KBR employee found an individual within the tent and two small fires burning. SGT (b)(6) (b)(7)(C) and the KBR employee ran back to the DFAC to get additional help. SGT (b)(6) (b)(7)(C) notified SSG (b)(6) (b)(7)(C) and the two returned to the tent where they attempted to move the individual away from the fire. SGT (b)(6) (b)(7)(C) recalled the individual was lying on their left side with the weapon lying somewhat parallel to the body and the muzzle facing down. SGT (b)(6) (b)(7)(C) stated he was concerned with the fire burning down the tent so he could not be 100% sure what direction the weapon was facing, it could have been facing up. During their attempt to move the body they found the individual to be deceased and the weight of the individual to be too much to safely move while the fire was still burning. SGT (b)(6) (b)(7)(C) stated he and SSG (b)(6) (b)(7)(C) turned their attention to the fire and began putting it out with dirt they found outside the tent using a trash can they found just outside the tent. SGT (b)(6) (b)(7)(C) stated he observed the bench to be upright, parallel to the window of the tent and about one to two feet away from the wall of the tent. There was a can resting on the ground that was also upright and inches from the edge of the fire that was on the ground. The can was located in a position that placed it between the fire and the E/E with it within inches to the fire. The flames from the fire on the ground were low and contained to the area of burning. The flames reached about bench level. Both fires were put out with dirt; however, the fire on the bench began to smoke and re-ignite. By this time a USAF Security Forces airman arrived and was observing the area when it was noticed the bench was beginning to burn again. SGT (b)(6) (b)(7)(C) moved around the body to the South of the tent and positioned himself at the far end of the bench. The Security Forces airman positioned himself at the end of the bench closest to the entrance/exit of the tent. SGT (b)(6) (b)(7)(C) recalled the Security Forces airman dragging the bench to a position past the extinguished fire on the ground to get the bench away from a pool of blood which would allow SGT (b)(6) (b)(7)(C) to grab hold of the bench and carry it out of the tent. SGT (b)(6) (b)(7)(C) stated once the bench was outside a female Security Forces airman poured water on the part of the bench that was burning, which extinguished it. At that point another Security Forces airman asked SSG (b)(6) (b)(7)(C) to leave the tent and no one was allowed back into the tent until MP's arrived.

About 1435, 20 Jul 05, SA (b)(6) (b)(7)(C) and SA (b)(6) (b)(7)(C) re-interviewed SSG (b)(6) (b)(7)(C) to clarify certain aspects of her original statement. SSG (b)(6) (b)(7)(C) recalled SGT (b)(6) (b)(7)(C) ran into her office and told her there was a fire and a body in a tent. SSG (b)(6) (b)(7)(C) followed SGT (b)(6) (b)(7)(C) to the tent and entered to see an individual on the ground lying next to a bench and two small fires burning. The individual was lying on her left side

with an M16 laying across her left arm, some-what parallel to the body with the muzzle facing up. SSG (b)(6) (b)(7)(C) recalled seeing a can resting upright on top of the bench which was also upright. SSG (b)(6) (b)(7)(C) remembered trying to move the body; however, due to the weight she unable too. SSG (b)(6) (b)(7)(C) stated her attention then turned to putting the fire out, so her and SGT (b)(6) (b)(7)(C) grabbed a trashcan and filled it with dirt and threw it on the fire that was on the ground and on the bench. The fires appeared to be out and a Security Forces airman arrived to check the area when the bench fire started again. SGT (b)(6) (b)(7)(C) and the Security Forces airman grabbed the bench and took it out side the tent. Another Security Forces airman came into the tent and checked the body at which time he told SSG (b)(6) (b)(7)(C) she needed to leave the tent and standby until MP's arrived.

About 1015, 25 Jul 05, SA (b)(6) (b)(7)(C) interviewed PFC (b)(6) (b)(7)(C) 372nd TC, LSAA, SPC (b)(6) (b)(7)(C) roommate, who provided a sworn statement wherein he corroborated SPC (b)(6) (b)(7)(C) statement.

Between 0820 – 0905, 26 Jul 05, SA (b)(6) (b)(7)(C) conducted canvass interviews of the following soldiers assigned to HHD, LTF 129, LSAA:

SPC (b)(6) (b)(7)(C) Room 6, Building 4747, LSAA, who related PV2 JOHNSON was on internet café duty until 1600, 18 Jun 05. SPC (b)(6) (b)(7)(C) stated she last saw PV2 JOHNSON at 1330 on the same day. SPC (b)(6) (b)(7)(C) related she did not hear PV2 JOHNSON enter her room the night of 18 Jun 05, which was unusual as PV2 JOHNSON usually came back to her room around 2400 regularly. SPC (b)(6) (b)(7)(C) stated PV2 JOHNSON often went to visit friends assigned to the 372nd TC after her internet café shifts, but was unsure whether what PV2 JOHNSON did on 18 Jul 05. SPC (b)(6) (b)(7)(C) related PV2 JOHNSON was soft-spoken and appeared “closed in”. When asked to elaborate, SPC (b)(6) (b)(7)(C) related PV2 JOHNSON always wore pants, even with PT uniform, and often wore dark sunglasses.

SPC (b)(6) (b)(7)(C) Room 2, Building 4747, LSAA, who related she only held conversations with PV2 JOHNSON on maybe 4 – 5 occasions. SPC (b)(6) (b)(7)(C) related she never overheard PV2 JOHNSON say a harsh word about anybody, and was typically a happy person. SPC (b)(6) (b)(7)(C) related even when PV2 JOHNSON was aware of other soldiers talking about her behind her back (about physical training), she wouldn't let it bother her. SPC (b)(6) (b)(7)(C) related the last time she was aware of PV2 JOHNSON being in her room was at 1830, 18 Jul 05. SPC (b)(6) (b)(7)(C) believed PV2 (b)(6) (b)(7)(C) was with PV2 JOHNSON. SPC (b)(6) (b)(7)(C) was unaware of any changes in PV2 JOHNSON's behavior as of late. SPC (b)(6) (b)(7)(C) related she heard PV2 JOHNSON had a boyfriend in the 372nd TC, LSAA; however, did not know for sure.

AGENT'S COMMENT: PV2 JOHNSON lived in Room 8, Building 4747, LSAA.

About 1010, 27 Jul 05, SA (b)(6) (b)(7)(C) interviewed SPC (b)(6) (b)(7)(C) who provided a sworn statement wherein he detailed his relationship with PV2 JOHNSON and related the last time he saw her.

About 0910, 30 Aug 05, SA (b)(6) (b)(7)(C) obtained a copy of the AR 15-6 Report pertaining to this investigation from MAJ (b)(6) (b)(7)(C) XO, 4/159th Aviation Regiment, LSAA.

About 1700, 13 Sep 05, this office received the Interim Trace Evidence Report pertaining to the gunshot residue (GSR) kit collected from the victim from the US Army Criminal Investigation Laboratory (USACIL), Forest Park, GA 30297. The report related gunshot residue was recovered; however, the number was considered insignificant.

About 1610, 19 Sep 05, SA (b)(6) (b)(7)(C) coordinated with Mr. (b)(6) (b)(7)(C) USACIL, who related the following reasons an insignificant amount of GSR could be discovered:

1. The weapon itself did not deposit a significant amount of GSR.
2. The timeline from the event and the collection of GSR.
3. If the body was moved.
4. If the hands were rubbed.
5. Any explosion adjacent to the body.
6. If the hands were dirty/soiled. The collection pads would be ineffective once soiled.

Mr. (b)(6) (b)(7)(C) related he was unsure whether heat near the body could effect the collection of GSR. Further, Mr. (b)(6) (b)(7)(C) related the samples submitted to USACIL were soiled.

About 0800, 23 Sep 05, this office received the Final Autopsy Examination Report pertaining to PV2 JOHNSON, which revealed the cause of death as an intra-oral gunshot wound to the head and the manner of death as a suicide.

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

at approximately 0120 on 19 July 2005, Sgt (b)(6) (b)(7)(C) came in the dining room of DFAC 2 to tell me he heard a boom and there appears to be a fire at a tent in the location where the new dining facility is to be built. I knocked on KBE's office door and told (b)(6) (b)(7)(C) there was an emergency. I'm not sure if I went to the back dock to look first or not. (b)(6) (b)(7)(C) and Sgt (b)(6) (b)(7)(C) ran over to the tent to see what was going on. I stayed on the back dock and noticed (b)(6) (b)(7)(C) running towards the DFAC so I took off running toward him. He said there was a body in the tent and a fire. I started running towards the tent and Sgt (b)(6) (b)(7)(C) was running towards me. He said there was a female on the floor and we needed to get her out. We ran toward the tent and inside the tent. I saw the body on the floor, something on fire on the floor and something on fire on the bench. Sgt (b)(6) (b)(7)(C) lifted some form of her body, not sure which part as I bent to lift her feet. I don't recall touching her feet because I saw that her body was sort of limp dead weight when he tried to move the upper half. I wasn't aware of her condition at the time but was afraid she would catch fire as well as the tent so I told Sgt (b)(6) (b)(7)(C) to let's put the fire out. I saw a trash can full of trash, dumped it out and said didn't we run across dirt coming over here. We ran to the dirt, filled the trash can a few times until the fire was out. While dumping the dirt I noticed some form of liquid on the floor and that the person

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

My shift started at 2030 hours to supervised the DFAC 2 we started Feeding at 2330 till 0115. Around 0120 I went to put the radio in our office as I was coming out of the office I heard a boom it sounded like a car back firing or a gunshot and when I turn around I seen flames coming out of the tent. I ran into the DFAC 2 to get Ssg (b)(6) (b)(7)(C) and we got KBR and the tent had flames in it so KBR (b)(6) (b)(7)(C) and I ran over there to check out the tent and I saw some one laying onto the ground through the window. (b)(6) (b)(7)(C) the KBR gun ran back to call security and I ran back to tell Ssg (b)(6) (b)(7)(C) I need help we ran back to the scene and went into the tent we tried to move the body away from the fire but we couldn't. So Ssg (b)(6) (b)(7)(C) and I proceeded to try to put the fire out we had no water so we used sand and dirt to put the fire out. When SF came there was a heret still burning so ~~we~~ we grab it and got it out of the tent. I did touch her arm and weapon trying to move her away from the fire but I just couldn't. I, (b)(6) (b)(7)(C),
 At approximately 0130-0145 Spc. (b)(6) (b)(7)(C) and I had just gotten back to the East side of base after responding to another call. Since we were so close to dfac 2 we went straight to the call. Dispatch gave us the location of "dfac 2" and said "one male pt" and something about "face-down" "small fire". (b)(6) (b)(7)(C) and I were under the impression we would have a smoke inhalation patient. Showing up on scene maybe 3 people were there and since we said we were medics they let us right in the tent. When we walked in the tent I saw a girl laying face up with her weapon and a small fire right next to her. We also saw a lot of blood. As (b)(6) (b)(7)(C) knelt down to check vitals I went to the vehicle to grab gloves and a litter. When I got back (b)(6) (b)(7)(C) had moved her weapon and as I knelt down to check her pulse he said "shes dead" so then we decide to leave the tent and call the MPs. (b)(6) (b)(7)(C)

(b)(6) (b)(7)(C)

A. (b)(6) (b)(7)(C)

Q. Did you touch the weapon or body?

A. I think I touched her arm when I was checking her pulse, but I had my gloves on

Q. Did you detect any signs of life?

A. No.

Q. Did you notice anything near the body other than the weapon?

A. Just the fire and ~~an~~ several cans

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

Around 0300 we heard a call over the net for a fire behind DFAC 2 and a victim laying face down nearby. We were on our way back from a fire on the west side and the call was actually for Thunder, but we were real close so we took the call.

Upon arrival, we pulled up to a small tent outside of DFAC 2. There were 2 or 3 personnel standing outside it and one gentleman standing in the doorway. I went directly up to the gentleman in the doorway and asked where the patient was. He pointed to the far left hand corner of the room.

The room was dark, but I could make out the shape of a body. I ran over to the victim, put my aid bag beside me and knelt down. The first thing I noticed was her weapon and quickly moved it to the side to get it out of the way. Upon taking a better look, I saw that she had massive trauma to the back of the head, where I finally put two and two together that she most likely shot herself thru the mouth. I checked for breathing and pulse immediately which were both absent. From the amount of brain matter and trauma to the head, it was obvious that CPR or further medical care were needed at the time.

While I was assessing the patient, my partner had ran to get a litter. When she arrived with it, there was no use for it. Two or three fire fighters were also in the room to ask if we needed assistance. After a minute or so, the room was cleared out, I left my aid bag and litter in the tent. Everyone that was involved, or had been present at the scene was told to stand by for questioning.

TAKEN AT 19 Jun 105 DATED 0700 CONTINUED

Q: WHAT DID YOU OBSERVE WHEN YOU ENTERED THE TENT?

A: When I first entered the tent, one security forces gentleman was standing in the doorway. Upon entering, there was a strong smell of fire and I noticed a canister on the floor before the patient towards the left side that appeared to have been burned. †

I continued on towards the body. The victim was laying down with her weapon laying across her left fore-arm and the butt of the weapon towards her crotch. Her right arm was laid across her forehead. At first glance it was difficult to see the injury, til I knelt down beside her. At that time, I moved the weapon to the side, noticed severe trauma to the back of the head, and proceeded to check for signs of life. I checked for breathing and pulse, which were both absent.

From the severity of the wounds, there was no reason to attempt any sort of life saving techniques. While I was assessing the patient, my partner had ran to get a litter and returned, as well as 2 or 3 firefighters wondering if we needed assistance. At this point, there was nothing more to be done, and we were instructed to wait for the MP's and CID. When leaving the tent, I left my aid bag and litter besides the patient. Everyone in the tent cleared out and proceeded to wait for further instructions.

Q: WERE YOU WEARING GLOVES WHEN YOU MOVED THE WEAPON?

A: I put on gloves as soon as I saw the patient and was wearing them when I moved the weapon.

Q: WHAT WERE YOUR OBSERVATIONS OF THE VICTIM?

A: My observations of the victim were that she was a mid 20's to early 30's hispanic or African American female. She appeared as if she was sitting up with her legs crossed and fell backwards, laying face up. As far as I could tell, there were no signs of a struggle or marks on the patient.

I met Johnson in March of 2005. We met in Fort Campbell, in the barracks. After we met ~~we~~ me (b)(6) (b)(7)(C) and Johnson always hung out she always was making us laugh. When we were with here there was never a dull moment because we were always laughing at some thing she was doing. Then about a month before we were coming out here she met this guy named (b)(6) (b)(7)(C) (b)(6) (b)(7)(C). They were boyfriend and girl friend. They were fine. Then But he didn't come around that much. People were saying he wasn't the best guy but she was sure she could change him. But he never really changed. Then we left to come out here March 15. When we got to Kuwait she tried to call him then she got him one time I think. Then he stop answering his phone. Then we got here, she call her parents and she tried him again I believe. She seemed to be pretty close to her parents and I am not real sure if she had any brothers or sisters. She has been depressed here lately. Because she found out about a week ago she had (b)(6) (b)(7)(C) and (b)(6) (b)(7)(C). That is when she start talking about killing her self. But she would always come across as joking. She we introduced her to them and she would hang out with them at times if me and (b)(6) (b)(7)(C) had a class. The last time we she got to our room about ~~times~~ 17:30. Then me and Johnson went and got Chow and brought it back to the room. (b)(6) (b)(7)(C) was at work she got there about 18:10 or so because we left for school at 18:30 or so. That was the last time we seen here, is when we left for school. This morning we found out that she was in (b)(6) (b)(7)(C) room. Then he walked her home. half way home. He didn't say what time. I've only knew PVT Johnson for a month, and she was a nice girl. From the time I've known her she would always be smiling, and playing around. Me, Johnson, (b)(6) (b)(7)(C) We all talked about life. But everyone seemed to fine, Johnson would always bring up her ex-boyfriend. She always said that they would get back together. That's all she would talk about. We went to burger King a few nights ago she said her ex boyfriend had a girlfriend but she was still going to make it right. Cause they broke up the wrong way. But she was always smiling when she talked about him. So One day she just up and want to start smoking, and we wanted to know why. She said some of us have things going on in our lives. But she never said what it was. Last night about 2200 was my last time seeing her in Spec (b)(6) (b)(7)(C) room. I asked her had she been smoking, she laugh and said no and that was the last time she said anything to me.

I, PV2 (b)(6) (b)(7)(C) want to make the following statement under oath: Approximately 1 month ago PVT JOHNSON found out she had (b)(6) (b)(7)(C)

(b)(6) (b)(7)(C) (NFI).I Finding that out made her angry, she was emotionally beating herself up for things she did, mistakes she made. She was faithful to SPC (b)(6) (b)(7)(C); she did not sleep around over here. After finding out (b)(6) (b)(7)(C) she began saying she hated her life and she wished she would die. One time, my knife was stuck in my Gerber and she was trying to get it out. I warned her to be careful and not to cut herself and she said she hoped she would and that she would die. About last week, she was trying to call SPC (b)(6) (b)(7)(C) but he wasn't answering her phone, so I called a friend of mine who worked in SPC (b)(6) (b)(7)(C) company and asked him to find out what was going on. When I called my friend back, he told me to tell PVT JOHNSON to stop calling SPC (b)(6) (b)(7)(C) because he found another friend. When I told PVT JOHNSON about SPC (b)(6) (b)(7)(C) she was quiet and then she told me she didn't care and that she knew. I think she cared; she was trying to hide it. She changed from that time, she stopped eating, except for ice cream three meals a day, she withdrew from everyone except me and PVT (b)(6) (b)(7)(C). She said she hates life. On 18 Jul 05, she told me she got an E-mail from her Doctor, where he told her she needed to start treatment (b)(6) (b)(7)(C) and that she needed to be tested (b)(6) (b)(7)(C). She looked like she was going to cry when she told me. She told me real quick because I had to leave for class. I went to her room yesterday between class to get Chap Stick and I was looking at her new Gerber, yesterday after work she left a whole bag of Chap Stick in my room for me. Today I saw her CD case full of CD's and her new Gerber in my room. She did not leave any notes with the chap stick, CD's or Gerber. JOHNSON was always good about saving money; she never spent it on stuff at the PX. I asked her why and she said she was saving it for her family because you never know what can happen. (b)(6) (b)(7)(C)

Q (b)(6) (b)(7)(C)

A. (b)(6) (b)(7)(C)

Q. Did she ever talk about seeing a Chaplin or Mental Health?

A. No.

Q. Did she undergo any major mood changes in the past month?

A. Sometimes. She would be really happy every once in a while. Once I caught her with cigarettes and I asked her what she was doing because she didn't smoke, she said she was going to live life because she may not live that long. This happened last week.

Q. Did she ever talk about hurting or killing herself or just allude to it?

About a month and a half ago I met Johnson through one of friend. When I first met her she was a nice, happy person always smiling, make jokes a good person. Through but the time I got to know her I found out that she didn't eat meat which means to me she care about her ~~body~~ body a lot. I found ~~this~~ this out by asking her to go get something to eat with and our friends. As time past I spent more time with Johnson and got to know her better. We talked about things like past Boyfriend and why guys cheat. She also told me that the first time she had sex one of her boyfriends I'm not sure which one force ~~her~~ her to have sex while he was drunk. But that didn't seem like it stop her from living and being happy. The day I last seen her was when she was working at our Internet cafe. Just another day it seem like. She seemed happy and smiling like always I never seen her sad. That day she even let me stay on the internet longer which was nice of her to do because I'm always on the internet. Well around 1330-1345 I ~~left to~~ ^{was} left to go get ready for work. I spoke to her asked ~~if~~ if she going to come on our side when she got off. and she said yeah she might and smiled at me like always and that's the last time I seen her alive

CRIME SCENE EXAMINATION: Between 0230 – 0720, and 2030 – 2230, 19 Jul 05, SA (b)(6) (b)(7)(C) and SA (b)(6) (b)(7)(C) all of this office, INV (b)(6) (b)(7)(C) and INV (b)(6) (b)(7)(C) both of the Military Police Investigations (MPI) Section, 939th MP Detachment, LSAA, conducted a crime scene examination of the tent located at Grid 38S MC 42483 56555, adjacent to Building 7010, Alabama Street, LSA Anaconda, Iraq APO AE 09391 (LSAA).

N=North, S=South, W=West, E=East, T=Top, B=Base, C=Corner

Characteristics of Scene: The tent was a temporary structure, made of canvass type material, and was brown in color. The floor of the tent was a cement pad. There were numerous construction type materials throughout the exterior and interior of the tent and surrounding area. The South end of the tent was somewhat collapsed. There were numerous areas to access the tent, due to openings within the side flaps. Within the North wall of the tent was a window with no screen. Along the West wall of the tent were numerous bags of nails and other carpentry type items. There was a table near the SE corner of the room. There was an apparent loaded M16 rifle (serial number: 7095028) lying on it's left side, magazine well facing South, and muzzle pointed East. The M16 was between the aforementioned table and a medical litter. The litter was lying upright with its long axis running West to East. Lying to the immediate North of the litter were the remains of PV2 Lavena L. JOHNSON, (b)(6) (b)(7)(C) Headquarters, Headquarters Detachment (HHD), Logistics Task Force (LTF) 129, LSAA. PV2 JOHNSON was lying face up, with her right arm resting across her face. PV2 JOHNSON's head was facing East, and the length of her body was running West to East. The measurements from PV2 JOHNSON's head to the NEBC corner of concrete floor was 4'2", and to the middle of the East edge of the concrete floor was 7'. PV2 JOHNSON's right foot was 12'8" to the NWBC of the concrete floor, and 12'10" to the middle of the West edge of the concrete floor. The space between PV2 JOHNSON's heels measured 1'4". There was a pool of suspected blood adjacent to PV2 JOHNSON's head. From the approximate center of the pool of blood to the middle of the East edge of the concrete floor was 6'7", and to the NEBC of the concrete floor was 4'2". Below the window, along the North wall of the tent, was a pile of dirt. Atop the approximate center of the dirt pile was a mostly burnt Bible. The approximate center of the Bible was 6'2 1/2" from the NWBC of the concrete floor, and 13'5" from the NEBC of the concrete floor. Underneath the dirt pile was found a melted Camelback brand personal hydration system, an identification tag type chain with a key-ring and various keys, a used book of Meal, Ready to Eat (MRE) style matches, and various unidentifiable items. Adjacent to PV2 JOHNSON's right leg was an aerosol can, which appeared to have exploded, as its top was not attached and had charring to its exterior. From the approximate center of the aerosol can to the NEBC of the concrete floor was 12'10", and to the NWBC of the

concrete floor was 7'4". Found under the right leg of PV2 JOHNSON was a 5.56mm shell casing. From the NEBC of the concrete floor to the approximate center of the shell casing was 6'4 3/4", and from the NWBC of the concrete floor to center of the shell casing was 14'4". There was a medical response bag located adjacent to PV2 JOHNSON's feet. On the exterior area of the tent, adjacent to the window was an empty trashcan. Adjacent to the Entrance/Exit (E/E) was a partially burnt bench, which was allegedly originally inside the tent; however, medical and security forces removed it upon putting out two fires inside the tent. Between the bench and the E/E was an aerosol can top, alleged to be from the aerosol can inside the tent. A pack of Marlboro Light cigarettes were located West of the tent.

AGENT'S COMMENT: The litter and medical bag were allegedly brought into the scene by responding medical personnel.

Condition of Scene: During the examination, this office maintained control of the structure. Access was restricted to USACIDC and MPI personnel, and was guarded by MP Patrols. There were numerous carpentry items throughout the interior and exterior of the tent. The interior and exterior of the tent was covered in dust.

Environmental Conditions: During the timeframe of the examination the temperature fluctuated between 85 – 110 degrees Fahrenheit, and the outdoor visibility ranged from dark to sunny.

Factors Pertinent to the E/E: The tent could be accessed through an E/E located within the North wall of the structure; however, as the structure was a tent, access could be gained through numerous gaps within the walls.

Scene Documentation: SA (b)(6) (b)(7)(C) exposed photographs utilizing a Nikon Coolpix 995 digital camera, and SA (b)(6) (b)(7)(C) drafted crime scene sketches.

Collection of Crime Scene Evidence: The following items were collected as evidence during the crime scene examination: One (1) pack of Marlboro Lights cigarettes; one (1) aerosol can top; one (1) bench; one (1) M16, serial number: 7095028; one (1) 5.56mm shell casing; one (1) book, suspected to be a Bible; one (1) gel lifter containing a suspected footwear impression; one (1) aerosol can; and numerous items within the area of the suspected fire. Further, a US Army Criminal Investigation Laboratory Gunshot Residue Kit was utilized on the hands of the victim and collected as evidence.

Search for Latent Impressions: During the conduct of the crime scene examination, one suspected footwear impression was collected as evidence. Some of the above items were

SUBJECT: Trace Evidence Branch - Final Report
USACIL Case Number 2005-CID131-1449
Submitter Case Number 0180-05-CID919-38278

EXHIBITS:

- 2 - Can containing burned paper and ashes (Item 3, Doc 775-05).
- 3 - Open top Isoplus® Oil Sheen Hairspray can (Item 4, Doc 775-05).
- 9 - Paper bag containing burned green material, keys, chewing gum, a partially burned book of matches, burned paper fragments, dirt and debris (Item 12, Doc 775-05).
- 11 - Plastic bag containing burned scrapings (Item 14, Doc 775-05A).

FINDINGS:

1. Examination of the volatile residues recovered from the Isoplus® Oil Sheen Hairspray can of Exhibit 3 disclosed the presence of a heavy petroleum distillate. Analysis of an Isoplus® Oil Sheen Hairspray control standard obtained by this laboratory disclosed the presence of a heavy petroleum distillate as one of its main ingredients. Based on these findings, it is likely that the heavy petroleum distillate detected in Exhibit 3 is residual from the can's original content. Other commercial sources for heavy petroleum distillates include kerosene, diesel fuel, and some charcoal starters.

2. Examination of the volatile residues recovered from the contents of Exhibit 9 indicated the presence of components consistent with those present in a heavy petroleum distillate; however, due to the paucity of residues recovered, the presence of a heavy petroleum distillate in this exhibit could not be confirmed.

3. Exhibits 2 and 11 were examined for the presence of ignitable liquids but none were detected. It should be noted that due to the volatility of ignitable liquids and variations in sampling technique, the absence of detectable quantities of ignitable liquid residues does not necessarily lead to the conclusion that ignitable liquids were not used to accelerate the fire.

4. Two original reports have been produced. These reports were completed at or near the time of the forensic examination(s) and prepared in the ordinary course of business by the undersigned. About 1100, 22 Feb 06, this office opened a Request for Assistance to assist the 37th MP DET (CID) (FWD), Ballad, Iraq, obtain copies of USACIL Reports pertaining to ROI 0180-05-CID919-38278. Coordination was completed with Ms. (b)(6) (b)(7)(C) USACIL who forwarded email copies of the requested USACIL reports and advised the reports would be forwarded via U.S. Mail.

About 0930, 27 Feb 06, coordination was conducted with Ms. (b)(6) (b)(7)(C) (NFI), Army Knowledge Online Representative, Fort Belvoir, VA 22060 to determine if the email account of PV2 L. JOHNSON was still active and if so to freeze the account pending request for records. Ms. (b)(6) (b)(7)(C) acknowledged that PV2 L. JOHNSON's AKO email account had been deactivated on 28 Jan 06 but there were approximately 50 emails in the account and AKO would freeze the account pending proper request for the records.

About 1400, 27 Feb 06, SA (b)(6) (b)(7)(C) coordinated this investigation with MAJ (b)(6) (b)(7)(C) Office of the Staff Judge Advocate Office, Headquarters, United States Army Criminal Investigation Command, Fort Belvoir, VA, 22060. MAJ (b)(6) (b)(7)(C) advised the records in question may be available by a request signed by the MACOM Commander under AR 600-8-4, paragraph 4-11 but she would have to research further.

About 1000, 28 Feb 06, SA (b)(6) (b)(7)(C) coordinated this investigation with Mr. (b)(6) (b)(7)(C) AKO representative regarding the request for records per memorandum format or if a subpoena would be required. Mr. (b)(6) (b)(7)(C) advised AKO utilized the legal services of the Fort Belvoir, SJA office and coordination would have to be made with that office regarding any request for records.

About 1300, 28 Feb 06, SA (b)(6) (b)(7)(C) coordinated this investigation with MAJ (b)(6) (b)(7)(C) who advised she would contact the Legal Representatives for AKO at the Fort Belvoir, SJA office to determine if a memorandum from the MACOM Commander or a subpoena would be required to obtain the records of PV2 L. JOHNSON.

About 0900, 01 Mar 06, SA (b)(6) (b)(7)(C) received email notification from MAJ (b)(6) (b)(7)(C) who provided a copy of a DODIG Subpoena which would have to be completed to request the AKO records of PV2 L. JOHNSON.

About 1000, 02 Mar 06, SA (b)(6) (b)(7)(C) completed the DODIG subpoena requesting the AKO records of PV2 L. JOHNSON.

About 1300, 02 Mar 06, Mr. (b)(6) (b)(7)(C) GS-14, Deputy G3, USACIDC contacted Mr. (b)(6) (b)(7)(C) (NFI), Department of Defense Inspector Generals Office, who advised their office could not support the request to obtain the AKO records of PV2 L. JOHNSON due to lack of a crime and third party privacy act concerns.

This action is closed in the files of this office and no further investigative activity anticipated.

See initial report for details.

Latent Print Division: Please examine items 1 through 4, 6 through 8 and item 10 for identifiable latent impressions and compare against items 13, 14, and 15. Please retain the unidentified latent impressions for comparison against PVT JOHNSON's fingerprints which are being obtained and for future comparison.

Trace Evidence Division: Please examine item 5 for gunshot residue. Please examine items 2, 9 and 11 for accelerants. If accelerant is located please compare to item 3 or identify accelerant. Please examine item 9 and identify any items found. If documents are found please forward to Question Documents for examination.

Serology Division: Please examine item 10 if no latent prints are identified.

Firearm/Toolmark Division: Please examine items 7 and 8 and perform a functions check to determine operational status. Please examine item 6 and determine if item 6 was fired from item 7.
